Spay/Neuter Assistance Program

HUNTINGDON COUNTY VOUCHER APPLICATION

1401 Trout Road
State College, PA 16801
Phone: (814) 237-8722
Fax: (814) 237-5067

www.centrecountypaws.org

How does the voucher program work?

Vouchers are approved for use at any Centre County veterinarian's office and the Allegheny Spay/Neuter Clinic in Woodland. They act as a coupon for an amount off of the cost of surgery. Two veterinarian's offices, All Pets and Allegheny S/N, currently accept vouchers as the full price of surgery for cats. More detailed information, including the specifically approved amount, is provided with the voucher, which will be sent to you in the mail.

Centre County PAWS

State College PA, 16801

PAWS vouchers are available (for cats) to those who live, work, or attend school full-time in Huntingdon County

Your next steps

- Mail, fax, or email your completed application to PAWS
- Wait for your application to be processed and for the voucher to be mailed back to you.
- Find a Centre County veterinarian, make an appointment, and follow your veterinarian's instructions. This includes discussing the appropriate age at which to alter the cat.

Restrictions

- Huntingdon County residents are eligible for vouchers for cats (feral or non-feral) only.
- Vouchers may only be used at veterinarians in Centre County or the Allegheny Spay/Neuter Clinic in Clearfield.
- Up to 6 PAWS SNAP vouchers per household, per calendar year, are available for non-feral animals.
- All feral cats must have their ear tipped at the time of surgery.
- Applications must be received in advance of your appointment. Please allow at least 2 weeks for processing of your application. Retroactive vouchers will not be approved.

You can help PAWS

- by telling your friends, family, and neighbors the importance of spaying and neutering
- by reserving SNAP funds for people who truly need assistance

Spay/Neuter Assistance Voucher Application

How was this animal obtained?

Please reserve SNAP funds for individuals in the community who cannot afford the surgery without assistance.

Your veterinarian: _____

* Feral cats are "wild" cats who cannot be easily touched, and therefore the sex may not be determined until sedated. They are most often cats who will be released outdoors after being spayed/neutered. These cats must have their ear tipped while sedated to easily identify them as altered.
