5. If you have a KeyCare Plan

Complete this section if you are adding a spouse or partner to your membership.

Your KeyCare contributions depend on the higher income of you or your spouse or partner. Income for this purpose includes, but is not limited to, average monthly earnings over the last 12 months from guaranteed earnings, guaranteed allowances, company contributions and variable pay or commissions from employment (including self-employment and informal employment), pension and annuity proceeds, interest earned on active and passive investments, including rental income from leasing properties and distributions received from a trust.

IMPORTANT NOTICE:

Declaring income lower than your actual income constitutes fraud. This will lead to the immediate termination of your membership.

By signing this application form, you give us permission to verify your declared income using all relevant internal and external sources, as defined in 10.4.
