DRIVER EMPLOYMENT VERIFICATIONS

We are now processing all driver employment verification requests electronically. To make a request, please go to the website and complete the sign up form.

https://dashboard.tenstreet.com/company_signup

After you sign up, you will receive an email with a username, password and instructions about how to get started.

If you are a 3rd party vendor, please sign up with your corporate name and list which of your clients you are verifying on behalf of (ex: Tenstreet on behalf of Sam's Trucking).

If you are already a Tenstreet client, the request method will automatically default to "network" (instead of fax, phone, etc.), please do not change it.

Please note, if a driver worked for Veriha Trucking multiple times, a request will have to be submitted for each time period.

If a driver's signed release was faxed, the copy will be kept on file; therefore, another copy is not necessary.

Thank you!
