I. BUSINESS (Board Action Required)

A. 1. APPROVAL OF MINUTES

For: KIA Regular Board Meeting of June 7, 2012

Mr. Damon Talley moved to approve the minutes of the June 7, 2012 regular board meeting. Mr. Ron Lovan seconded, and the motion carried unanimously.

B. PRESENTATION ON SPECIAL DISTRICTS

Mr. Nathan Cryder, Chief Policy Advisor, from the Auditor of Public Accounts made a presentation to the Board regarding the Special Districts project that was announced by the State Auditor on June 6, 2012. The goal is to inventory the special districts in Kentucky and to answer four basic questions: 1) How many are there in Kentucky; 2) Where are they located; 3) How much money flows through them; and 4) Which ones are in compliance with state law. Mr. Cryder stated there are about 47 different types of special districts ranging from water and conservation, ambulance and volunteer fire departments, to soil conservation. On June 6, 2012, the Auditor's office sent out a survey to approximately 1,160 special districts using a list that was provided to them from the Department for Local Government. They have received a 75-80% response rate from those surveys so far. They also sent surveys to all county judges, county clerks and sheriffs in the state. The Auditor's office has traveled throughout the state to all 15 area development districts to meet with the representatives to the special districts and elected officials. The goal is to redesign the system in a way that is fair for everyone involved. Once all the information is compiled and confirmed, the data will be available for all taxpayers. The goal is to have the project completed by the end of the year.

C. NEW PROJECTS/ACTION ITEMS

1. RESOLUTIONS AND ORDER OF THE BOARD OF DIRECTORS OF THE KENTUCKY INFRASTRUCTURE AUTHORITY HONORING THOMAS P. CALKINS IN RECOGNITION OF DEDICATED SERVICE

Chair Tony Wilder read the resolution into the record before the board. Chair Wilder acknowledged that Tom Calkins served the board with dedication and provided valuable comments and input during his term.

Mr. Ron Lovan moved to approve the resolution. Mr. Damon Talley seconded, and the motion carried unanimously.

2. RESOLUTION AND ORDER OF THE BOARD OF DIRECTORS OF THE KENTUCKY INFRASTRUCTURE AUTHORITY ESTABLISHING FUND A INTEREST RATES FOR THE PERIOD JULY 1, 2012 THROUGH JUNE 30, 2013

RESOLUTION AND ORDER OF THE BOARD OF DIRECTORS OF THE KENTUCKY INFRASTRUCTURE AUTHORITY ESTABLISHING FUND F INTEREST RATES FOR THE PERIOD JULY 1, 2012 THROUGH JUNE 30, 2013

RESOLUTION AND ORDER OF THE BOARD OF DIRECTORS OF THE KENTUCKY INFRASTRUCTURE AUTHORITY ESTABLISHING FUND B INTEREST RATES FOR THE PERIOD JULY 1, 2012 THROUGH JUNE 30, 2013

At this time, Ms. Sandy Williams introduced a new staff member to KIA, John LeFevre, Financial Analyst. Mr. LeFevre had previously worked for the Energy and Environment Cabinet and in finance in the private sector.

Ms. Sandy Williams, KIA, presented the resolutions to establish the Fund A, Fund F, and Fund B interest rates. She also presented a handout referencing the interest rate history for all four loan programs from July 1, 2002 through June 30, 2012. In compliance with state and federal administrative regulations that govern how the Authority is to set interest rates based on the prevailing market conditions, the availability of funds, the demand for financial assistance, and that rates need to be at or below market rate, KIA staff recommended to lower interest rates at this time. The interest rates for KIA Fund A, Fund F, and Fund B loans approved by the Authority during the period July 1, 2012 through June 30, 2013 shall be as follows: the standard interest rate is 2.75%, the first non-standard rate is 1.75% and the lowest non-standard rate is 0.75%, as defined in the 2013 Clean Water and Drinking Water SRF Intended Use Plans. Fund C loan interest rates are not established by the KIA Board but are set at the time of the corresponding bond issuance and are tied to the interest rate of the bonds. An interest rate of 3% is offered to any Fund C loans that are tied to the surplus fund investments.

Mr. Damon Talley moved to approve the three interest rate resolutions for Fund A, Fund F, and Fund B. Mr. George Burgess seconded, and the motion carried unanimously.

3. RESOLUTION AND ORDER OF THE BOARD OF DIRECTORS OF THE KENTUCKY INFRASTRUCTURE AUTHORITY AUTHORIZING ISSUANCE OF A CONDITIONAL COMMITMENT FOR A FEDERALLY ASSISTED WASTEWATER REVOLVING FUND LOAN (A12-30) IN THE AMOUNT OF \$500,000 TO THE CITY OF JENKINS, LETCHER COUNTY, KENTUCKY

Ms. Anshu Singh, DOW, and Ms. Sandy Williams, KIA, presented the project to the Board. The City of Jenkins requested a \$500,000 Fund A loan for the Sewer Main Rehab Phase III project. The loan will be combined with an RD Grant and an RD Loan for a total project amount of \$1,500,000. This project involves the rehabilitation of the sewer collection system in the Dunham area of Jenkins in an effort to reduce excessive inflow and infiltration (I&I) from the collection system. This will involve open cuts, replacement of approximately 13,000 linear feet of eight inch clay pipe, trenchless technologies, chemical grouting and manhole repairs and replacement. The Dunham area is known to have significant wastewater flows that do not correspond to water usage and a number of manholes become submerged during flood events. The area is also believed to have a large number of properties with downspout connections that feed into the sanitary sewer system and the intent is to identify and eliminate as many of these as possible. The project will not be reported for Green Project Reserve funding. The project qualified for additional subsidization of 10% of the loan amount, or \$50,000. The unforgiven balance of the loan is \$450,000 to be repaid in 20 years with an interest rate of 0.75% and an estimated annual debt service payment of \$25,172. Both DOW and KIA staff recommended approval of the loan with the standard conditions.

Ms. Williams explained to the Board that new information will now be added to the Executive Summary sheets which are presented as a part of the credit analysis for each project. The new information pertains to the Project Budget on the summary sheet and will show the RD fee scale percentage for engineering fees. This new information was requested from the members of the Capital Projects and Bond Oversight Committee, who also review and approve projects that request funding from KIA.

A correction will be made to the Credit Analysis on page 57, under Demographics, regarding the interest rate. The interest rate used for this loan should read 0.75%, instead of 1%. A correction will be made to the Resolution on page 51, under Section 2, regarding the name of the project. It should read the Sewer Main Rehab Phase III project.

Mr. Damon Talley moved to approve the Fund A (A12-30) resolution with the standard conditions. Mayor David Cartmell seconded, and the motion carried unanimously.

4. RESOLUTION AND ORDER OF THE BOARD OF DIRECTORS OF THE KENTUCKY INFRASTRUCTURE AUTHORITY AUTHORIZING ISSUANCE OF A CONDITIONAL COMMITMENT FOR AN INFRASTRUCTURE REVOLVING FUND (B12-05) LOAN IN THE AMOUNT OF \$160,000 TO THE EAST PENDLETON WATER DISTRICT, PENDLETON COUNTY, KENTUCKY

Ms. Sandy Williams, KIA, presented the project to the board. The East Pendleton Water District requested a \$160,000 Fund B loan for the Water Tank Refurbishment project. The project is for painting the inside and outside of a 150,000 gallon water tower tank with epoxy paint. The tank will be cleaned and sandblasted with EPA approved inert material and the tank area will be fully contained to ensure that no dust escapes the project area. The project will not require any engineering or ground preparation and will be fully EPA and OSHA

compliant. The term of the loan is 20 years with a 2.75% interest rate and an estimated annual debt service payment of \$10,774. KIA staff recommended approval of the loan with the standard conditions.

Mr. Ron Lovan moved to approve the Fund B (B12-05) resolution with the standard conditions. Ms. Lona Brewer seconded, and the motion carried unanimously, with Mr. Jerry Wuetcher abstaining due to the fact that the loan will have to come before the PSC for approval.

5. RESOLUTION AND ORDER OF THE BOARD OF DIRECTORS OF THE KENTUCKY INFRASTRUCTURE AUTHORITY AUTHORIZING ISSUANCE OF A CONDITIONAL COMMITMENT FOR AN INFRASTRUCTURE REVOLVING FUND (B12-06) LOAN IN THE AMOUNT OF \$548,180 TO THE MARION COUNTY WATER DISTRICT, MARION COUNTY, KENTUCKY

Ms. Sandy Williams, KIA, presented the project to the board. The Marion County Water District requested a \$548,180 Fund B loan for the Highway 84 Water Line Upgrades project. This project is for the replacement of approximately 25,000 linear feet of forty year old four inch water line with a six inch line along Highway 84 in the Raywick area of Marion County. Water demand in the area and beyond it requires a six inch line to provide the necessary pressure and volume. The existing line has been prone to breakage resulting in water outages and boil water advisories when pressure has dropped below mandatory levels. The project ranked fifty-third on the 2013 DWSRF priority list and it is highly unlikely that there will be enough invitation declinations of higher priority projects for it to be invited. The term of the loan is 20 years with a 1.75% interest rate and an estimated annual debt service payment of \$33,700. KIA staff recommended approval of the loan with the standard conditions.

Mr. Damon Talley moved to approve the Fund B (B12-06) resolution with the standard conditions. Mr. George Burgess seconded, and the motion carried unanimously, with Mr. Jerry Wuetcher abstaining due to the fact that the project and the loan will have to come before the PSC for approval.

6. RESOLUTION AND ORDER OF THE BOARD OF DIRECTORS OF THE KENTUCKY INFRASTRUCTURE AUTHORITY AUTHORIZING ISSUANCE OF A CONDITIONAL COMMITMENT FOR AN INFRASTRUCTURE REVOLVING FUND (B12-07) LOAN IN THE AMOUNT OF \$300,000 TO THE SYMSONIA WATER DISTRICT, GRAVES COUNTY, KENTUCKY

Ms. Sandy Williams, KIA, presented the project to the board. The Symsonia Water District requested a \$300,000 Fund B loan for the New Storage Tank, Wells and Treatment Facility project. The loan will be combined with a grant from HB608 in the amount of \$595,000 for a total project amount of \$895,000. The District currently has a treatment building, two groundwater wells, and a 75,000 gallon storage tank. The project will include a new 150,000 gallon ground storage tank, two groundwater wells, a booster pump station and a treatment building. The existing treatment facility and ground wells will be taken off line when the new facilities are completed. The existing tank needs some repairs and may be taken off line temporarily for the repairs. The new groundwater wells will

be pumped through the chemical feed manhole and into the ground storage tank for contact time. The booster pumps will pull from the ground tank and pump it into the system. They are capable of supplying the system and filling the existing tank. The term of the loan is 20 years with a 1.75% interest rate and an estimated annual debt service payment of \$18,443. KIA staff recommended approval of the loan with the standard conditions.

Mr. Damon Talley moved to approve the Fund B (B12-07) resolution with the standard conditions. Mr. Ron Lovan seconded, and the motion carried unanimously, with Mr. Jerry Wuetcher abstaining due to the fact that the loan will have to come before the PSC for approval.

7. RESOLUTION AND ORDER OF THE BOARD OF DIRECTORS OF THE KENTUCKY INFRASTRUCTURE AUTHORITY AUTHORIZING ISSUANCE OF A CONDITIONAL COMMITMENT FOR AN INFRASTRUCTURE REVOLVING FUND (B12-08) LOAN IN THE AMOUNT OF \$358,000 TO THE CITY OF SCOTTSVILLE, ALLEN COUNTY, KENTUCKY

Ms. Sandy Williams, KIA, presented the project to the board. The City of Scottsville requested a \$358,000 Fund B loan for the Spring Valley Sewer Phase II project. The project is for the construction of 2,600 linear feet of eight inch PVC gravity sewer and thirteen manholes on Christian Drive and Jackson Avenue to serve thirty-three new customers. The loan will be combined with a grant from HB1 in the amount of \$358,000 for a total project amount of \$716,000. The term of the loan is 20 years with an interest rate of 0.75% and an estimated annual debt service payment of \$20,026. KIA staff recommended approval of the loan with the standard conditions.

Mr. Jamie Link moved to approve the Fund B (B12-08) resolution with the standard conditions. Mr. George Burgess seconded, and the motion carried unanimously.

8. RESOLUTION AND ORDER OF THE BOARD OF DIRECTORS OF THE KENTUCKY INFRASTRUCTURE AUTHORITY AUTHORIZING ISSUANCE OF A CONDITIONAL COMMITMENT FOR AN INFRASTRUCTURE REVOLVING FUND (B12-09) LOAN IN THE AMOUNT OF \$1,600,000 TO THE CITY OF SOUTH SHORE, GREENUP COUNTY, KENTUCKY

Ms. Sandy Williams, KIA, presented the project to the board. The City of South Shore requested a \$1,600,000 Fund B loan for the acquisition of the assets of South Shore Water Works (SSWW). SSWW is a private water system that is regulated by the Public Service Commission. The owner wishes to retire and the purchase will assure the public of a dependable and affordable finished water supply. All equipment, personal property, real estate, easements, leases and interests in real estate that are owned by SSWW or a separate realty company that is owned by the SSWW stockholder will be purchased by the City. The City will not assume any existing liabilities of the existing SSWW operation. The business was appraised by Raftelis Financial Consultants in 2006. The appraisal was based on an evaluation of the business' ability to generate income, a market review for other water company sales, and an estimate of the asset value of the

business. SSWW was organized in 1954 and serves customers in the City of South Shore and outlying areas of northwestern Greenup and northeastern Lewis Counties. The design capacity of the treatment plant is 920,000 gallons per day and the plant operates at about 50% of capacity. From 2008 through 2011 the customer count was stable at 2,259 while gallons of water sold ranged from a low of 116 million in 2011 to a high of 129 million in 2008. Reported water loss each year was about 15%. Disruptions of water service are typical due to the age of the distribution system. The term of the loan is 20 years with an interest rate of 0.75% and an estimated annual debt service payment of \$89,500. KIA staff recommended approval of the loan with the standard conditions.

Mr. Damon Talley moved to approve the Fund B (B12-09) resolution with the standard conditions. Ms. Lona Brewer seconded, and the motion carried unanimously, with Mr. Jerry Wuetcher abstaining due to the fact that the loan will have to come before the PSC for approval.

9. RESOLUTION AND ORDER OF THE BOARD OF DIRECTORS OF THE KENTUCKY INFRASTRUCTURE AUTHORITY AUTHORIZING AND APPROVING THE ISSUANCE OF OBLIGATIONS OF THE KENTUCKY INFRASTRUCTURE AUTHORITY TO REIMBURSE CAPITAL EXPENDITURES MADE BY GOVERNMENTAL AGENCIES PURSUANT TO LOANS MADE BY THE KENTUCKY INFRASTRUCTURE AUTHORITY TO SUCH GOVERNMENTAL AGENCIES

This is a routine resolution allowing KIA to reimburse expenses that are paid out of the Authority's funds with bond proceeds. The projects listed below are covered under this resolution:

APPLICANT	FUND	AMOUNT
City of Jenkins	A12-30	\$ 500,000
East Pendleton Water District	B12-05	\$ 160,000
Marion County Water District	B12-06	\$ 548,180
Symsonia Water District	B12-07	\$ 300,000
City of Scottsville	B12-08	\$ 358,000
City of South Shore	B12-09	\$ 1,600,000

Mr. George Burgess moved to approve the resolution. Mr. Jerry Wuetcher seconded, and the motion carried unanimously.

II. EXECUTIVE DIRECTOR'S REPORT

Mr. John Covington, KIA, reported on the following items to the Board:

- A. The public meeting for the Draft 2013 Intended Use Plan was conducted on July 12, 2012 and the public comment period will close August 3, 2012. To date, only one comment had been received. The Plan should be finalized in a week and anticipate sending out invitations to the selected projects on the priority list.
- B. Mr. Covington has discussed with board members Damon Talley and Ron Lovan the issues regarding cost based rates. They are still evaluating the issue and how to

proceed; therefore it is still under consideration and will be brought up at a later meeting.

- C. The September board meeting may be canceled due to the fact that staff is closing out last year's funding cycle and invitations for next year's funding cycle have not been sent yet. At the time of the meeting there were no applications to be considered.
- D. There have been discussions from Louisville MSD and Oldham County Environmental Authority regarding the Orchard Grass Regional Wastewater Treatment Project. Louisville MSD is preparing some information for Oldham County Environmental Authority. Oldham County Environmental Authority does not have that information yet. Once they have the information, the loan for that project will be revisited.

III. STATUS REPORT FOR FUNDS A, A2, B, B1, C, F, F2

IV. ANNOUNCEMENTS/NOTIFICATIONS

- Next scheduled KIA board meeting:

WHEREAS, pursuant to the Act, the Authority is duly and legally authorized to make loans to Governmental Agencies for the purpose of providing funds for the construction and acquisition of sanitary sewer facilities, water facilities or other types of infrastructure, and in that regard, to enter into Assistance Agreements with such Governmental Agencies governing the provisions in respect of which such loans are to be made, the amounts thereof and the repayment provisions in respect thereto; and

WHEREAS, the Authority previously approved a Federally Assisted Waste Water Revolving Fund Loan (A12-09) to the City of Barbourville on February 2, 2012, in the amount of \$5,651,270 and the City of Barbourville has requested to increase loan A12-09 by \$1,148,730; and

WHEREAS, the Authority anticipates entering into an Assistance Agreement for a loan from the Authority's Federally Assisted Wastewater Revolving Loan Program (Fund A) with the Oldham County Environmental Authority, subject to final determination of amount when the factors involving such financing have been determined; and

WHEREAS, the Authority will, in the near future, authorize and issue a series of its Infrastructure Authority Revenue Bonds for the purpose of funding loans to various governmental agencies, such series of Bonds to be known as Kentucky Infrastructure Authority Revenue Bonds with the appropriate Series designation; and

WHEREAS, the Authority wishes to establish terms and conditions on said Fund A loans prior to the issuance of Authority Revenue Bonds and recognizes that additional planning and design of the financed projects are required.

NOW, THEREFORE, THE KENTUCKY INFRASTRUCTURE AUTHORITY, ACTING BY AND THROUGH ITS BOARD OF DIRECTORS AS ITS DULY AUTHORIZED AND EMPOWERED GOVERNING BODY, DOES HEREBY RESOLVE AND ORDER, AS FOLLOWS:

Section 1. All statements of fact set forth in the preambles to this Resolution and Order are incorporated herein by reference, the same as if set forth verbatim. All such statements of fact are hereby declared to be true and accurate in all material respects.

Section 2. The Authority hereby authorizes the Amendment of a conditional Federally Assisted Wastewater Revolving Fund loan increasing the amount to \$6,800,000 of project expense including capitalized interest for the construction period, to the City of Barbourville for the Sewer Plant Improvement Project. Such amounts are subject to adjustment by further action of the Authority or may be adjusted by action of the Authority staff at the time of the issuance of bonds based on adjustment in project costs of not more than (10%) ten percent of the project cost authorized by this resolution. Upon satisfaction of all conditions of the commitment, execution of an assistance agreement for this loan is authorized.

Section 3. Principal forgiveness of \$1,200,000 will be deducted from the approved loan amount. The unforgiven principal balance of \$5,600,000 shall be repaid.

Section 4. The unforgiven principal shall be repayable over 20 years at an interest rate of 1.0%. In addition to debt service, a .20% annual administration fee on the unpaid loan balance will be charged. From annual revenues, \$17,000 must be set aside in a borrower held replacement reserve each December 1 until the balance reaches \$170,000 and maintained for the life of the loan. These terms are subject to adjustment upon execution of the loan agreement, upon changes in the project conditions or determination that the project will require authority financing to be done on a taxable basis.

Section 5. This Resolution and Order shall be in full force and effect from and after its adoption at a properly held meeting of the Kentucky Infrastructure Authority this 1st day of November, 2012.

BRIEF DESCRIPTION			
<p>The City of Barbourville is requesting a \$1,148,730 increase to their previously approved request for \$5,651,270 for the Wastewater Treatment Plant Expansion project. Design changes resulted in the addition of a new blower, electrical building along with infrastructure, additional costs for removal and installation of clarifier equipment in the existing clarifier tank, thicker concrete walls due to wet soil conditions near the lagoons, and a change to a liquid lime feed system instead of a dry feed system.</p> <p>This project involves the expansion of the wastewater treatment plant from 1.0 million gallon per day (MGD) capacity to 1.5 MGD. The upgrade will invoice the addition of diffused aeration and baffles inside the existing lagoon system. In addition, the following will be added or replaced: (1) blower and diffused air control system, (2) tertiary nitrification basin with integrated fixed film media, (3) secondary clarifier and flow splitter box, (4) standby generator set, (5) sludge pump station, (6) plant drainage pump station, (7) internal recycle pumps, (8) UV disinfections system (in place of chlorine), (9) post aeration basin, (10) effluent flume and flow meter, (11) emergency effluent pumps, (12) lime silo and feed pumps, (13) chemical feed system (alum and nitrifying bacteria feed) and (14) miscellaneous other improvements to the existing infrastructure and support facilities. The plant is currently operating at 90% capacity during average flows.</p>

**KENTUCKY INFRASTRUCTURE AUTHORITY
WASTEWATER REVOLVING LOAN FUND (FUND "A")
CITY OF BARBOURVILLE, KNOX COUNTY
PROJECT REVIEW
SX21121139**

I. PROJECT DESCRIPTION

The City of Barbourville for the benefit of the Barbourville Utility Commission is requesting a \$1,148,730 increase in a Fund A loan that was previously approved for \$5,651,270 for the Wastewater Treatment Plant Upgrade – Phase I project. Design changes resulted in the addition of a new blower, electrical building along with infrastructure, additional costs for removal and installation of clarifier equipment in the existing clarifier tank, thicker concrete walls due to wet soil conditions near the lagoons, and a change to a liquid lime feed system instead of a dry feed system. The original project description is below.

This project involves the expansion of the wastewater treatment plant from 1.0 million gallon per day (MGD) capacity to 1.5 MGD. The upgrade will invoice the addition of diffused aeration and baffles inside the existing lagoon system. In addition, the following will be added or replaced: (1) blower and diffused air control system, (2) tertiary nitrification basin with integrated fixed film media, (3) secondary clarifier and flow splitter box, (4) standby generator set, (5) sludge pump station, (6) plant drainage pump station, (7) internal recycle pumps, (8) UV disinfections system (in place of chlorine), (9) post aeration basin, (10) effluent flume and flow meter, (11) emergency effluent pumps, (12) lime silo and feed pumps, (13) chemical feed system (alum and nitrifying bacteria feed) and (14) miscellaneous other improvements to the existing infrastructure and support facilities. The plant is currently operating at 90% capacity during average flows.

VII. DEMOGRAPHICS

Based on current Census data from the American Community Survey 5-Year Estimate 2006-2010, the City's population was 3,343 with a Median Household Income (MHI) of \$20,313. The median household income for the Commonwealth is \$41,576. The project will qualify for a 1% interest rate.

VIII. 2011 CAPITALIZATION GRANT EQUIVALENCIES

- 1) Green Project Reserve - This project does not qualify for Green Project Reserve (GPR) funding.
- 2) Additional Subsidization – This project qualifies for additional subsidization in the amount of \$1,200,000 (maximum for any CWSRF project).

IX. FINANCIAL ANALYSIS (See Exhibit 1)

Financial information for Barbourville Utility Commission was obtained from audited financial statements for the years ended June 30, 2007 through 2011. The Commission is a component unit of the City of Barbourville and administers the operations of the Barbourville Water and Electric Company and Barbourville CATV. The financial analysis is for the operating income statement for the sewer component. The balance sheet presented is for the consolidated utility as separate components were not provided.

HISTORICAL

Revenues increased 36% from \$550,196 in 2007 to \$746,545 in 2011 due to rate increases and an increase in penalties. Operating expenses increased 107% from \$532,750 to \$1,171,242 during the same time period. Direct expenses increased 144%

while administrative expenses increased 63%. Maintenance expenses accounted for \$431,000 of the \$540,000 increase in direct expenses. Insurance and compensation costs were the primary components of the admin increase.

The only debt incurred on the sewer system during the period reviewed was a one year note that was taken out in FY2011 to purchase a sewer truck. This loan was refinanced for 10 years in FY2012. The sewer system has had a negative operating cash flow since 2008 with the shortfall increasing from 7% of total revenues in 2007 to 57% in 2011. The electric and water utility operating performance has offset the sewer shortfalls.

The balance sheet reflects adequate liquidity and capacity to assume the additional debt including a drinking water loan (F11-08) for \$2.4 million that was approved in May 2011.

PROJECTIONS

Projections are based on the following assumptions:

- 1) Sewer revenues will increase by the following amounts based on rate increases that were approved in May 2012.

Effective Date	05/01/12	07/01/12	07/01/13	07/01/14
Estimated Dollars	\$105,000	\$470,000	\$253,000	\$231,000
Percent	60%	15%	15%	10%

- 2) Operating expenses and administrative expenses will increase by about 2% annually.
- 3) The replacement reserve for this project is \$17,000 annually.

Based on the above assumptions, the utility will meet the required cash flow with a debt coverage ratio of 1.1 in 2015 when full principal and interest payments begin. Based on the projections, the utility shows adequate cash flow to repay the KIA Fund A loan for the years presented.

REPLACEMENT RESERVE

The annual replacement cost is \$17,000. This amount should be added to the replacement account each December 1 until the balance reaches \$170,000 and maintained for the life of the loan.

WHEREAS, the Kentucky Infrastructure Authority (the "Authority") has been duly created as a body corporate and politic constituting a public corporation and a governmental agency of the Commonwealth of Kentucky pursuant to Chapter 224A of the Kentucky Revised Statutes (the "Act"); and

WHEREAS, pursuant to the Act, the Authority is duly and legally authorized to make loans to Governmental Agencies for the purpose of providing funds for the construction and acquisition of sanitary sewer facilities, water facilities or other types of infrastructure, and in that regard, to enter into Assistance Agreements with such Governmental Agencies governing the provisions in respect of which such loans are to be made, the amounts thereof and the repayment provisions in respect thereto; and

WHEREAS, the Authority anticipates entering into an Assistance Agreement for a loan from the Authority's Federally Assisted Drinking Water Revolving Loan Program (Fund F) with the Adair County Water District d/b/a Columbia/Adair Utilities District, subject to final determination of amount when the factors involving such financing have been determined; and

WHEREAS, the Authority will, in the near future, authorize and issue a series of its Infrastructure Authority Revenue Bonds for the purpose of funding loans to various governmental agencies, such series of Bonds to be known as Kentucky Infrastructure Authority Revenue Bonds with the appropriate Series designation; and

WHEREAS, the Authority wishes to establish terms and conditions on said Fund F loans prior to the issuance of Authority Revenue Bonds and recognizes that additional planning and design of the financed projects are required.

NOW, THEREFORE, THE KENTUCKY INFRASTRUCTURE AUTHORITY, ACTING BY AND THROUGH ITS BOARD OF DIRECTORS AS ITS DULY AUTHORIZED AND EMPOWERED GOVERNING BODY, DOES HEREBY RESOLVE AND ORDER, AS FOLLOWS:

Section 1. All statements of fact set forth in the preambles to this Resolution and Order are incorporated herein by reference, the same as if set forth verbatim. All such statements of fact are hereby declared to be true and accurate in all material respects.

Section 2. The Authority hereby authorizes the issuance of a conditional Federally Assisted Drinking Water Revolving Fund loan for \$4,000,000 of project expense including capitalized interest for the construction period, to the Adair County Water District d/b/a

Columbia/Adair Utilities District for the Downtown Water System Improvements project. Such amounts are subject to adjustment by further action of the Authority or may be adjusted by action of the Authority staff at the time of the issuance of bonds based on adjustment in project costs of not more than (10%) ten percent of the project cost authorized by this resolution. Upon satisfaction of all conditions of the commitment, execution of an assistance agreement for this loan is authorized.

Section 3. Principal forgiveness of 35% will be deducted from the approved loan amount. The unforgiven principal balance of \$2,600,000 shall be repaid.

Section 4. The loan shall be repayable over 30 years at an interest rate of 0.75%. In addition to debt service, a 0.25% annual administration fee on the unpaid loan balance will be charged. From annual revenues, \$10,000 must be set aside in a borrower held replacement reserve each December 1 until the balance reaches \$100,000 and maintained for the life of the loan. These terms are subject to adjustment upon execution of the loan agreement, upon changes in the project conditions or determination that the project will require authority financing to be done on a taxable basis.

Section 5. This Resolution and Order shall be in full force and effect from and after its adoption at a properly held meeting of the Kentucky Infrastructure Authority this 1st day of November, 2012.

I. PROJECT DESCRIPTION

The Adair County Water District dba Columbia / Adair Utilities District (District) is requesting a Fund "F" loan for \$4,000,000 for Phase 1 of the Downtown System Improvements project. The project consists of the installation of approximately 5,400 linear feet (LF) of eight inch and 38,000 LF of six inch waterline to replace existing undersized and asbestos-cement water lines in the Tutt Street Area, the Longhunters Subdivision in the KY Highway 80 East Area and other areas in downtown Columbia. The waterline replacements will affect approximately 1,200 existing customers of which approximately 420 will also have their meters replaced with radio read meters.

The District is regulated by the Public Service Commission, serves all of Adair County and has approximately 7,600 water customers of which 1,600 within the City of Columbia are also sewer customers. In July 2011 the City of Columbia's sewer and water operations were merged into the District. Completion of a merger of the Columbia / Adair County Water Commission into the District is expected in late 2012 or early 2013. The District has operated the Commission's water treatment plant under a negotiated agreement since January 2011.

Based on current Census data from the American Community Survey 5-Year Estimate 2006-2010, the County's population was 18,542 with a Median Household Income

(MHI) of \$29,834. The median household income for the Commonwealth is \$41,576. The project will qualify for a .75% interest rate.

VIII. 2011 CAPITALIZATION GRANT EQUIVALENCIES

- 1) Green Project Reserve - This project qualifies for Green Project Reserve (GPR) funding for \$3,243,800. The breakdown of the GPR to the respective “green” categories is listed below:
 - a. Green Infrastructure - \$0
 - b. Water Efficiency - \$3,243,800
 - c. Energy Efficiency - \$0
 - d. Environmentally Innovative - \$0

- 2) Additional Subsidization – This project qualifies for additional subsidization in the amount of \$1,400,000.

IX. FINANCIAL ANALYSIS (See Exhibit 1)

Pro forma financial information is presented to show the combined financial structure of the District and the Commission. We could not obtain sufficient information from the audits for the District, the City and the Commission to eliminate transactions between them to prepare a meaningful pro-forma historical analysis for years prior to 2011. Financial information for the District and the Commission was obtained from their audited financial statements. Amounts were estimated for the City (their audit was incomplete) for the portion of 2011 that they still owned the sewer and water utilities.

On May 3, 2010, the District entered into an asset purchase agreement to acquire the water and sewer systems from the City of Columbia. The District operated the system under a lease arrangement until the July 21, 2011 merging closing date.

On December 9, 2010, the District and the Columbia / Adair County Water Commission entered into an agreement to merge operations. The District will be the surviving entity after the merger with the Commission. Completion of the merger is anticipated in late 2012 or early 2013. Prior to their merger, the District and the City of Columbia were the only customers of the Commission.

PRO FORMA 2011

Revenues were \$3.6 million in 2011. Water and sewer revenues were \$2.9 million and \$600 thousand, respectively. Other revenues were \$100 thousand. Customer growth averages about 1% per year. Water rates increased 26% in February 2012 which will increase revenues about \$750,000 per year. The increase is primarily to support several capital projects that are in process. Water and sewer operating expenses in 2011 were \$2.2 million and \$600 thousand, respectively, for a total of \$2.8 million. The debt coverage ratio was 0.7 with negative cash flow from operations of \$270 thousand. The sewer operation had about \$174 thousand unfavorable cash flow after debt service while the water operation was \$96 thousand unfavorable.

The balance sheet reflects a current ratio of 0.4, debt to equity of 0.9, days sales in accounts receivable of 30 and one month of operating expenses in unrestricted cash. Reserves are maintained for bond sinking funds, depreciation / repairs and customer deposits.

PROJECTED

Projections are based on the following assumptions:

- 1) Revenues assume customer growth of 1.0% per year and periodic rate increases to offset inflation.
- 2) Sewer rates will be increased prior to the beginning of 2014 to offset the existing expense deficit which is estimated at about \$90,000.
- 3) Expenses will increase 2.5% annually for inflation.
- 4) The cash flow forecast does not assume any additional debt service beyond this proposed loan, previously approved KIA loans and two RD loans (\$595,000 and \$1.2 million) for both District and Commission projects that were in process at the end of 2011.
- 5) A replacement reserve of \$10,000 (on this loan) will be funded annually for ten years.
- 6) Debt service on the new KIA loan will be \$103,444 beginning in 2014.

Debt service coverage is 1.0 in 2015 which represents the first full year of full principal and interest repayments on the loan. Based on the proforma assumptions, the utility shows adequate cash flow to repay the proposed loan.

REPLACEMENT RESERVE

The annual replacement cost is \$10,000. This amount should be added to the replacement account each December 1 until the balance reaches \$100,000 and maintained for the life of the loan.

I. PROJECT DESCRIPTION

The Adair County Water District dba Columbia / Adair Utilities District is seeking to assume \$5,382,821.66 in outstanding Drinking Water State Revolving Fund debt (F06-01 and F10-02) of the Columbia / Adair County Water Commission in anticipation of the merger of the Commission's assets into the District. The merger is expected to close in late 2012 or early 2013.

The District is regulated by the Public Service Commission, serves all of Adair County and has approximately 7,600 water customers of which 1,600 within the City of Columbia are also sewer customers. In July 2011 the City of Columbia's sewer and water operations were merged into the District. Completion of a merger of the Columbia / Adair County Water Commission into the District is expected in late 2012 or early 2013. The District has operated the Commission's water treatment plant under a negotiated agreement since January 2011.

VII. DEMOGRAPHICS

Based on current Census data from the American Community Survey 5-Year Estimate 2006-2010, the County's population was 18,542 with a Median Household Income

(MHI) of \$29,834. The median household income for the Commonwealth is \$41,576. Both loans will retain the original terms in their respective Assistance Agreements.

VIII. FINANCIAL ANALYSIS (See Exhibit 1)

Pro forma financial information is presented to show the combined financial structure of the District and the Commission. We could not obtain sufficient information from the audits for the District, the City and the Commission to eliminate transactions between them to prepare a meaningful pro-forma historical analysis for years prior to 2011. Financial information for the District and the Commission was obtained from their audited financial statements. Amounts were estimated for the City (their audit was incomplete) for the portion of 2011 that they still owned the sewer and water utilities.

On May 3, 2010, the District entered into an asset purchase agreement to acquire the water and sewer systems from the City of Columbia. The District operated the system under a lease arrangement until the July 21, 2011 merging closing date.

On December 9, 2010, the District and the Columbia / Adair County Water Commission entered into an agreement to merge operations. The District will be the surviving entity after the merger with the Commission. Completion of the merger is anticipated in late 2012 or early 2013. Prior to their merger, the District and the City of Columbia were the only customers of the Commission.

PRO FORMA 2011

Revenues were \$3.6 million in 2011. Water and sewer revenues were \$2.9 million and \$600 thousand, respectively. Other revenues were \$100 thousand. Customer growth averages about 1% per year. Water rates increased 26% in February 2012 which will increase revenues about \$750,000 per year. The increase is primarily to support several capital projects that are in process. Water and sewer operating expenses in 2011 were \$2.2 million and \$600 thousand, respectively, for a total of \$2.8 million. The debt coverage ratio was 0.7 with negative cash flow from operations of \$270 thousand. The sewer operation had about \$174 thousand unfavorable cash flow after debt service while the water operation was \$96 thousand unfavorable.

The balance sheet reflects a current ratio of 0.4, debt to equity of 0.9, days sales in accounts receivable of 30 and one month of operating expenses in unrestricted cash. Reserves are maintained for bond sinking funds, depreciation / repairs and customer deposits.

PROJECTED

Projections are based on the following assumptions:

- 1) Revenues assume customer growth of 1.0% per year and periodic rate increases to offset inflation.
- 2) Sewer rates will be increased prior to the beginning of 2014 to offset the existing expense deficit which is estimated at about \$90,000.

- 3) Expenses will increase 2.5% annually for inflation.
- 4) The cash flow forecast does not assume any additional debt service beyond the proposed assumptions, previously approved KIA loans and two RD loans (\$595,000 and \$1.2 million) for both District and Commission projects that were in process at the end of 2011.

Debt service coverage is 1.0 in 2015 which represents the first full year of full principal and interest repayments on the loan. Based on the proforma assumptions, the utility shows adequate cash flow to repay the proposed assumptions.

I. PROJECT DESCRIPTION

The Adair County Water District dba Columbia / Adair Utilities District is seeking to assume \$5,382,821.66 in outstanding Drinking Water State Revolving Fund debt (F06-01 and F10-02) of the Columbia / Adair County Water Commission in anticipation of the merger of the Commission's assets into the District. The merger is expected to close in late 2012 or early 2013.

The District is regulated by the Public Service Commission, serves all of Adair County and has approximately 7,600 water customers of which 1,600 within the City of Columbia are also sewer customers. In July 2011 the City of Columbia's sewer and water operations were merged into the District. Completion of a merger of the Columbia / Adair County Water Commission into the District is expected in late 2012 or early 2013. The District has operated the Commission's water treatment plant under a negotiated agreement since January 2011.

VII. DEMOGRAPHICS

Based on current Census data from the American Community Survey 5-Year Estimate 2006-2010, the County's population was 18,542 with a Median Household Income

(MHI) of \$29,834. The median household income for the Commonwealth is \$41,576. Both loans will retain the original terms in their respective Assistance Agreements.

VIII. FINANCIAL ANALYSIS (See Exhibit 1)

Pro forma financial information is presented to show the combined financial structure of the District and the Commission. We could not obtain sufficient information from the audits for the District, the City and the Commission to eliminate transactions between them to prepare a meaningful pro-forma historical analysis for years prior to 2011. Financial information for the District and the Commission was obtained from their audited financial statements. Amounts were estimated for the City (their audit was incomplete) for the portion of 2011 that they still owned the sewer and water utilities.

On May 3, 2010, the District entered into an asset purchase agreement to acquire the water and sewer systems from the City of Columbia. The District operated the system under a lease arrangement until the July 21, 2011 merging closing date.

On December 9, 2010, the District and the Columbia / Adair County Water Commission entered into an agreement to merge operations. The District will be the surviving entity after the merger with the Commission. Completion of the merger is anticipated in late 2012 or early 2013. Prior to their merger, the District and the City of Columbia were the only customers of the Commission.

PRO FORMA 2011

Revenues were \$3.6 million in 2011. Water and sewer revenues were \$2.9 million and \$600 thousand, respectively. Other revenues were \$100 thousand. Customer growth averages about 1% per year. Water rates increased 26% in February 2012 which will increase revenues about \$750,000 per year. The increase is primarily to support several capital projects that are in process. Water and sewer operating expenses in 2011 were \$2.2 million and \$600 thousand, respectively, for a total of \$2.8 million. The debt coverage ratio was 0.7 with negative cash flow from operations of \$270 thousand. The sewer operation had about \$174 thousand unfavorable cash flow after debt service while the water operation was \$96 thousand unfavorable.

The balance sheet reflects a current ratio of 0.4, debt to equity of 0.9, days sales in accounts receivable of 30 and one month of operating expenses in unrestricted cash. Reserves are maintained for bond sinking funds, depreciation / repairs and customer deposits.

PROJECTED

Projections are based on the following assumptions:

- 1) Revenues assume customer growth of 1.0% per year and periodic rate increases to offset inflation.
- 2) Sewer rates will be increased prior to the beginning of 2014 to offset the existing expense deficit which is estimated at about \$90,000.

- 3) Expenses will increase 2.5% annually for inflation.
- 4) The cash flow forecast does not assume any additional debt service beyond the proposed assumptions, previously approved KIA loans and two RD loans (\$595,000 and \$1.2 million) for both District and Commission projects that were in process at the end of 2011.

Debt service coverage is 1.0 in 2015 which represents the first full year of full principal and interest repayments on the loan. Based on the proforma assumptions, the utility shows adequate cash flow to repay the proposed assumptions.

**A RESOLUTION OF THE KENTUCKY INFRASTRUCTURE AUTHORITY
AUTHORIZING AND APPROVING THE ISSUANCE OF OBLIGATIONS OF
THE KENTUCKY INFRASTRUCTURE AUTHORITY TO REIMBURSE
CAPITAL EXPENDITURES MADE BY GOVERNMENTAL AGENCIES
PURSUANT TO LOANS MADE BY THE KENTUCKY INFRASTRUCTURE
AUTHORITY TO SUCH GOVERNMENTAL AGENCIES**

WHEREAS, the Board of Directors of the Kentucky Infrastructure Authority (the "Authority") has heretofore approved the undertaking of the projects described in further detail in Exhibit A (collectively, the "Project"); and

WHEREAS, the Authority anticipates making loans to governmental agencies pursuant to the provisions of Chapter 224A of the Kentucky Revised Statutes (the "Act") for the Project and the governmental agencies may be expected to pay and/or incur costs with respect to the Project ("Prior Capital Expenditures") on or after the date of this resolution and prior to the issuance of the obligations (the "Obligations") which will finance the Project.

NOW, THEREFORE BE IT RESOLVED by the Board of Directors of the Kentucky Infrastructure Authority as follows:

Section 1. The Board of Directors hereby approves the use of the Obligations to finance the costs of the Project in the maximum principal amount set forth in Exhibit A plus costs of issuance related thereto and amounts required to fund a debt service reserve, if any, and declares its intent that any Prior Capital Expenditures made by the governmental agencies pursuant to loans made by the Authority will be made in anticipation of the issuance of such Obligations to reimburse said Prior Capital Expenditures. This declaration is made pursuant to Treas. Reg. §1.150-2.

Section 2. The Executive Director and Treasurer of the Authority are hereby authorized and directed to reimburse, not later than eighteen months after the later of (i) the date of the expenditure or (ii) the date the item was placed in service, but in any event not later than three years after the original expenditure, only those Prior Capital Expenditures made with respect to assets having a reasonably expected economic life of at least one year, and in addition, eligible preliminary expenditures paid and incurred prior to commencement of the Project.

Section 3. The Authority finds and determines that, consistent with the Authority's budgetary and financial circumstances, it does not have funds currently available and does not expect to have funds available in the future that may be allocated on a long-term basis, other than the proceeds of the Obligations, to finance the Prior Capital Expenditures.

Section 4. The Authority hereby directs the Executive Director, Secretary, and Treasurer to take the following action at the time the Prior Capital Expenditures are reimbursed from proceeds of the Obligations: (i) evidence the reimbursement on the books and records maintained with respect to the Obligations, and (ii) identify either the actual prior expenditure to be reimbursed or, in the case of reimbursement of a fund or account, the fund or account from which the expenditure was paid.

Section 5. The books, records and proceedings of the Authority with respect to this resolution shall be made reasonably available by the Authority for its inspection by the general public at the Authority's administrative office every business day during normal business hours commencing no later than 30 days after the passage of this resolution. Said books, record and proceedings of the Authority with respect to this resolution will continue to be reasonably available to the general public until the date of issuance of the Obligations.

Section 6. This Resolution shall be in full force and effect from and after its adoption.

Passed and adopted this 1st day of November, 2012.
