Peer Practice Assessment Evaluation

The BC Methadone Maintenance Program's peer practice assessment process is intended to be educational and helpful and, as such, we are interested in your feedback in order to refine the process and make it as beneficial and collegial as possible. Please take a moment to provide us with your valuable comments.

Please describe two particularly strong or positive features of the peer practice assessment process:

1. _____
2. _____

Please describe two less helpful aspects of the peer practice assessment, if applicable:

1. _____
2. _____

What impact has the peer practice assessment experience had on your practice to date?

If you have not changed your practice, why not? Please list any barriers to change.

What further changes do you intend to make?

What types of clinical situations are you still unsure how to address?

What recommendations or any other comments do you have, if any, about changing the peer practice assessment process?

Thank you for your feedback and suggestions.
