5. What could go wrong with your plans?

Use this checklist to think ahead about possible problems and how you'd solve them.

Who can I call for emergency advice if things don't work out?:

Discuss your financial plan with your parents or guardians to be sure it's realistic for you.

Your graduation transitions plan requires you to explore personal and career goals during your secondary school years and create a plan for life after graduation. Transition planning is an ongoing process throughout the graduation program years and requires the completion of a transition plan, culminating in a final Grade 12 presentation.

To complete your transition plan for Career & Life & Community Connections *you require the following:*

- A current resume
- A personal reference letter- Ask for this reference at least two weeks in advance of the due date. This unrelated person should be able to comment on your attitude, work ethic (school or otherwise), and responsible behavior.
- A copy of an application to a post- secondary institution.

All of your Grad Transitions, including this document , physical activity log , and work/ Volunteer experience documents are **due April 9th, 2014**
