*** This fee applies if the Amendment is submitted on or before the 10th of the month following the import date. If submitted after, the Duty and Tax Amendment applies instead.

**** This fee may apply when the included documents are missing critical information and a telephone call or other form of communication is required to obtain the correct information. Examples of missing information include poor descriptions, no country of origin, missing quantities, etc.

† Free – When UPS Customs Brokerage handles your imports, there is no Entry Preparation Fee for routine customs clearance of UPS Worldwide Express Plus, UPS Worldwide Express, UPS Worldwide Express Saver and UPS Worldwide Expedited shipments, including up to five classification lines. Charges may apply for more complex customs clearance procedures.

Duties and Taxes

- The Importer of Record is responsible for paying duties and taxes.
- Duties and taxes are determined and applied by the country in which the goods arrive.
- All shipments being imported are subject to inspection by the CBSA or other government agencies.
- Specific documentation is required for international shipments:
 - Most countries do not charge duties or taxes for letters or documents, and no Commercial Invoice is required if “Documents Only” is written on the shipping waybill.
 - For any other commodity being shipped, three copies of a Commercial Invoice describing the contents and value of the shipment and the country of origin of the goods must be attached to the shipment.
 - Use UPS Paperless® Invoice to provide commodity-level invoice data through electronic upload to UPS, eliminating the need to attach Commercial Invoices.
- If you are importing goods into Canada, ask your shipper to provide the applicable NAFTA Certificate of Origin so the goods will be rated at the lowest possible rate allowed under NAFTA Rules of Origin (if applicable).

UPS Customs Brokerage can still handle your imports without a UPS Importer Account Number, but all amounts owing on the import (freight charges, duties and taxes, customs brokerage fees – as applicable) will be payable C.O.D. when UPS delivers the imported shipment to your door. In addition, you’ll be charged an additional C.O.D. Fee for collecting these import charges upon delivery.

With a UPS Importer Account, all your import charges will be billed directly to your account and no C.O.D. Fee will apply.

Customs Brokerage Service

- Customs brokers are licensed by the CBSA in customs clearance procedures and are employed to act on the importer’s behalf.
- In Canada, the Importer of Record must officially designate a customs broker by signing a General Agency Agreement, giving their customs broker Power of Attorney to act on their behalf. UPS must be selected as the designated customs broker for our guaranteed service to be applicable.
- The customs brokerage fees that may apply to a shipment fall into three main categories:

Entry Preparation Fees

This process involves checking the Commercial Invoice submitted with the goods and completing entry preparation procedures required by the CBSA, including calculation of the applicable duties and taxes for each type of commodity included in the shipment. A fee may apply for this service.

Bond Fees

For customer convenience and faster customs release, UPS will post a bond to allow shipments to be released in advance of payment of duties and taxes to the CBSA. A fee of 2.7% (minimum \$6 on UPS Standard®; minimum \$10 on UPS Worldwide Express

Plus®, UPS Worldwide Express®, UPS Worldwide Express Saver® and UPS Worldwide Expedited®) of the amount advanced by UPS will be charged in addition to any Entry Preparation Fees. Bond Fees can be avoided by selecting certain UPS payment options – call 1-800-Pick-UPS® for details.

Additional Fees

Depending on the shipment and the services required by the customer, various other customs brokerage services and fees may apply. See the “Customs Clearance Rates into Canada” section on [page 59](#) or call 1-800-Pick-UPS for details.

the 10th of the month following the import date. If the error is identified after the 10th of the following month, a Duty and Tax Amendment must be completed. A fee applies for this service.

Customs Brokerage Services

- Customs brokers are specialists in customs clearance procedures and are employed to act on the customer's behalf.

- U.S. Customs and Border Protection policy changes require U.S. importers to provide additional information:

When such payment is made, the customs broker claims reimbursement from the customer for the duties and taxes paid on their behalf, plus a service fee (Bond Fee) on the funds paid. Bond Fees can be avoided by certain UPS payment options – call 1-800-Pick-UPS® for details.
 - Additional Fees**
Depending on the shipment and the services required by the customer, various other customs brokerage services and fees may apply. See the "Customs Clearance Rates into the U.S." section on [page 61](#), or call 1-800-Pick-UPS for details.
