

## Get hands on experience in your field! Flexible Hours & Great Pay!

Barrister provides multi-vendor hardware computer services, delivering superior resolution to client/server hardware challenges. The Company has been providing services for over 25 years and provides these services through many of the largest IT companies in North America, as well as direct to commercial accounts. Today, Barrister serves large enterprises, small/medium-size businesses, government agencies, small offices/home offices and consumers.

Barrister manages over 15,000 certified technicians through advanced web-based systems, providing on-site service to every zip code within the United States, every province in Canada, and Puerto Rico. Barrister served more than 252,000 locations throughout North America this past year alone.

Important Information about Barrister:

- Our Company will contact you via telephone, email or through our web system called TECHWA. You will be advised the date and time service is needed, the type of equipment and the location of the repair. You may accept or decline the work depending upon your availability or comfort level with the equipment needing repair.

- You may sign up to work on whatever equipment you are proficient: desktops, laptops, printers, servers, etc.

- Our rate is: \$50 flat per trip to site for printers, desktop and laptops. In the event there are multiple units at that specific location, payment agreement will be discussed at the time of dispatch.

- The service events where you will perform work will be on site at commercial locations such as offices and retail, with some residential customers as well.

- The work is primarily basic installation and hardware repairs for common major brand equipment.

- We provide the parts to the location and they are on-site prior to your arrival. Technicians are required to return the broken or unused parts using a pre-paid shipping label included. No out of pocket expense to you.

- Work volume depends upon the location of the tech, mileage he/she is willing to travel and work volume he/she is willing to accept and perform. We have a large volume of work available nation-wide.

### Technician Sign-Up

**\*\*Please fill out the following information IN CAPS\*\***

**COMPANY NAME:**

**OWNER NAME (OR CONTACT PERSON):**

**FULL ADDRESS (INCLUDING CITY, STATE, & ZIP):**
