Principal's Message

We have just completed the graduation exercises and celebrated with the graduation banquet. This is the time of year when the school transitions into the next academic year and graduates transition into the world of the adult learner. Some will be continuing with their education, some will be entering the world of work. It is an exciting time for high school teachers. The last day of their high school education is what we have invested our professional passions and energies to. We share the pride that you have as your children leave our school.

We look forward to the return of the Grades 10 and 11 students. We hope that Forest Lawn High School feels like home and we will strive to make it the best place for their learning.

This year was a remarkable year. Students who have achieved the honour roll have increased and the numbers of students who have achieved scholarships has increased. The participation rate of students writing diploma examinations continues to climb. Our Titans continue to be dedicated team members with heart and soul and they are led by excellent coaches. Students continue to offer their time and expertise as volunteers in school and in the community. This year, FLHS was fortunate to have many positive news articles reporting on the success of students. We have many awards for our efforts in environmental education.

Next year, we will continue to offer an excellent grade ten program that offers a full year of instruction for Mathematics, Social Studies, Science, and English Language Arts. This is a multidisciplinary approach that is legacy of the involvement of the Alberta Education, High School Completion Project. Forest Lawn High School is a leader in the ways that teachers approach curriculum and student engagement.

As we complete this year, I would like to thank the teachers of Forest Lawn High School for the many ways that they teach students. There are many teachers whose contract will end in June and several who will be transferring. Please join me in thanking these teachers and wishing them well in their new endeavours. The teachers listed are the ones that we knew of at the time this newsletter was published.

Naturalization Project

Project Purpose

- Each year the Forest Lawn Wildlife Studies and Environment Club programs look for ways that we can contribute to bettering our school environment and community. Over the summer of 2012, the Calgary Board of Education started a landscaping project to clean up the outside grounds of the school. The Wildlife Studies and Environment Club teachers and students believed that this initiative prairie ecology and horticulture. The general idea was to add to the landscaping project by creating a native prairie garden to improve the appearance and reputation of our school in the community. It was the staff and students hope that the project will grow to include multiple classes and school clubs in order to establish a living legacy for the school.

Project were as follows:

- Learn about the importance of prairie ecosystems in Alberta today and explore strategies to successfully re-establish native prairie to improve the appearance and health of our school ecosystem.
- Build a living legacy for the school. Contribute to a project that will improve the reputation and environment of our school community.
- Participate in a xeriscaping project to promote sustainability and resource conservation at Forest Lawn High School.
- The garden has since been completed and has been a rewarding experience for students to learn about habitat restoration and sustainable landscapes. It's has been a great opportunity for students to demonstrate leadership and stewardship at Forest Lawn High by improving the environment around our school. The students efforts and contributions have also been recognized by winning the Jack Leslie Youth Environment Award from the City of Calgary and Youth in Motion. The irrigation side of the project is still underway and the Wildlife Studies and Environment Club hope that this initiative will continue to grow and plant the seeds of change at Forest Lawn.

Thanks to all those who helped build and support the project. Your time and energy have been greatly appreciated.

Calgary youth recognized with Jack Leslie Youth Environment Grants

Students from Forest Lawn and William Aberhart High School. They each won a \$1000 project grant.

Congratulations to the recipients of the [Jack Leslie Youth Environment Grant](#): Forest Lawn High School and William Aberhart High School.

Student and teacher representatives were presented with a commemorative plaque and a \$1000 project grant during [The City of Calgary's](#) annual [Eco-Leaders Youth Conference](#).

"It is so gratifying to see dedicated students learning about the environment, understanding the impact of everyday actions and making a difference in the community," said Deputy Mayor, Shane Keating. "It is up to each of us to make meaningful choices towards creating a healthier environment."

Forest Lawn High School received a grant to create a native prairie garden outside the school. While William Aberhart High School received a grant to purchase organic, ethical, Canadian made T-shirts for gym and raise awareness about the impact purchases have on our ecosystem.

The Grant was initiated in 2004 by The City of Calgary in partnership with the Mayor's Youth Council (part of Youth Central) and the Parks Foundation to recognize former Mayor of Calgary, Jack Leslie. It recognizes the positive impact Jack made to the city and the environment and encourages youth in Calgary to continue with his efforts.

Skills 2013 - Developing Forest Lawn's Greatest Resource – Our Students!

The Alberta Skills competitions provide an opportunity for students to recognize the value of completing secondary and post-secondary education for personal development and future employability. Students become aware of the numerous career opportunities within trades and technologies by being involved in Skills.

Forest Lawn had a very successful year in terms of Skills achievements. These students dedicated countless hours to perfect their talents in order to reach their own personal best.

Thanks to coaches Natalie Andrusiak, Brenda Clovis, Shawn Daniher, Paul Duthie, Jeff Grace, Doug Grey, Sylvia Hayward, Fred Holland, Brenda Kent Packer, Sharon Lambert, Vanesse Loke, Irene Sifrer and Jeremiah Shirley for their support.

Forest Lawn is proud of all of our competitors!

FEE WAIVERS – The CBE will consider waiving a portion of the school fees (Instructional Materials & Supplies Fees, Music Instrument Rental & Transportation) for those students whose families qualify. Waivers are effective from the date of approval; therefore families are encouraged to apply at their earliest opportunity.

BUS PASS REBATES – High School students (Grades 10–12) who use Calgary Transit are eligible for a bus pass rebate if they live beyond 2.4 km from the school they attend. **Please make note of the Terms & Conditions on the back of the form.**

Forms are available at the Main Office, Business Office or from the CBE website www.cbe.ab.ca. Forms must be completed each school year. 2013-14 forms will be available late May and should be completed and submitted in June to ensure Waivers or Rebates are in place for September.

Home Logic

- Parents please be advised that the Calgary Board of Education has rolled out an application called HomeLogic. It provides parents with the opportunity to have an account to view, from home, student attendance, schedules, transcript, and demographic information. For more information on how to set this up please call the school at (403) 272-6665 ext. (2252) and speak to Ms. Clark.

SEE OUR WEBSITE FOR INSTRUCTIONS ON HOW TO SIGN UP/ACCESS

Newsletters via Email Address

- As an added service Forest Lawn's Newsletters will also be emailed to all Parents/Guardians who have an email address registered with us. The option to pick up a hard copy in the Main Office / Student Services will still be available. Please call the school at (403) 272-6665 ext. (2252) and speak to Ms. Clark. to have your email address added to your child's demographics.

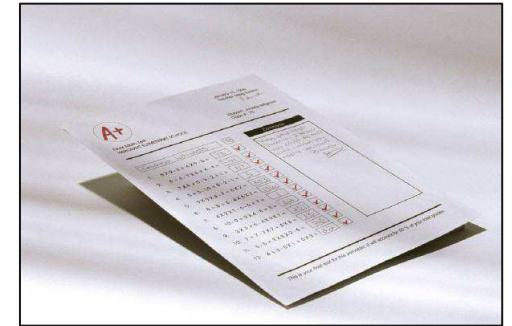

School Access for Student

There will be changes to the school's security plan that will affect student access to the school. There have been incidents outside of regular hours at the school where our students, students from other schools or non-students' behaviour have been disrespectful or their safety has been in question. With students coming to school early in the morning or staying late after school to socialize or visit, they are in the school unsupervised and invite others to come into the building. This creates a situation where student safety and security is at risk. To help keep students safe, the following changes will be made:

- The main office opens at 8:00 am and closes at 4:00 pm (Mon-Thurs) and closes at 2:00 pm (Fridays). The school is only open for regular business between these hours.
- The school outer doors will be unlocked at 7:15 in the morning
- The school outer doors will be locked at 4:00 pm.
- Students who are not supervised by a teacher or coach may not be allowed in the school before 7:15 am or after 4:00 pm.
- Students who are being supervised by a teacher after school hours will be asked to leave directly after the specific practice, game, club, meeting, etc. ends.
- If the school is hosting an after-hours performance, meeting or game, the school will be reopened at the front doors half an hour before the start of the event.
- Should we find people in the building who are not students, we will call Calgary police services and file trespassing charges.

After 4:00 pm, students will need to be on their way home or to alternative locations such as work or friends as the school will not be available for them to "hang out" at. Students who wish to study or review without supervision of a teacher are recommended to visit the public library. Those who wish to stay at the school after hours are encouraged to join a team or club and make the best of their after-hours extracurricular experience.

celebrate | the end of the school year

The Board of Trustees wants to thank all of our teachers, principals, support staff, parents and administration for their dedication to public education and for supporting our students and schools throughout the 2012-13 school year. It is often said that a school is the heart of a community, and we'd like to express our gratitude to our communities. Our schools would not be the same without their support.

Congratulations to all students on completing another school year. We are continually impressed by the excellent work you do and the amazing things you learn each day. As we visit schools throughout the year, it is our honour to see the wide variety of projects you have completed. Your knowledge, skills and creativity are always showcased beautifully in your schools.

It is fitting as the 2012-13 school year comes to a close for us to reflect on the year behind us and look to the future.

At the beginning of the school year, we made a commitment to focus our efforts this year on improving the way we communicate with parents and school councils. In October, we held the first Council of School Council Meetings, and a second meeting in April. We had the opportunity to meet many of you at meetings in February and we continued to ask for and listen to your thoughts and feedback throughout the year. Thank you to all parents who responded to surveys, attended meetings, and shared their thoughts. We truly do appreciate your efforts and feedback.

This year, we also celebrated the opening of four new schools and the new Career and Technology Centre at Lord Shaughnessy High School. This spring, we were delighted to hear the provincial announcement of six more new schools for our students.

We continue to be focused on student results that reflect the highest standards of learning. We were

delighted to see that CBE students demonstrated strong academic results in the 2011-2012 Provincial Achievement Tests and Diploma Exams.

It is our role, as a Board of Trustees, to set the expectations for students in our school system. We call these expectations our Results. We base our Results on the values and expectations of Calgarians. We then evaluate the school system's progress towards achieving those results through annual monitoring reports. More information about our Results and how our students are achieving success can be found on our Report to the Community website.

As we end the school year, best wishes to the graduating class of 2013 and to all our returning students and their families, we hope you have a safe and restful summer.

Fees and Waivers

Q: Why do we charge fees in a public education system?

A: We wish the CBE didn't have to charge fees, but there are two reasons why we do. Unfortunately, some programs or services cost more than the funding provided, so we have to close the gaps with fees. Second, we are required to balance our budgets every year.

Q: What happens if I cannot afford the fees?

A: No child is ever denied access to an education in the CBE because of an inability to pay. If you can't afford the fees, there are several ways to be considered eligible for a waiver, including but not limited to:

- you receive assistance from Provincial Social Services;
- your family is eligible for the Alberta Child Health Benefit;
- you are a Government Sponsored Conventional Refugee; or
- your Children are Treaty Status living below an income threshold based on family size.

If your waiver on any of the above grounds is denied, you may declare a hardship to your school principal. They will work with you to either come up with a manageable payment schedule, or can decide to waive part or all of your fees.

Q: Does the CBE use collection agencies?

A: If CBE efforts to collect fees fail, our very last resort is sending the account to a collection agency. If you use a program or service, our policy is to charge you for that program or service. If you cannot afford the fees, there are several ways that the fees can be waived. Fees are only sent to collection if families have not declared a financial hardship for services they use and after every reasonable attempt has been made to settle the amount owing. No outstanding balances are sent to collections until at least 200 days have elapsed. Our policies require us to work to collect fees owing from any source. Again, no child is ever denied access to CBE programs or services because of an inability to pay.

Q: What if I received a collection notice in error?

A: If there has been an error, please contact our Finance department immediately at (403) 817-7888, or email StudentFees@cbe.ab.ca. We will work with you to correct the error as soon as possible.

Checklist for completing 2013-14 Waiver Application
