**Dispatch**

Desi-sjs@qwestoffice.net

**Accounts Payable**

Brandy-sjs@qwestoffice.net

We have been in business over 20 years and during that time we have grown from 1 truck to 20 and added a Brokerage Division. We pride ourselves in being the best. Our on-time delivery is 100%. Our trucks are all equipped with cell phones and drivers are available 24 hours a day as are our dispatchers. Because we are small we are able to track our trucks and freight very efficiently. SJS is committed to their customers and strives to be the best in what we do. If you have a special need we can work with you to make sure that need is met. We have expedited teams for faster delivery and clean well maintained equipment.

We haul not only out of Idaho but throughout the entire United States. We offer competitive rates and we also have a brokerage department to help with any logistical needs that you may have. Please feel free to check our references and give us a call if you require more. Because we are small we are much more dedicated to our customers. It is important to us that each and every load of freight has met the high standards that our company has been built upon.
