

**POSTDOCTORAL FELLOWSHIPS IN NEUROSCIENCES**  
**HERBERT H. JASPER FELLOWSHIP**  
**Deadline: January 28, 2011**

The prestigious **Herbert H. Jasper Postdoctoral Research Fellowship** in Neurosciences allows the applicant to undertake a postdoctoral research project with the investigator of their choice within the Groupe de recherche sur le système nerveux central (GRSNC) of the Université de Montréal. Each stipend has a value of **45 000 \$ CAD per year for two years**, plus a travel allowance. The holder of each fellowship will be able to take advantage of the exceptional research facilities of the GRSNC and conduct research on a wide range of topics in the fields of neurophysiology, neuroanatomy, neurochemistry, neuropharmacology, molecular biology and cognitive neuroscience. The applicant should preferentially have obtained his or her Ph.D. no more than 4 years before the start of the fellowship. Applicants who plan to obtain their Ph.D. during the coming year are also eligible, as long as the planned dates of Ph.D. completion and beginning of the postdoctoral fellowship is before October 2011. A list of the members of the GRSNC and their research interests is available at:

<http://www.grsnc.umontreal.ca/membres/membres.html>.

**To apply, the applicant must:**

- 1) complete the electronic application form (available in the GRSNC site at [http://www.grsnc.umontreal.ca/bourse\\_jasper.html](http://www.grsnc.umontreal.ca/bourse_jasper.html) in Adobe Acrobat\* (.pdf) file format).
- 2) provide transcripts of academic records (bachelor's, masters and Ph.D. level, or equivalent).
- 3) ask the proposed supervisor and two additional scientists to send letters of recommendation to the committee.

N.B: THE APPLICATION FORM MUST BE SUBMITTED BY EMAIL. The transcripts must be sent by mail, with a postmark of January 28, 2011 at the latest. Applicants may update their publication list by email until February 28, 2011. *Please note that applicants must fill in all sections of the application form. An incomplete application will have a negative impact during the evaluation process.*
