

Mathematics Achievement Academy (MAA) Teacher Application Summer 2011

Experienced Algebra I and Geometry classroom teachers who are proficient in ACCLAIM content and pedagogy are currently being recruited to serve as instructors for the California State University East Bay Mathematics Achievement Academies (MAA). Teachers accepted into this program will teach one Algebra I or Geometry academy, consisting of 20 half days of instruction for approximately 25 students who are transitioning to either Algebra I in Grade 9 or to Geometry in Grade 10. ACCLAIM-developed curriculum will be used. (See next page for a detailed job description.)

Please complete the initial application process electronically via email.

To apply:

- 1. Email your completed application with an updated résumé by February 24, 2011 to Phil Gonsalves at philip.gonsalves@csueastbay.edu or fax it to 510-670-3214. Applications will be accepted until positions are filled. Do not send paper copies.
2. All applicants will be emailed the result of the initial screening of their application by February 25, 2011, and candidates who pass the initial application process will be contacted for an interview. The interview process will include a short writing sample.

Mathematics Achievement Academy (MAA)

Job Description **MAA Teacher**

Mathematics Achievement Academy (MAA) Teacher job duties include, but are not limited to, the following:

- Provide ACCLAIM-developed mathematics instruction to approximately 25 students daily for 20 half-days of instruction during summer 2011
- Implement the MAA ACCLAIM-developed standards-based curriculum
- Work collaboratively with MAA staff, including the MAA coordinators, site facilitators, and California State University East Bay MAA mentors
- Utilize MAA benchmark assessments and adjust instruction based on data
- Work collaboratively with district and site administration
- Attend and support the implementation of MAA Parent University Nights and other support programs
- Complete MAA teaching logs, weekly calendar, and daily student attendance

This job description applies to both MAA Algebra I and MAA Geometry sections.
