## ***After the Training Class:***

Once you complete the DOT Training Class and receive your certification, you will need to locate a testing center to schedule your exam. Please visit the U.S. Department of Transportation Federal Motor Safety Administration National Registry of Certified Medical Examiners at <https://nationalregistry.fmcsa.dot.gov> at your earliest convenience to locate your nearest testing location and to learn more. This website is a very helpful resource for other questions you may have regarding the certification process.

## ***To Maintain your Medical Examiner Certification You Must:***

- Be licensed, certified, or registered in accordance with applicable State laws and regulations to perform physical examinations
- Register on the National Registry System and receive a unique identifier
- Complete required training
- Pass the Medical Examiner certification test
- Report results of driver exams every month via the national registry system
- Submit to periodic monitoring and audits
- Maintain certification by completing periodic training every five years and recertify by passing the ME certification exam every 10 years
