Custodians/Trustees:

COVID-19 and the enactment of the SECURE Act and the CARES Act mandates many law changes, including IRA changes. Certainly, IRA forms must be updated. Using outdated forms is to be avoided for many reasons. If your institution has not yet decided to use electronically generated forms versus print versions you need to make this change if you want to offer quality service in a cost effective manner.

2019-2020 IRA amendments will need to be furnished on account of the SECURE Act and the CARES Act. The change in the IRA beneficiary rules, the waiver of all 2020 RMDs, and other changes must be explained to existing IRA accountholders and beneficiaries.

We exist to help you service your customers with respect to IRAs, Roth IRAs, 401(k)s, HSAs, and other tax preferred plans. National law makers have enacted many laws to encourage individuals to save for their retirement and health needs. These laws give individuals significant tax-advantages, but they are complicated. Our forms and other products are designed to inform individuals, IRA personnel and HSA personnel.

Our IRA/HSA FormSystem™ gives a custodian/trustee many increased capabilities allowing you to perform your IRA/HSA duties more professionally and with less liability. You have access to all of the IRA forms and HSA forms you might need including many specialty forms for situations which occur infrequently. Use of electronic forms eliminates the need for paper inventory. All forms are updated as necessary to remain in compliance, and a compliant form is always at your fingertips.

Give your personnel and customers an understanding of IRAs and HSAs. Choose from over 25 topics of informational brochures that summarize important tax rulings and regulations. Provide distinct information to your customers or keep handy to jog your memory on specific subjects. Available in print and e-version for distribution or to post on your website.

CWF offers numerous IRA and HSA webinars to allow training at your location.

Retaining an excellent consulting firm is certainly a must today. There is much to know about IRAs, pension plans, HSAs, CESAs, etc. We know to ask the questions your personnel may not understand should be asked. Our primary goal is to allow your institution to minimize its potential liability with respect to its IRA, pension plan and HSA transactions.

CWF certainly wants to be your primary consulting firm. Many financial institutions fail to understand that many times it is cost effective to have a second consulting firm.

Peruse our catalog for all of the products and services that we offer. Email or call with your order today.

Sincerely,

James M. Carlson
President/Attorney

IRA FormSystem™ Software

Windows® Based Forms Completion Software

CWF has developed comprehensive software products to allow a financial institution to establish and administer IRAs, CESAs, HSAs, and other tax-preferred accounts. Now updated for the SECURE Act and CARES Act.

More and more financial institutions are using electronic plan agreements and administrative forms. Doing so:

- Eliminates the headaches of maintaining inventories of print forms;
- More specialty forms are available;
- When the forms need to be revised as a result of a law or regulatory change, such edits are easily implemented; and
- Timely updates are furnished via the internet to ensure that your institution has the most current forms and is in compliance with IRS requirements and the requirements of other regulations.

Our FormSystem™ software is an excellent product furnishing you the tools to be compliant. All administrative topics are covered – opening an account, beneficiary designations, truth-in-savings, contributions, rollovers, distributions, excess contributions, recharacterizations, substantially equal periodic payments, required distributions, transfers, etc.

You are authorized to use the CWF software on an unlimited number of computers, and you are allowed an unlimited number of users.

The System Administrator can define specific forms employees will have access to.

Forms are selected from this simple screen

The screenshot shows a software interface with the following sections:

- Current Accountholder:** SSN 123-12-3133, Public, Jane, 17301 State hwy 371, Brainerd, MN 56401
- Form Processing:** Radio buttons for 'Create New' (selected) and 'Modify Existing'. Checkboxes for 'Print Institution Name/Address' and 'Print Customer Information'.
- Select Plan Type:** Radio buttons for 'Traditional IRAs' (selected), 'Roth IRA', 'SIMPLE', 'Coverdell Education Savings Account', 'Simplified Employee Pension - SEP', 'Qualified Plan', 'Health Savings Account', and 'Medical Savings Account'.
- Select Form Purpose:** Radio buttons for 'Account Opening' (selected) and other options.

The FormSystem™ is supported by all versions of Windows and other network operating systems. The system can be installed on LAN and WAN systems, and even allows for custom installations on WAN systems to maintain operational speed and data integrity.

Interfaces can optionally be accepted from and directed to virtually any host system. All interfaces are customized and will be quoted on an individual basis.

Be certain your personnel have the forms needed to properly service your IRA, SEP, SIMPLE, CESA and HSA customers.

IRA FormSystem™ Software

CWF's IRA FormSystem™ software contains more than 200 essential and specialty forms for Traditional IRA, Roth IRA, SEP-IRA, and SIMPLE-IRA. An HSA FormSystem™ is also available as is a CESA FormSystem™

The system maintains full retention of the information which is entered.

The user can create a template for every form, for more efficient use. Default values for every field on every form can be maintained.

The IRA FormSystem™ also performs basic compliance checking at entry time to help ensure that forms are completed correctly the first time. Data from your host system can optionally be downloaded to the FormSystem™ to eliminate the re-entry of information.

Create reports summarizing the forms created, categorized by user, form, or customer with IRA FormSystem™.

Optionally Interfaces can be accepted from and directed to virtually any host system. All interfaces are customized and will be quoted on an individual basis.

Amendments

Imprint your institution's name/logo and address

An IRA (i.e. the plan agreement) is a special type of revocable trust. There are special tax benefits associated with each type of IRA. An IRA can also be considered to be a special type of contract. We recommend "imprinting" your amendments because it should be very clear who furnished this amendment to an IRA accountholder or an inheriting beneficiary.

IRA Amendments 2020-2021

An IRA custodian/trustee is required to furnish a revised or an amended IRA plan agreement and/or IRA disclosure statement to existing IRA accountholders whenever new laws are enacted or the IRS adopts changes either by regulation or other guidance. It is important IRA owners and HSA owners understand their rights and opportunities under current laws.

The law changes made by the SECURE Act (December 20, 2019) and the CARES Act (March 27, 2020) are covered and explained.

In Notice 2020-68 the IRS discussed the IRA custodian's/trustee's duty to furnish an IRA amendment. IRS regulation 1.408-6(d)(4)(C) states, "(C) If the governing instrument is amended after the account, annuity, or endowment contract is no longer subject to revocation pursuant to subdivision (ii)(A) or (B) of this subparagraph, the trustee or issuer shall not later than the 30th day after the later of the date on which the amendment is adopted or becomes effective, deliver or mail to the last known address of the benefited individual a copy of such amendment and, if such amendment affects a matter described in subdivisions (iii) through (viii) of this subparagraph, a disclosure statement with respect to such matter meeting the requirements of subdivision (iv) of this subparagraph."

Which IRA Amendment to Use?

Depending on your current IRA plans, you will need either a comprehensive amendment, or a disclosure statement amendment. We can help you decide which is needed.

The Disclosure Statement is primarily to be used by an institution not using CWF's IRA plan agreement forms. This amendment does an excellent job of explaining the 2020/2021 tax rules applying to IRAs.

You need to send the appropriate amendment (custodial, trust or custodial/self directed) for each IRA agreement for which you serve as the IRA custodian/trustee. There are amendments for traditional IRAs, Roth IRAs and SIMPLE-IRAs.

Comprehensive Amendment: Form 75 (40-page booklet, 4" x 8 3/4" finished size for easy mailing in a standard #10 business envelope.) This amendment is comprised of the IRS Model Form 5305-A or 5305 as modified by CWF and an entire disclosure statement, except for a financial projection.

Form 75-T is for the traditional IRA, Form 75-R is for the Roth IRA, and 75-S is for the SIMPLE-IRA. Check the proper box on the next page to indicate if you have Custodial, Trust or Custodial Self- Directed Agreements.

Disclosure Statement Amendment: Form 73 (30-page booklet, 4" x 8 3/4" finished size for easy mailing in a standard #10 business envelope.) This amendment is a totally updated Disclosure Statement. It sets forth the entire disclosure statement (except for a financial projection) as updated for new legislation.

Form 73-T is for the traditional IRA, 73-R is for the Roth IRA, and 73-S is for the SIMPLE-IRA.

Version #1: Contains the two mandatory items. The actual RMD amount is to be filled-in, and it indicates that the person's deadline is either December or April, depending on accountholder's birthdate.

Version #2: Same as version #1 except the IRA custodian will check a box to indicate if the person's deadline is December or April.

Version #3: Same as version #2 except the statement references that a Form #64 is enclosed and may be completed and returned to the custodian.

Version #4: Same as version #3 except the accountholder is told to call the bank or access a web address to obtain the payment instruction form.

Version #5: Same as version #3 except the form also contains the withholding reminder information. This version should only be used for distributions.

Version #6: This version is completely different from the first five versions. The accountholder is notified that he or she is subject to the RMD rules, but the accountholder must call the custodian to be informed of the RMD amount and applicable deadline.

Version #7: This RMD notice is sent to an inheriting IRA beneficiary. The RMD amount to be completed. The beneficiary is informed he or she will owe a 50% tax unless the RMD amount is withdrawn before the deadline.

Version #8: RMD notice for inheriting beneficiary. Previous election of the 5-year rule will cause accountholder to owe an excise tax unless the inherited IRA is closed by December 31 of the year which contains the fifth anniversary of the IRA accountholder's death.

SEP IRAs

#700 – IRS Form 5305-SEP – Standard SEP Plan (2-part carbonless)

The IRS has provided a model form which employers (including a one-person business) may use to establish a SEP plan. Using this form is an easy way to establish a SEP. (This plan does not allow for integration.)

#702 – Service Agreement for SEPs (2-part carbonless)

The use of a SEP Service Agreement is highly recommended. This Service Agreement communicates very clearly that your financial institution will simply be the depository for the contributions; it will not serve as the plan administrator. The employer or the employer's accountant must bear these duties.

#170 – SEP, Simplified Employee Pension Plan (brochure)

A SEP Plan would be a very attractive pension plan alternative for many small businesses if they only knew about the SEP rules. The essentials are provided by this brochure.

The SEP-IRA Prototype Plan

Many employers would benefit by adopting the SEP-IRA Prototype Plan offered by CWF. The prototype plan is written to provide an allocation formula which permissibly allows integration with Social Security. This allows a larger contribution for the owners and other highly-compensated employees. Please call us if a SEP prototype is what is needed.

SEP IRA Forms

In order for a business to establish a SEP plan, it must adopt a SEP plan agreement. This agreement may either be the IRS' SEP model forms or a SEP prototype.

SIMPLE-IRAs

A Small Business Advantage

A SIMPLE (Savings Incentive Match Plan for Employees of Small Employers) IRA plan offers great advantages for businesses with no more than 100 employees who earned \$5,000. It is a simplified version of a 401(k) plan. Your financial institution can provide business owners and their employees with a simplified way to contribute toward retirement. A SIMPLE-IRA Plan reduces taxes and, at the same time, helps to attract and retain quality employees. By handling most of the details, your financial institution can offer a retirement plan that is simpler to operate with lower start-up and annual costs. A one-person business in some situations will benefit by sponsoring a SIMPLE-IRA plan.

CWF has several products and services that are specialized for servicing SIMPLE-IRA customers.

SIMPLE-IRA Consulting \$130

Our Toll-Free Consulting Hotline provides immediate, reliable answers to vexing technical questions and gives you unlimited access to our experienced attorneys and pension specialists. Whether it's a customer question, technical interpretation or an internal administration problem, the compliance solution is to dial the pension specialists.

SIMPLE-IRA FormSystem™ Software \$199

CWF's specialized SIMPLE-IRA FormSystem™ software contains essential and specialty forms for SIMPLE-IRAs. The system maintains full retention of the information while performing basic compliance checking to help ensure that forms are completed correctly. Several features are included for efficient use and accuracy. The FormSystem™ is supported by all versions of Windows and other network operating systems.

SIMPLE-IRA Printed Forms and Lobby Brochure

See the following list of forms that includes the SIMPLE-IRA Plan Agreements and administration forms. CWF has also created a SIMPLE-IRA (#118) informational brochure that can be provided by a financial institution or used by the business customer to share details with employees.

Roth IRA Conversion

Increase Roth IRA conversion activity with informational brochures

Don't wait for customers to come to you with questions. Inform them on their possibility for tax savings. Equip your IRA personnel with the information that they need to answer questions and assist with conversions. Many individuals will find converting a traditional IRA to a Roth IRA very attractive for tax savings.

Consider a series of informational brochures for a mail or email campaign

#104

Why Should I Consider Converting My Traditional IRA into a Roth IRA?

#104-A

Now is the right time to convert to a Roth IRA

#104-B

Convert now for a tax-free future

#104-C

Realize Tax-Free Income After a Roth IRA Conversion

We suggest furnishing CWF #104 brochures to your existing IRA accountholders or to inform clients who may have IRAs with another IRA custodian that you are ready and able to help them with their IRA conversion. Use CWF Administrative forms for proper documentation.

Your institution may purchase a license for these brochures (i.e. the copy of the brochure) to use or modify as you wish. The license fee is \$65. Or, you may purchase printed brochures. See the attached order form.

Subject: Election to convert a traditional IRA to a Roth IRA in the amount of \$ _____.

I hereby certify to you (the Roth IRA custodian/trustee) that I am making the following conversion contribution to a Roth IRA. (Check the applicable reason below and complete as indicated). Roth IRA conversion contributions are amounts rolled over, transferred, or considered transferred, from a traditional IRA, a traditional IRA to an IRA (except an annuity) described in section 408(a) or 408(b). This transaction will be reported to the IRS as a distribution from your traditional IRA and a conversion contribution to your Roth IRA.

Definition of Traditional IRA and SEP-IRA
 Internal Revenue Code section 408(a) defines a traditional IRA. A traditional IRA may accept SEP-IRA contributions and by so doing become a SEP-IRA. Check this box if the traditional IRA being converted is a SEP-IRA.

Conversion of a traditional IRA to a Roth IRA.
 I certify that I presently maintain a traditional IRA with you as the IRA custodian/trustee. The plan number or account number for this IRA is _____. I hereby notify you that I wish to convert the traditional IRA to a Roth IRA to the following extent: entire account or the following amount \$ _____. I also certify that I am not converting any part of a required minimum distribution (i.e. distributions required for the year you attain age 70½ and for each subsequent year) or any amount ineligible to be rolled over.

Distribution from a traditional IRA for Rollover to a Roth IRA.
 I hereby certify that the cash or other property I contributed to the Roth IRA referenced above qualifies as a rollover or conversion contribution pursuant to Internal Revenue Code section 408A and the applicable regulations. I certify that I am making this rollover within 60 days after the day the funds were received which was _____. I also certify that I am not converting any part of a required minimum distribution (i.e. distributions required for the year you attain age 70½ and for each subsequent year) or any other amount ineligible to be rolled over.

My Roth IRA Conversion is Irrevocable. I acknowledge that I am hereby informed that my Roth IRA conversion contribution is irrevocable and that I must include in my income the taxable portion of my distribution. The tax rules require that I aggregate my balance in all of my traditional IRAs, SEP-IRAs and SIMPLE-IRAs in determining the taxable portion. I no longer am able to recharacterize a conversion contribution. My decision to make a Roth IRA conversion contribution is irrevocable as a result of a tax change made by the Tax Cuts and Jobs Act as signed into law by President Trump on December 20, 2017.

I acknowledge that you have instructed me to consult my legal or tax advisor because of the complexity and importance of this matter. I also acknowledge that I understand that I cannot receive a refund of my contribution if I am unable to make the above-mentioned contributions. I expressly assume all responsibility for the conversion instruction. I understand that the tax consequences related to depositing funds in a Roth IRA from a traditional IRA which do not qualify are extremely harsh, as taxes contributions result. I understand that for tax purposes, my instruction to convert my traditional IRA into a Roth IRA will be treated as a distribution and will be reported to the IRS.

IRA Compliance Audits

Avoid IRS Penalties and Improve Compliance Procedures

Before you find yourself standing face-to-face with a governmental representative, or an unhappy customer, you should make every effort to improve compliance procedures.

Reasons to Consider an IRA Compliance Audit

- Changes to Computer Systems/Software
- IRA rules are constantly changing
- Changes in IRA personnel
- Governmental reporting procedures have changed, and continue to change
- Acquisition of a financial institution
- Peace of mind
- Inexpensive preventive medicine versus large governmental penalties
- Even though you use a third-party vendor for your IRA administration, your financial institution is responsible to the IRS for all reporting

Traditional IRAs • Roth IRAs • SEP-IRAs • SIMPLE-IRAs Qualified Plans • Coverdell Education Savings Accounts

CWF Will Review:

- Compliance with FMV, 1099-R, and 5498 Requirements
- RMD Notices
- Plan Agreements
- Disclosure Statements
- Financial Disclosure Statements
- Contribution Documentation
- Beneficiary Situations
- Amendments
- Required Minimum Distributions
- Death Distributions
- Transfer & Rollover Procedures
- Withholding Requirements
- Recharacterizations
- Investment Documentation

IRA Compliance Audits

An audit now is a comparatively painless and inexpensive safeguard against the potential of great liability later

What Does the Audit Encompass?

- CWF will review your IRA files
- CWF will give a verbal overview of audit findings on the day of audit
- CWF will write a comprehensive report dealing with the deficiencies and recommending procedures to strengthen the IRA program — this audit report will be a resource to help with your internal compliance procedures

Qualifications you can trust

Collin W. Fritz and Associates, Ltd. is especially suited to audit your IRA and Qualified Plan files and records. With some of the best legal and consulting professionals in the business, you can rely on our mastery of the up-to-the-minute compliance issues.

CWF offers two types of audits:

1. On-site audit

You want an on-site audit if you want the CWF auditor to have full access to your customer files, computer files, forms, research documentation and your IRA personnel. This access will allow the auditor to determine the strengths and weaknesses of your institution's IRA work product.

Fee: \$1,200 per day plus travel expenses
Includes a detailed written follow-up report

2. Mail-in audit

Very similar to an on-site audit, except CWF will instruct you what files we wish to examine. After reviewing a list of your IRAs and asking various questions, you will be asked to photocopy various files, computer reports, forms, etc. and ship them to CWF for a comprehensive review.

Fee: \$495 – 25 files or \$695 – 40 files
Includes a detailed written report

Inquiry Form: Fax/Mail

- Yes! Send me information about a compliance audit.**
This in an inquiry only and I am under no obligation.

IRA Software

SEPP™

For Substantially Equal Periodic Payments

Tax rules severely limit penalty-free access to IRA funds before accountholders reach age 59½. CWF offers SEPP, a Windows® based software product providing all three safe harbor methods, and the software also allows you to create a non-safe harbor method. In addition, these methods may be modified by using an interest rate greater than permitted by the safe-harbor methods.

SEPP contains forms which may be used to establish the payment schedule and to permissibly modify the schedule as authorized by Rev. Ruling 2002-62. The software features the use of the applicable Federal interest rates, which can be downloaded on a daily basis.

You will be able to assist your prospective customer? The SEPP schedule needs to be established correctly, and then it needs to be properly administered. CWF's software will allow you to do so. This software allows you to provide an important service to your existing and future clients.

Asset Size	Annual Fee
100 million or less	\$79
1 billion or less (but greater than 100 million)	\$149
Greater than 1 billion	\$299

Also note that a lesser fee might apply if SEPP™ will be used by only one division of a larger entity.

DISCLOSE™

Easily Customizes IRA Projection Schedules

The use of pre-printed IRA projection schedules no longer works for many IRA custodians. The reasons—many custodians are charging termination and transfer fees, and imposing early withdrawal penalties larger than the historical amounts of 3 or 6 months of simple interest.

With DISCLOSE™, no matter what the interest rate, compounding method, or penalties and fees, you'll have the projections you need in milliseconds.

The IRS may assess a penalty of \$50 for each incorrect IRA disclosure statement.

DISCLOSE™
is priced at just \$99

MINCAL™ Software

MINIMUM DISTRIBUTION SOFTWARE

Administering Inherited IRA Accounts

Calculating required minimum distributions for inherited IRAs is one of the most complex aspects of IRA administration. CWF has developed MINCAL™, a Windows® based software package to perform calculations using the final RMD regulations for both inherited IRA and “70½” IRAs.

A beneficiary who fails to take a timely RMD beneficiary distribution owes the 50% excess accumulation tax and may look to the IRA custodian to share the tax pain. The IRA custodian wants to minimize its potential liability.

This innovative software will enable you to do the following for your inherited IRAs:

- Prepare RMD Notices
- Calculate and monitor RMDs for inherited IRA accounts
- Prepare annual withholding reminder notices
- Help you to provide excellent customer service and stay in compliance
- Maintain an unlimited number of beneficiaries per inherited IRA
- Maintain an unlimited number of instruments per inherited IRA
- Increase employee productivity
- Exchange data between PC and mainframe via an optional upload/download feature
- Generate administrative reports
- Generate all current and future IRS required RMD data
- Quick and easy installation

CWF's IRA Tests™

Improve understanding and lessen liability concerns

CWF has created a number of multiple choice IRA tests. They serve multiple purposes for an individual to determine how well he or she has mastered IRAs and a particular IRA subject allowing a person to improve their IRA knowledge.

The CWF IRA Tests:

1. Test #501 – 20 questions (Free)
2. Test #502 – 100 questions
3. Test #503 – 100 questions
4. Test #601 – 50 questions
5. Test #602 – 50 questions
6. Test #603 – 50 questions
7. Test #604 – 50 questions
8. Test #701 – 60 questions
9. Test #702 – 80 questions
10. Test #705 – 30 questions
11. Test #801 – 124 questions
12. Test #901 – 100 questions
13. Test #902 – 90 questions

Tests 501-705 are testing general overall knowledge of IRAs.

Test 801 is a comprehensive test on the topic of inherited IRAs for a nonspouse beneficiary.

Test 901 is a comprehensive test on the topic of direct rollovers, rollovers and transfers

Test 902 is a comprehensive test on the topic of Roth IRA conversions

We will furnish a test either in a print format or an e-version. The e-version will correct each test where the print version will need to be manually corrected by using our answer sheet.

See the following page for test fees.
