Students must meet prerequisites before taking any given course.

Students must earn a minimum grade of "C" or higher in each required course and have a minimum 2.00 GPA to earn a credential.

Students must meet the general education competencies for the academic certificate. Certificate students must test out of READ 099, into ENGL 101, and into MATH 099 as documented by ACT, placement tests, or course completion.

Music majors are required to take a music theory placement exam prior to enrolling in MUSC122 - Music Theory I for proper advising in the music theory sequence.

All BPCC students are expected to be familiar with College policies, requirements, procedures and regulations. Students must assume final responsibility for being acquainted with College policies. In no case will a regulation be waived or an exception be granted because a student pleads ignorance of the regulation.

Students pursuing associate degrees, academic certificates, or technical competency areas at BPCC must declare their intent to do so. Curricular requirements become effective at the date of the declaration of the academic major and do not date from the point of original enrollment in the College. If the student resigns or does not enroll for one semester, the student would have to meet the requirements of a new curriculum. The student is responsible for all the requirements of the degree program and should consult with his/her academic advisor regularly. Each student assumes the responsibility for scheduling courses which are applicable to degrees and for taking courses in proper sequence to ensure the orderly progression of work.
