The following calendars are wonderful resources for keeping up with your entire month **at one glance!** Our **2-page spread calendars** contain large daily boxes, giving you plenty of room to write in your appointments and commitments for each day. We have provided you with two styles of these calendars – one **interactive style** and the other a **lined style** (for those of you who prefer to print them out and write on them the old-fashioned way).

If you choose to print out your calendars, you just need to be sure that you hole-punch these pages correctly for placement in your binder. Once you print off both pages, place them **facing** each other so that you see **no** printing on either side and then 3-hole punch the pages. When you place the two pages in your folder, they will open up so that the monthly calendar covers two full pages.

## NEW THIS YEAR! >

We have added **single-page interactive calendars** as well, providing you with even more options for organizing your planner to best meet your personal needs.
