Purpose

- Established in 1961, The Ruffed Grouse Society is North America's foremost conservation organization dedicated to preserving our sporting traditions by creating healthy forest habitat for ruffed grouse, American woodcock and other wildlife. RGS works with landowners and government agencies to develop critical habitat utilizing scientific management practices.
- Forest conservation is facing the important challenges of unhealthy forest management practices, habitat loss and declining wildlife populations. RGS exists to protect, create and enhance healthy forests, abundant wildlife and our sporting traditions through scientific management of woodlands and public education.
- Devoted to the sporting life, ruffed grouse and woodcock hunters are a special group with a passion for the unique challenge these birds present. From Alaska and the Canadian Provinces to the Gulf of Mexico, our members include hunters, non-hunters, woodland owners, industries and conservation professionals. Our events and activities focus on camaraderie, learning, sharing and supporting the goals of our organization.
- RGS members and staff embrace our duty to enhance forest habitat and wildlife. There is a sense of fulfillment with being involved in an organization that makes a difference in habitat and wildlife nationally and locally.

RUFFED GROUSE  SOCIETY

Healthy Forests - Abundant Wildlife - Sporting Traditions

RGS will offer every woman and youth (16 & under) who take and pass a hunter education course and/or participates in a "Woman in the Outdoors Program" an opportunity to receive a one-year RGS membership and a complimentary dinner at a Ruffed Grouse Society Banquet (with paying adult). Need to provide proof of completion during the calendar year.
