Addendum Nos	

#### OWNER RESERVES THE RIGHT TO ACCEPT THE OVERALL MOST RESPONSIBLE BID.

The bidder offers to construct the projects in accordance with the contract documents issued under each work order for the contract price based on the unit prices provided for in this bid. The bidder understands and accepts the provisions of the contract documents and this Bid Proposal relating to liquidated damages of the project if work orders are not completed on time. Complete the additional requirements of the Proposal which are included on the following pages.

Special items are included in the SPECIAL CONDITIONS

The San Antonio Water System is currently requesting bids for three (3) Water and Sewer Construction Contracts. These Construction Contracts are open cut construction contracts and are not intended to be pipe bursting or curried in place pipe (CIPP) contracts. These projects will be constructed by open cut construction or boring where applicable. Pipe bursting and CIPP will not be considered on these projects. To be considered a responsive bid, the bidder must make available at all times during the contract at least two (2) independent crews, fully staffed and equipped, to be actively working on concurrent work orders as issued, and must submit with their bid a detailed description of the available resources (equipment, employees, etc.) demonstrating the ability of the bidder to have a minimum of two (2) crews, fully staffed and equipped, available to this contract at all times. Any bid package that does not include this information or any bidder who cannot make available at all times at least two (2) independent crews, fully staffed and equipped, for any contract in which it is the lowest bidder may be deemed non-responsive at the sole discretion of the San Antonio Water System. For Reference Only

#### PROPOSAL CERTIFICATION

	ed or Cashier's Check on a State or National Bank payable to the Order of
the San Antonio Water System for	dollars (\$), al bid price. Said bond or check is to be returned to the bidder unless the
	and file a contract within $\underline{\text{ten } (10)}$ calendar days after the award of the
	property of said San Antonio Water System, and shall be considered as
	niences suffered by said San Antonio Water System due to the failure of
the bidder to execute the contract. The San Antonio V	Vater System reserves the right to reject any and all bids.
	al within sixty (60) calendar days after the bid opening. Upon acceptance
	Owner, the undersigned shall execute standard San Antonio Water System
	ment Bonds for the full amount of the contract within ten (10) calendar compliance with the terms and provisions of the contract, to insure and
	ance, and the guarantee period stipulated, and to guarantee payment of all
lawful claims for labor performed and materials furnis	
It is anticipated that the SAWS will provide written	Authorization to Proceed within thirty (30) days after the award of the
Contract.	
The Contractor hereby agrees to commence work und	ler this Contract as noted on the SAWS written Authorization to Proceed.
	prior to Contractor's receipt of SAWS issued, written Authorization to
Proceed.	× V
The undersianed contifies that the hid mises contained	Lie the armosol have been constrilly shooted and are submitted as compat
and final.	I in the proposal have been carefully checked and are submitted as correct
und illian	
In completing the work contained in this proposal	the undersigned certifies that bidder's practices and policies do not
	x or national origin and that the bidder will affirmatively cooperate in the
implementation of these policies and practices.

#### **Statement of Bidder's Experience**

#### **BIDDER'S EXPERIENCE**

In order to make a responsive Bid, the Bidder (Prime Contractor) must provide evidence of being a responsible bidder by providing a minimum of three successfully *completed* water and sewer projects within the last five years. *If completion of those projects included the assistance of sub contractors, prime must submit the names of the sub contractors used on those projects and specify if those same subs will be used on this contract.* A successfully completed project is considered as a project that did not involve the contractor defaulting on the contract, was completed within the contract time and incurred zero (0) owner claims. The Bidder is also to submit the sub contractors experience if they will be part of the crews doing the work for the Prime Contractor. Contractors should reference water and sewer projects that included new construction or replacement of a minimum of 1,000 linear feet of sanitary sewer mains with a minimum size of 8-inch sewer mains and up to and including twenty four (24) inch sewer main and 1,000 feet of water mains with eight (8) inches and up to and including twenty four (24) inch water main. One of the successfully completed water or sewer project must include a 24-inch water or sewer mains.

Data given must be clear and comprehensive. Include specific project name, facility owner and telephone number, total length of installed water/sanitary sewer lines, and total contract amount, as presented below. San Antonio Water System in determining the responsible bidder will approve the Bid based on low cost and on Bidder's demonstrated experience and ability to perform the work.
