

St. George's University

Keith B. Taylor Global Scholar Student Understanding of Federal Aid Ineligibility

Due to changes in the US Department of Education (DOE) regulations, effective July 1, 2011, US Citizens and permanent residents of the United States who attend the KBTGSP program will not be eligible to receive USDOE loans throughout their medical education at SGU.

I acknowledge and understand that by matriculating in the KBTGSP should I be in need of financial assistance to meet my educational expenses, private loans would be the only available option and that I would need to meet the lender's eligibility criteria in order to qualify for a private educational loan, and that there is no guarantee that I would qualify for a private loan. I also understand and acknowledge that SGU does not offer any private loans to students who matriculate into the KBTGSP.
