

SENIOR SCHOLARSHIP NEWSLETTER

(5th Edition 2013-14)

Attn. Seniors! Throughout the 2013-14 school year, the guidance staff will be providing you with newsletters which contain scholarship opportunities. After reading this bulletin, you can apply for all scholarships in which you are eligible. At the top of each newsletter, you will be instructed exactly how you can obtain an application for each specific scholarship. The different ways in which you may need to pursue an application are as follows:

- 1) stopping-by the Guidance Office to receive a paper application;
- 2) you may be able to download a hard copy (pdf version) of the application by accessing this newsletter thru our guidance website (www.esasd.net/northguidance); or
- 3) visiting the scholarship provider's website to either download an application or to submit it electronically.

For students without internet access or who need additional assistance with scholarships and/or college applications, the Career Lab is open during homeroom Mondays through Fridays.

You also will be able to access each scholarship newsletter on-line at www.esasd.net/northguidance. Please be sure to follow all the instructions on the scholarship applications carefully. The Guidance Staff cannot be responsible for applications which are invalidated due to missing or incomplete information. ***It is also important to adhere to the deadlines listed on the scholarship newsletter not the deadlines listed on the scholarship applications.*** For most scholarships, the deadlines listed on the newsletter are in advance of the deadlines on the scholarship applications in order to allow for enough time for the guidance staff to process and mail all materials. ***Failing to adhere to a deadline on the scholarship newsletter will result in your application not receiving consideration.*** All completed applications must be returned to the Guidance Office unless otherwise specified in the newsletter. For instance, more and more scholarship applications are now available on-line and must be submitted electronically.

Many scholarship opportunities during the fall and winter will be national or state competitions. The majority of local scholarship competitions occur in the late winter and early spring. The guidance staff strongly recommends that students use these newsletters as only one source in their search for financial aid. Students should still be contacting colleges regarding scholarship and grant opportunities, as well as applying for state and federal grants and becoming eligible for student loans through completing the Free Application for Federal Student Aid (FAFSA) after January 1, 2014. Students can also conduct their own independent scholarship search by searching scholarship websites on the internet. Two sites in which students can search for additional scholarships are www.fastweb.com and www.collegeboard.com.

Good luck in your pursuit of dollars for college!

Scholarship Newsletter
