

To: Folks Interested in Thinking Maps® Training

From: Birch Carlson and Thinking Maps, Inc.

Thinking Maps, Inc. is pleased to announce the next **Training of Trainers (TOT) for Thinking Maps®**. This TOT is being co-sponsored by Tulare County Office of Education with Thinking Maps®, Inc. and will take place in the Visalia area on June 28-30, 2010 and September 22-23, 2010. Enclosed with this memo is registration information for this training session.

The **Thinking Maps® TOT** is a process used by schools and districts for the purpose of developing a trainer or team of trainers for expanding and strengthening the use of **Thinking Maps®** in a school or throughout a school district. Upon completion of **all 5 days** of this training, your trainers will be able to lead introductory workshops, conduct follow-up sessions modeling systematic development of curriculum applications and lead schools in assessing student learning using Thinking Maps® and will be certified to do so in your school and school district.

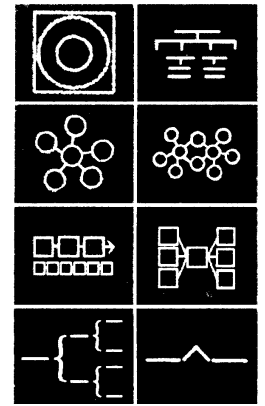

If you or other members of you staff would like to attend, please complete the enclosed registration form, attach a Purchase Order or a check for the registration fee and send or fax it to our office in Cary, North Carolina. There is a limited number of spaces, so registration will be handled on a “first come, first served” basis.

At the TOT session, your trainers will be provided with all the needed materials including the new Thinking Maps: A Language for Learning Trainer’s Guide, the new Thinking Maps: A Language for Learning course text, the cooperative desk maps and a Technology for Learning Software individual license. In the future, you will only need to purchase a Thinking Maps: A Language for Learning course text for each person at your site who is trained by your trainers.

Please call me at 626-577-8551 if you have any questions.

We appreciate your continued support and would love to see you in Visalia in June 2010!
