### Who we are

The National Alliance on Mental Illness (NAMI) is the nation's largest grassroots mental health organization dedicated to improving the lives of individuals and families affected by mental illness. NAMI has over 1,100 affiliates in communities across the country, who engage in advocacy, research, support, and education. NAMI Members are families, friends, and people living with mental illnesses, such as major depression, schizophrenia, bipolar disorder, obsessive-compulsive disorder (OCD), panic disorder, posttraumatic stress disorder (PTSD), and borderline personality disorder. Many NAMI affiliates offer an array of support and education programs for families and individuals. We offer two free Family-to-Family Education courses every year and special support groups every week.
