## FACULTY CUP RACE

M. J. Hays Wins Scratch Cross-Country Race on Five Mile Course in Record Time

The annual scratch cross-country race for the Faculty Cup was held yesterday afternoon. There were no mistakes, no accidents, and every man finished but two, one of whom dropped out through fatigue, and the other because he lost his shoe. M. J. Hays finished first in 37 min. 8 2-5 sec., bettering last year's time by 1 3-5 sec.

The course was the same as that of last year, about five miles in length, starting from the steps of the Gymnasium, running down to Mr. Newton's house, across the golf links to the entrance of Missionary Lane, up past Salem Street and entering Brothers' Field from the rear of Pearson's. The finish was under the east goal post.

At four o'clock the men were ready for the race, in front of the Gymnasium.

The following thirty-two men started the race: M. J. Hays, R. L. Coleman, J. J. McIntosh, J. Kennedy, H. W. Bradley, James A. McBride, S. S. McCulloch, L. M. Gard, H. A. Culver, F. L. Klingbeil, G. H. Hamlin, M. C. J. Hunt, A. L. Williams, G. M. Leslie, F. F. G. Donaldson, E. W. Freeman, A. L. Baur, L. F. Henze, R. D. Gile, A. L. Bradbury, R. M. Demere, H. D. Swihart, J. K. McCormick, F. P. Stewart, P. F. Dempsey, C. E. Gifford, J. L. Barry, W. F. Woodward, W. N. Allen, W. F. Dench. The first ten men finished in the order named.

At 4.10 the race started from the Gymnasium. Hays, the winner of the race, finished tenth for the first lap, while Coleman finished fifteenth on the first lap, and McIntosh finished ninth. At the end of the second round Hays was second man, Coleman, fourth man, and McIntosh, a close fifth. On the last lap the race was a close one between Hays, Coleman, and McIntosh. Hays finished in 37 min. 8 2-5 sec., while Coleman came in 1 3-5 seconds later, his time being 37 min. 10 sec. McIntosh, the third man, was only two-fifths of a second behind Coleman, his time being 37 min. 10 2-5 sec. J. Kennedy finished fourth. Time, 37 min. 15 sec.

## Banjo Club Second Trials

The second trials for the Banjo Club will be held Monday evening at 7.15 o'clock in the Archaeology Building. All those intending to try must hand their names to Leader Kissam, Andover 5, before that time.

## CLASS OF '77 DINNER

As Agreed Upon in June, was Held at Young's Hotel, Boston, Oct. 30, 1907—Good Results

Not satisfied with the successful meeting in Andover, last Commencement, (fully reported in the August Bulletin, and sent to all known '77 addresses) the class of P. A. '77, adjourned its business meeting on that occasion, to some Boston hotel, for a dinner and further business in the fall.

Accordingly, fifteen men, thirteen of the class and two associates; and their three guests, Principal Alfred E. Stearns, and the two former teachers of the class Messrs. D. Y. Comstock, and M. S. McCurdy, making a company of eighteen in all, sat down to a well spread board, at Young's, on the evening appointed. Some were absent, who were present; some were present who were absent in June.

Here, as at the June meeting, the interest was such, and the desire of those present to do something for the school so manifest, that adjournment was finally understood to be: "to the call of the President", and not later than Commencement, 1908. Already some have promised to meet then. And by the way, to help make the next meeting an even greater success, will not every man of '77, who has not done so, fill out and return the data blank promptly? If it has been mislaid, send to D. J. Torrey, Providence, R. I., for another blank.

Since the meeting, Mr. T. T. Thurston, Editor of the *Providence Tribune* of Providence, R. I., toast master at the dinner, and chosen President of the class at the business meeting for a five years' term till June 1912, has appointed a committee on concerted class effort, in aid of the Academy. Mr. Howard P. Haines of Malden, Mass., P. A. '77, Harvard College, '81, is named for, and will accept, the chairmanship. The committee will be completed, and plans reported, at an early day.

As for the dinner, 'twas good to be there." The guests were the feature of the evening.

The fellows gathered in a small cozy parlor, adjacent to the dining room, a little before six o'clock. Much merriment was furnished by the effort of Mr. Comstock, successful in one or two cases, to pass himself off as a bonafide member of the class, "Mr. Jones", or "Mr. Jenkins", don't you know." Mr. Haines exhibited a large number of class and school photographs of the old boys, and Mr. Tyzzer furnished souvenir buttons and

(Continued on Page 6)

## CALENDAR AND NOTICES

### TO-DAY.

1.30—Make-up classes in Borden Gymnasium.

### SUNDAY.

11.45—Discussion Classes in Archaeology Building.

7.00—Society of Inquiry in Archaeology Building.

### MONDAY

3.45—Class football practice.

4.00—Class cross-country race.

5.00—Basketball candidates report in Gymnasium.

7.15—Second trials for Banjo Club.

6.45—Glee Club rehearsal.

### TUESDAY

3.45—Class football practice.

6.45—Mandolin Club rehearsal.

### Class Games Postponed

The class football games which will decide the series have been postponed from this afternoon until next Wednesday. This is done so that members of the team may attend the big games today at New Haven and Cambridge. On Wednesday, 1908 will play 1911 for the championship, and 1909 will have 1911 for their opponents.

### Forum Meeting

The regular meeting of Forum was held last Friday night with the following program:

Debate—"Resolved, That the United States should build and maintain a large navy."

Greely and Dowling spoke for the affirmative, and Woolverton and Barbour for the negative. The votes on the merits of the argument resulted in four in favor of the negative, and one in favor of the affirmative.

Mr. Webster next gave an extemporaneous address upon the presidential outlook for the coming year.

Pratt followed with a select reading.

After Greely had read the minutes of the preceding meeting, the miscellaneous business was attended to. The names of McBride and Ungvary were added to the list of members.

### Tomorrow's Chapel Speakers

Professor Ryder will be the Chapel speaker to-morrow morning and Mr. Stackpole will speak at Vespers.

### Hockey Team Manager

At a meeting of the old men after chapel last Friday. H. B. Wilson of Memphis, Tenn., was elected manager of the hockey team for this year.

## CLASS GAME SERIES

1908 Defeats 1909 in Loose Game on Brothers Field—1910 and 1911 Play no Score Tie Game

The seniors defeated 1909 in a runaway game by a score of 36 to 5, last Wednesday afternoon on Brothers' Field. Through the first half 1909 played a good game and made the first score; but in the second half their playing was very weak and the seniors scored at will. Three of the touchdowns were made on runs half the length of the field. The seniors had several new formations and trick plays which worked well, and showed a great improvement over their game of a week before. All of the 1908 substitutes were put in during the second half. Belford did some pretty goal kicking and only failed in one of his six tries. Several were made at a difficult angle. Captain Burdett punted well for 1909, with Lamson playing best.

### FIRST HALF

Burdett kicked off to Clark, and, after 1908 had made their distance, they tried an on-side kick, which was secured by Beale. Wallace, however, blocked a punt and fell on the ball but 1908 again lost the ball on the on-side kick.

Beale punted and on the next play Seely made a clever tackle throwing Brown for a ten-yards' loss. 1909 secured the ball on downs and then Adams fell on the ball when Belford fumbled a punt. Dives gained 12 yards on an end Dines gained 12 yards on an end formation over Brown's head. 1908 was forced to punt from behind their goal line and Hall, '09, blocked the punt and fell on the ball for a touchdown. Burdette failed to kick the goal. Score, 1909, 5; 1908, 0.

Burdett kicked off to Jones who ran in 15 yards. Dines secured an on-side kick but the ball went to 1908 on downs. Again Beale got the on-side kick and then 1909 was penalized 15 yards because a forward pass hit the ground. Beale punted and then 1908 carried the ball from the 45 yard line to the 15 yard line by two forward passes and an end run by Ambrose. Clark made the touchdown on a forward pass and time was called while the play was under way. Belford kicked the goal. Score; 1908, 6; 1909, 5.

### SECOND HALF

In the second half Finnessy made a touchdown immediately after the kick-off, securing the ball on a blocked kick by Parker. Belford kicked the goal. Score; 1908, 12; 1909, 5.

(Continued from Page 1)

Beale made a touchback on the next kick-off and punted to Belford. 1908 was obliged to punt and Lamson made 12 yards on a straight buck and 10 yards more on a fake punt. The ball was 1908's on downs, however, and Finnessy made his second touchdown on a fake tackle play and a 75 yard run to the goal. Belford kicked the goal. Score; 1908, 18; 1909, 5.

Dines dropped the ball when he was tackled on the kick-off, and Parker fell on it. Belford straight-bucked 15 yards, Clark netted 10 yards on a forward pass and Belford scored 1908's fourth touchdown from the three yard line. He also kicked the goal. Score; 1908, 23; 1909, 5.

The next kick-off went to Beale, who punted on the first play. Brown got the ball on the 45 yard line and ran near the side-line through the whole field for a touchdown. Pittman, who had replaced Clark for 1908, duplicated this performance a minute later and 1909 seemed bewildered. Belford kicked both goals, making the final score: 1908, 35; 1909, 5.

Score—1908, 36; 1909, 5. Touchdowns—Clarke, Finnessy, (2), Belford, Brown, Pittman, and Hall. Goals from touchdown—Belford (6). Referee—Mr. Keep. Umpire—Mr. Poynter. Timer—Mr. Hinman. Linesmen—Tolles and K. Reynolds. Time of halves—20 minutes.

1910 and 1911 fought to a no score tie in the best contested game of the class series last Wednesday.

The Freshmen played a fine game against the leaders of the series and, by holding on their one yard line near the end of the game, showed that they could play together at critical times. Their line was much stronger than in the previous games. They also worked the forward pass for a gain of 25 yards on each attempt. 1910 was handicapped by the absence of their regular backs and various changes in the line. Barndollar and MacDonald were the best for 1911, MacDonald, as usual, supporting the line by his tackles. Eames was the most consistent gainer for 1910.

The game in detail:

#### FIRST HALF

Hopwood kicked off to MacDonald, who, after two line plays had failed, punted to Eames. 1910 could not gain and returned the punt. Barndollar got a forward pass for 25 yards and then 1911 punted. Eames netted 10 yards on an end run but 1910 was obliged to punt as they barely made first down on line plunges. MacDonald circled the end for 10 yards and then a successful forward pass,

Odell to Barndollar, gained 25 yards. Daniels, 10, fell on a fumbled ball, but Odell secured the ball for 1911 again, by getting a forward pass. MacDonald punted and Aney fell on the ball as the first half ended, leaving the score; 1910, 0; 1911, 0.

#### SECOND HALF

The second half opened by Odell kicking off to Eames. 1910 started in to score and with Dryer and Eames on cross-bucks and end runs carried the ball to 1911's 20-yard line, where Hopwood tried a drop kick, but failed. MacDonald punted out to Sheldon and, 1910 by an on-side kick and line plunges, once more brought the ball within striking distance. Hopwood's attempt at a field goal fell short, however, and MacDonald punted out to Eames. Hopwood made 10 yards on a forward pass after an exchange of punts and then 1910, by hammering at the line, carried the ball to within a yard of the goal where they were held as time was called.

1910 1911  
Kelly, Hopwood, re le, Fleck

### A Criticism of the Exeter Game

Recent changes in the football rules have so altered the game that it is now quite possible to observe the playing of the individual. Instead of the heavy-artillery formations which were used, we now see plays which are more like cavalry fighting. This change was demonstrated in our recent game with Exeter.

Perhaps the greatest surprise was the endurance shown by Captain Merritt. His plucky example counted for much in producing the spirit of "fight" which won the day.

It was the passing and kicking of Porter and Aechtler which secured the actual total of points. The fact that Pierce was on hand to secure the ball, and with Rosendale's help, to carry it over the goal line, proved how closely our forwards were following the play.

In covering kicks, the work of Rosendale, Jackson, and Coates was excellent. To fight off an interference and tackle the runner demands the skill of a veteran. Coates did this time after time. That tandem formation which Exeter used looked dangerous. But it was diagnosed and stopped by our three centre men, Large, Pierce, and McDevitt. Some of the aggressive defense which Large displayed suggested all America form.

It is very comforting to feel that ten of these men will return next year. A great team should be developed.

### First Basketball Practice

The first basketball practice of the season will be held in Borden Gymnasium at 5 o'clock Monday afternoon. All candidates are to report. It will not interfere with class football, coming late in the afternoon, and it is desired that a large number report. Capt. Richmond and Belford are the only men of last year's team in school, so that there are three positions to be filled. The first game will be played December 14th and two trips will be made, to Harvard and Brown Universities respectively.

### Inquiry Program

The regular meeting of Inquiry will be held next Sunday evening at 7.00 o'clock in the lecture room of the Archaeology Building. Mr. Stackpole will speak, but the remainder of the time will be occupied with the discussion by the members of the Society, which has proved so successful in the former meetings. All are asked to be present and join in the discussion.

### Philo

Philo held a Mock Faculty meeting last evening in Society Hall, which was well received by many present. Those who took part were:

Principal Stearns—Conroy.  
Mr. Bancroft—Bradley.  
Mr. Poynter—E. H. Williams.  
Mr. Eaton—Coleman.  
Mr. Hinman—Heinze.  
Dr. Page—Allen.  
Mr. Parmelee—Donaldson.

### Pot-Pourri Notes

All men trying for the *Pot-Pourri and Class Book* board, and who have not handed in the advertisements to Foss, Cheever House, to be checked up, must do so at once.

Men who intend trying for the position of art editor of the *Pot-Pourri and Class Book* should see Stiles, Andover 1, at once, in order that the work on the book may be started and turned over to the engravers, as soon as possible.

As there is a money prize awarded by the board to the man getting the greatest number of grinds accepted, the fellows in the school should begin to work in this department at once.

### Student Council

No business was transacted at the first meeting of the Student Council held last Thursday. Another meeting was set for next Tuesday evening, to organize the Council and attend to any necessary business which may come up.

### Mr. Lillard Umpire Today

Coach W. H. Lillard has been appointed umpire for the game between the Yale and Harvard Freshmen teams, which will be played on Soldiers Field this afternoon.

### Musical Club Notes

During the past two weeks the spirit of some men who have been conditionally taken on the combined musical clubs has been extremely poor, as regards attendance at rehearsals. As the annual Fall concert is but three weeks off, all men must attend rehearsals, and learn their pieces. There will be a cut made from each of the three clubs within two weeks' time. If men are unable to attend a rehearsal for any reason, let them notify their respective leaders before hand. Men taking make-ups, should try to get them at times not conflicting with the rehearsals of the clubs.

### Changes in School Buildings

A change has been made in several of the academy buildings for this year. Society Hall in the Academy Building has been made into a recitation room, although Philo still uses it. A new toilet has been installed in the Academy Building. In the Science Building, room 1 in the basement, which was formerly used only for examinations, has been fitted up for recitation purposes and a new room made in the other end of the building. The furnace and boilers have been done away with and the building is heated from the main plant. By utilizing this space and cutting into the chemical supply room, a room has been made to be used for examinations only.

The old track house is also being renovated into a temporary infirmary. A fully equipped infirmary has been promised to the Academy, but will not be available for a year or two. So the track house will be used for contagious diseases and will be made to accommodate twelve patients. The second floor is being partitioned off into two wards for six beds each and the lower floor will be used for a kitchen, nurses' rooms, etc. Hot-water heating is being put in. This will be completed in two or three weeks.

### About Class Cross-Country

The class cross-country race will be held on Monday afternoon at 4 o'clock. Everyone who is in the regular cross-country squad will enter the race, and those who wish to may drop out after the first lap. The course will only include two laps, and the first five men that finish in one class shall make up the class team. The first man that finishes will be credited with one point, the second man with two points, the third with three points, and so on. Then the points of the first five men of each class shall be added up, and the class having the least number of points shall win the race, and be awarded their numerals.

Everyone is eligible for the race except those who have won their "A" or "A A A" at track. The men who enter the race will not be numbered, but everyone shall provide for himself a piece of cloth or paper, with his class numerals on it, to be worn on his back.

ribbon badges, blue and white, with gilt lettering, giving the years 1877-1907, and the Senior Classical motto "Kaios Nicomen", from an old "block", which turned up just in time, in his possession.

Beside the guests, Dr. Arthur C. Jelly, P. A. '78, and associated in Harvard '81, with our '77 Harvard boys, joined us on invitation, as did also Mr. John Noble, now a student in Harvard and the son of Mr Henry H. Noble, classmate, of Essex, N. Y. The other thirteen were Abbott, C. F. Adams, Chase, Haines, Knowlton, Myrick, A. F. Odlin, J. E. Odlin, Stearns, Thurston, Torrey, Tyzzer, and Webster.

A little after seven o'clock the dinner was discussed: coffee and cigars passed round. Then Thurston, the very same T. T. T., as we used to call him, opened the after dinner speeches, by a hearty reference to the old school that "did more for us all", he believed than even college. He next happily introduced the Principal, as "the man at the helm today," with whom the interests of the school and its future are entirely safe."

Mr. Stearns spoke of the *new* Andover, as compared with the *old*: its needs and opportunities; and the share the Alumni were taking, had taken, and might take in helping Phillips reach her ideal of not only preparing men for any and every college in the land well: but in developing the truly democratic Andover spirit and character in every one of her sons. He showed us clearly not only that the Academy is making great progress, but is determined to continue to grow in all that makes true excellence; he made us feel a stronger desire to help him and the school gain these results. He spoke in warmest terms of praise of the present faculty with its recent additions.

Mr. McCurdy brought the same genial and welcome presence to the dinner, that he has always carried in the class room. It seems that he is now distinguished, as the man of all its teachers, who has given the most years of service to Phillips. His stories and references to the old times made them live again that night. He referred with especial tenderness and regard, to George Bliss Rogers, P. S. '77, afterward university "oar" at Yale, and now deceased, as a man whose lovable spirit, fine ability, and physical prowess alike endeared him to all who knew him.

Mr. Comstock delighted his old pupils by a succession of amusing stories of his P. A. experiences and of the boys, as he met them in after life, out in the world. Full of interesting reminiscences, his speech was also not without the serious note of the life, not old but mature, which has come to feel too deeply, to put it into words, something of what the past and the present and "the shadowy future" mean and must mean for us all.

It was a delight to find him so

perfectly well, and by his own statement, entirely recovered from his unhappy experience in Jamaica. For many days, the sound of his voice and the light of his eye, will linger happily with us.

To those who could not attend, it will also be of interest to know that Judge Arthur F. Odlin, P. A. '77, recently has returned from six years' government service in his chosen profession in the Philippine Islands; having previously held an important position in Porto Rico. Judge Odlin gave a most interesting, though brief, account of what had been done for the benefit of the Filipinos in the schools and in the reformed currency; both of which are now thoroughly established. He deprecated the delay of Congress in granting, as to Hawaii and Porto Rico, a freer entrance into trade with the United States. Mr. N. S. Myrick of Boston, regretted that his stay in Andover could not have been longer, and told us how often he had longed and dreamed, as a refreshing thought, when wrestling with other people's troubles, as only a lawyer has to do, of some happy time when fate or fortune would permit him, alone or with others, to equip and endow Phillips Andover Academy in fitting proportion; both to her needs, and to the debt she has laid upon her loyal sons.

After the secretary's report of progress in looking up our missing men, and his reference to the telegrams and letters of regret from those who could not come; the dinner broke up; and the business meeting followed, with the results that Mr. T. T. Thurston was elected Class President for a term of five years, and an informal agreement was reached to organize a P. A. Committee as above reported.

Adjourned to the call of the President not later than June, 1908. Acting scribe, D. D. Torrey, in absence of W. P. Regan.

**Discussion Classes**

The first regular meeting of the Bible Class, discussing the characters of the Old Testament, was held last Tuesday evening. The character taken up was Joesph. Moses will be the next man to be attend the next meeting held at tended the meeting, but several more are desired. All those wishing to join the class are asked to attend the next meeaing held at seven o'clock, Tuesday evening, at Mr. Stackpole's residence, 15 Abbot street.

**Dr. Peabody's Trip Abroad**

Last April, Dr. Charles Peabody, head of the Department, went to France to inspect prehistoric caves and caverns. At Dordone he dug up a number of specimens. At the mouth of the cave at this place there is a good sized hotel. The garden extended back into the cavern itself. It is probably the only place in the world where such unique conditions exist.

Dr. Peabody was elected Vice-President of a Congress at Cologne. He was cordially received by prominent French and German scientists and enjoyed his trip very much. He represented both Harvard University and Phillips Academy at these foreign meetings. Dr. Peabody gave to these various scientists and to the museums copies of the three Bulletins published by the Department and there was general interest in and commendation for the work done here.
