Country :  
Phone :  
Fax :  
E-mail address :

I wish to terminate the SimaPro service contract. I have understood that I will no longer be entitled to service and software and database upgrades, and that I cannot renew the service contract in the future. I understand that after terminating my service contract, the only way to upgrade to new future versions is to purchase a new license at 75% of the list price.

The main reason for discontinuation of my SimaPro service contract is (please tick):

- We do not need upgrades, as we are satisfied with SimaPro as it is
- We do not apply LCA anymore
- We use other LCA software for our LCA's
- We decided to outsource LCA to a consultant service
- We are not satisfied with the service provided by the helpdesk staff
- We are not satisfied with the data and software upgrades
- We would like to continue, but currently have no budget
- Other reasons (please explain):
