# **Proposal Form**

#### IMPORTANT INFORMATION REGARDING COMPLETION OF THIS FORM

## **Method of Completion**

- This proposal form may be completed in ink or electronically and emailed or faxed to us, provided we ultimately receive an original signed and dated version prior to binding cover;
- All questions must be answered (if necessary comment as "not applicable" or "none").

#### Presentation

- If there is insufficient space in the proposal form, or simply to provide underwriters with a better understanding of your experience, expertise or activities, please supply additional information on your letter headed paper;
- CV's of your principals/directors should be supplied if you have not previously been insured, or if any principal has been in their current position fewer than three years;
- Copies of your standard contract conditions, brochures or other marketing material should be supplied if this helps to describe the activities undertaken.

## Disclosure

- You have a legal duty to disclose to insurers all material information which may affect their
  judgement in determining whether to provide you with insurance and if so on what terms. In the
  case of renewal of existing insurance arrangements, this includes any material changes to
  information already disclosed to insurers;
- If you are in any doubt as to whether or not information is material, you should disclose it, even if there is no specific relevant question in the proposal form;
- It is particularly important to disclose all potential professional negligence claims that may be made against you and to notify your current insurers of such matters as appropriate:
- Failure to disclose material information may give insurers the right to avoid any contract of
  insurance they may subsequently issue, with the consequence that you will not be protected for
  any claims notified under that insurance.
