No bid will be accepted which contains any changes, additions, omissions or erasures.

The Director of Purchasing for the County of Rockland reserves the right to waive any informality and to reject any or all bids.

Bidder must submit with bid detailed specifications, circulars and all necessary data on items he proposes to furnish. This information must show clearly that the item offered meets all detailed specifications herein. The Director of Purchasing reserves the right to reject any bid if its compliance with the specifications is not clearly evident.

Bids on equipment must be on standard new equipment, of latest model, and in current production, unless otherwise specified. All supplies, equipment, vehicles and materials must meet the provisions of the Occupational Safety and Health Act (OSHA).

All Vendors must comply with provisions of the Toxic Waste Right to Know Law and provide the County with any and all information as required by law.

The prices submitted shall be exclusive of Federal and State taxes and must not include any tax for which the bidder may claim exemption because of doing business with the County.

Prices shall be net, including transportation and delivery charges fully prepaid by the successful bidder to destination indicated in the proposal.

All bids received after the time stated in the Notice to Bidders will not be considered and will be returned to the bidder. The bidder assumes the risk of any delay in the mail or in the handling of mail.

The right is reserved to award bids on individual items or on total sums. Awards will be made to the lowest responsible bidder, as will best promote the public interest, taking into consideration the reliability of the bidder, the quality of the materials, equipment, or supplies to be furnished, their conformity with the specifications, the purposes for which required, and the terms of delivery.

No contract hereunder shall, either in whole or part, be assigned, transferred, conveyed, sublet or otherwise disposed of to any other person, company or corporation unless approval is first obtained in writing from the Director of Purchasing.

Should the successful bidder fail to meet a delivery date required by the specifications, the Director of Purchasing may, at his discretion, cancel the order and terminate the contract. In such event the County will assume no responsibility for any expense or loss to the successful bidder because of such cancellation or termination.

Should any material or equipment delivered fail to meet the specifications, the County Director of Purchasing may, at his discretion require the vendor in writing to replace the same with material or equipment which does meet the specification and, at the vendor's expense, to remove the rejected material or equipment from wherever delivered or stored and in the event that such proper replacement and removal is not made by the vendor within 30 days, to cancel the order and terminate the contract, in which event the County will assume no responsibility for any expense or loss to the vendor because of such cancellation or termination.

The County reserves the right to terminate any contract or award which arises as the result of this bid, for any reason, that is in the best interest of the County of Rockland. Delivery must be made as ordered and in accordance with the proposal and specification.

Placing in the mail of a Notice of Award and/or purchase order to a successful bidder, to the address given in his bid, will be considered sufficient notice of acceptance of contract. The award contract shall bind the successful bidder on his part to furnish and deliver at the prices and in accordance with the conditions of this bid.

The Contractor shall comply with all the provisions of the laws of the State of New York and the United States of America which affect municipalities and municipal contracts, and more particularly the Labor Law, the General Municipal Law, The Workmen's Compensation Law, the Lien Law, Personal Property Law, State Unemployment Insurance Law, Federal Social Security Law, State, Local and Municipal Health Law, Rules and Regulations, and any and all regulations promulgated by the State of New York and of amendments and additions thereto, insofar as the same shall be applicable to any contract awarded hereunder with the same force and effect as if set forth at length herein.

The County of Rockland reserves the right to extend the contract under the same terms and conditions for up to twelve (12) months from date of expiration provided such extension is mutually agreeable to both the County and the Contractor.

DRUG-FREE WORKPLACE ACT OF 1988: All Contractors providing property or services to the County of Rockland valued at \$25,000 or more, or any Contractor participating in a project involving a grant from any federal agency must comply with all aspects of this law.

The Drug-Free Workplace Act of 1988 ("Act") takes effect on March 18, 1989. The Act applies to any federal government contractor providing property or services valued at \$25,000 or more, or any establishment receiving a grant from any federal agency. A covered federal contractor must certify to the contracting agency that it will provide a drug-free workplace.

The Act requires each covered contractor to provide each employee a written statement informing employees that the manufacture, distribution, possession or use of controlled substances is prohibited in the workplace. The statement must specify the actions that will be taken for violations and that as a condition of employment the employee must abide by such statement and notify the employer of any conviction under a criminal drug statute for a violation occurring in the workplace within five days of such conviction. An employer who learns that an employee has been convicted must notify the contracting agency within ten days of receiving notice of the conviction. In addition, the employer must discipline the convicted employee or require him to participate in a drug abuse assistance program. Covered contractors are also required to establish an awareness program informing employees of the dangers of workplace drug use, the employer's drug-free workplace policy, services available for dealing with drug problems and penalties for drug abuse violations. (A covered contractor who is an individual as opposed to a partnership or corporation need only certify in the contract that he will not engage in the unlawful manufacture, distribution or use of a controlled substance.)

A government agency may terminate a contract if the contractor fails to comply with the Act or has so many employees criminally convicted for workplace drug violations that the agency believes the contractor is not making a good faith effort to establish and maintain a drug-free workplace. As used in this Act, the term "contractor" means the person responsible for performing the contract. Since there are presently no regulations on this Act, it is not clear whether the Act will apply to subcontractors and suppliers of federal contractors. The Drug Abuse Policy Office has stated that the contracting agency will determine whether the Act applies to subcontractors.

QUALITY ASSURANCE PROGRAM: Vendor agrees to participate in the County of Rockland's Quality Assurance Program. Vendor agrees to meet with the Director of Purchasing within 72 hours notice to address problems related to product and/or service. Failure to meet with the Director and outline corrective actions will result in repeal of award.

PURCHASES BY OTHER LOCAL GOVERNMENTS OR SCHOOL DISTRICTS

The Rockland County Legislature has adopted the following resolution for the purpose of allowing the following named county and local governments and school districts to make purchases through the County bidding process.

Under the following conditions, the Director of Purchasing may make purchasing services available to the following 36 participants.

1. When, in the opinion of the Director of Purchasing, it will not create a burden or hardship upon the County, and the anticipated prices would not be adversely affected thereby, the Director is authorized upon request by the counties, towns, villages and school districts (participants), to provide in any particular bid specification, that the participants in Rockland, Westchester and Orange Counties shall have the right to make purchases based upon the bids received by the County of Rockland.
2. The Director of Purchasing for the County of Rockland, within the limits of his time and manpower, shall disseminate relevant contract information to the participants.
3. The county, town, village and school district participants will issue purchase orders directly to vendors within the specified contract period referencing the County's contract and shall be liable for any payments due on such purchase orders; and shall accept sole responsibility for any payment due.
4. All purchases shall be subject to audit and inspection by the participants for which made.
5. No officer, board or agency of a county, town, village, or school district shall make any purchase through the County when bids have been received for such purchase by such officer, board or agency, unless such purchase may be made upon the same terms, conditions and specifications at a lower price through the County.
6. All Bidders shall be on notice that as a condition of the award of a County contract, the successful bidder shall accept the award of a similar contract with any of the participants in Rockland, Westchester or Orange Counties if called upon to do so. The County, however, will not be responsible for any debts incurred by the participants pursuant to this or any other agreement.
7. Necessary deviations from the County's specifications in the award of a participant contract, whether such deviations relate to quantities, or delivery points shall be resolved between the successful bidder and the participants.

All inquiries regarding prospective contracts shall be directed to the attention:

INFORMATION TO BIDDERS

OBLIGATION OF BIDDERS

A Contractor shall not plead misunderstanding or deception because of estimates of quantities, character, location, or other conditions surrounding the same. Permission will not be given to withdraw, or modify, or explain any proposal or bid after it has been opened.

The proposal shall specify the costs, in the manner hereafter described for which the items will be supplied according to the specifications, together with a unit price for each of the separate items as called for. Any proposal shall be deemed informal which does not contain prices set opposite to each of the several items for which there is a quantity exhibited in the itemized proposal.

BID SECURITY

Each bid shall be accompanied by a certified check made payable to the County of Rockland in the amount indicated on the attached Affidavit of Non-Collusion. In lieu of such check, the bidder may furnish a bid bond in the same amount, and having as surety thereon a surety company licensed to do business in the State of New York and approved by the County Attorney.

Checks or bid bonds of all formal bidders will be returned after the contract has been executed.

AWARD OF CONTRACT

Award of contract will be made to the lowest responsible qualified bidder whose proposal shall comply with all of the provisions required to render it formal. The County or the Director of Purchasing reserves the right to waive any informality or to reject any or all proposals and may advertise for new proposals, if the best interest of the county will be served. The County or the Director of Purchasing may require any or all bidders to present evidence of experience, ability and financial standing as well as a statement as to the equipment which the bidder will have available for the executing of this contract. The county reserves the right to award this contract either on an item-by-item basis or as a total award of all items in combination.

EXECUTION OF CONTRACT

The bidder whose proposal is accepted will be required to execute the contract and furnish bonds and evidence of insurance within five days from date of Notice of Award, if required. In case of failure or refusal on the part of the bidder to enter into contract or to furnish bonds, if required, within the set period, the amount of deposit may be forfeited to the county and the contract may be awarded to the next lowest responsible bidder. Upon the execution of the contract and approval of the bond, the deposit will be returned to the proposer. The deposit of persons other than the one to whom award of contract is made will be returned to the person or persons making the proposal immediately after the contract and bonds have been executed.

NONRESTRICTIVE USE OF BRAND NAME OR EQUAL SPECIFICATIONS

The use of a brand name is for the purpose of describing the standard of quality, performance, and characteristics desired and are not intended to limit or restrict competition.
