#### ***Descriptions:***

*The School of Ministry* program includes the foundational teaching necessary for all who feel called into ministry on any level. Curriculum includes pastoral ministry, youth ministry, children's ministry, the business side of ministry, public speaking, marriage in ministry, missions and much more.

*The School of Worship* program will equip and prepare you with the necessary items to live the call to worship. At Charis this looks like course work in Theology of Worship, Music Theory, Song Writing, Music Lessons, Bible Doctrines, Relationship with God and more.

*The School of Media* program will get your hands on the tools that are changing the world! CBC media ministers will learn to create newsletters, websites, photographs, videos, email and other powerful communications that will increase the bottom line for the ministries they serve. More income means more ministry!

*The Ministry Training Program provides specialized training in the School of your choice for the first two hours of each school day; the last two hours of class time, all third-year students will come together for general ministry training.*
