

## Eunice A. Dell Award “Making a Difference”

Eunice Dell served the University of Northern Iowa and the Division of Administration and Financial Services with distinction for 31 years. In her work at UNI and in her community Eunice truly *made a difference*. She was a person who nurtured diversity and respect; she was a champion of access and opportunity for all; she promoted service and was active in the community; she was compassionate; and she was one who led by example.

In recognition of her many contributions the Division established an award in her honor and seeks nominations of division employees who, by their actions—on campus or in the community—have also *made a difference*.
