Hello Scouters,

A reminder with a few points regarding Boys Scouts of America medical forms.

- When seeing your doctor for your annual visit, please consider bringing the required Boy Scouts of America Medical forms with you to have filled out by your doctor. You may wish to have parts A, B, and C completed.
- Weekend trips require parts A and B.
- All medical forms submitted must include a copy of the front and back of the individual's insurance card. If you do not have medical insurance, the word "NONE" must be stated on the top portion of Part A where the insurance company name is to be inserted.
- All trips longer than 72 hours (summer camp) and high adventure trips require parts A, B and C. Part D is required for high adventure trips including Philmont Scout Ranch, Florida Sea Base and the Northern Tier. These camps should be contacted directly for specific requirements due to the strenuous nature of the activities taking place there.
- Summer camp requires appendixes as defined by the summer camp in particular. Since Troop 96 has historically attended Onteora Scout Reservation, guidelines published by OSR must be followed for attendance.
- Please make certain the medical forms do have all the required signatures.
- If you are submitting Part C signed and dated by your doctor, please make certain the date provided for participant and/or parent/guardian is the same as the doctor's date on Part C.

Expiration of medical forms are defined by the earliest signature date on the forms.

- Any scout or parent with intentions of attending summer camp or participating in high adventure trips should submit three copies of all required forms.

The medical forms can be found at <http://www.pequott.org/> , select Troop 96 Wantagh from the drop down list on the left, click the tab at the top Forms and finally click Annual Health & Medical Record Form. Another link for the annual medical form is <http://www.scouting.org/filestore/HealthSafety/pdf/whole.pdf> .
