“Why Is My Flood Insurance Premium Increasing?”

Step 1: Review Your Original Insurance Policy

There are many possible explanations for an increase in flood insurance premiums. You should review your original policy to gather information about what could have caused the change.

If you do not have a copy of your policy, ask your agent for one.

What is covered specifically in your policy?

Review the "Building" & "Contents" sections of the policy.

For a generic copy of the Standard Flood Insurance Policy, you can go to Floodsmart.gov or perform a web search for "Standard Flood Insurance Policy NFIP."

What possible reasons are there for an increase in your premium?

Enclosing the lower area of the structure.

Changes to the structure that render it non-compliant with a locally adopted floodplain management ordinance.

Structure no longer meets the underwriting criteria to qualify for the preferred risk premium rate.

Policy mis-rated when it was initially written.

Step 2: Call Your Insurance Agent

As a representative of the insurance company, your agent manages your policy. An insurance agent is equipped with manuals and rating materials and has copies of customer policies to assist policyholders in determining the reason for the changes to their policies.

Ask the agent...

How was my policy rated?

What rating changes caused an increase in my premium?

What options do I have to lower the premium on my policy?

What is covered under the building & contents portions of my policy? (If needed)

Step 3: If your agent's answers are unclear or don't make sense, then ask the agent to contact your flood insurance company for further clarification. This could be a company that participates under the NFIP's Write Your Own (WYO) arrangement or with NFIP Direct.

Access and Functional Needs, Aging, Disabilities

Accessible taxi dispatch program

- Available 24/7; 365 days a year. No reservations necessary but readily accepted.
- Wheelchair-accessible taxis respond to trips originating in Manhattan and ending anywhere in New York City's five boroughs.
- There are no extra costs to passengers. Passengers pay the regular metered taxi fare in New York City from the point of pick-up to their destination.
- Accessible vehicles in the NYC fleet include both rear and side-entry minivans and side-entry MV-1 mobility vehicles.
- All drivers who operate wheelchair-accessible taxicabs have been trained in wheelchair assistance, boarding and de-boarding protocols, disability awareness and passenger sensitivity.

Five ways to request a wheelchair-accessible taxi:

1. Call 311
2. Call the dispatch center directly: (646) 599-9999
3. Text a request to: (646) 400-0789
4. Use free customized mobile app: WOW Taxi (Wheels on Wheels)
5. Order online at: www.accessibledispatch.com

AmeriCares

Partnering with various organizations to provide medical equipment and supplies to those with functional medical needs/disabilities. Those seeking items can participate in this program by making contact with either their local Independent Living Center (locations listed at www.acces.nysed.gov/vr/lcn/ilc/locations.htm) or a TRAIID-in center (locations listed at cgc.ny.gov/advocacy/assistive-technology/traid-regional-offices). Opens at 9:30 am.

ANIBIC

For over 50 years, The Association for Neurologically Impaired Brain Injured Children, ANIBIC, has been providing services to people with special needs. ANIBIC is dedicated to enabling individuals to reach their potential so that they may live as productively as possible. We encourage integration and inclusion in the community and are committed to a person-centered process as we work to serve consumers and their families.

We offer a broad range of services for children as young as five and throughout adulthood. We understand that people with special needs are people first and that their individual challenges are just part of what makes them special.

For more information, email or call Peter Coleman: Pcoleman@anibic.org, 347-594-2147.

Commission for Quality of Care and Advocacy for Persons with Disabilities

The Information & Referral Line can provide information and technical assistance and direct you to a provider in your geographic area that may be able to provide further assistance. These community resources may have specific local information, such as lists of accessible housing or locations of specific medical services providers.

DOROT

Named with the Hebrew word for “generations,” DOROT is a dynamic partnership of professionals and volunteers dedicated to enhancing the lives of homebound and homeless elders and fostering friendship and respect between the generations. Since 1976, DOROT has provided food, companionship, education, and cultural enrichment to thousands of elderly New Yorkers and those who care for them. Located on New York’s Upper West Side, DOROT is a non-sectarian, culturally Jewish agency open to all seniors, caregivers, and volunteers.

Homelessness Prevention Program and Aftercare

For seniors who are homeless or facing homelessness, DOROT’s *Homelessness Prevention Program (HPP)*, a transitional residence in Manhattan, offers safe, temporary housing; meals; counseling; and assistance in finding a permanent home. Volunteers contribute to the social atmosphere by serving meals and interacting with the residents. DOROT’s *Aftercare* program provides clients with ongoing services after they move into permanent housing.

This program is available to seniors 60 or older who are homeless or facing homelessness. An interview with a DOROT social worker is required.

For further information or to refer a homeless senior, call the *Homelessness Prevention Program* at (212) 580-0001.

Encore Community Services

The shortage of affordable housing in New York City is a critical issue, particularly for low-income seniors. Encore has taken a proactive role to develop housing, both for homeless elderly with special needs and low-income seniors. These housing facilities are aimed at providing safe and decent housing for seniors, and contribute to the revitalization and stability of the Times Square and Clinton communities in midtown Manhattan.

NYC Department for the Aging

DFTA's mission is to work for the empowerment, independence, dignity and quality of life of NYC's diverse older adults and for the support of their families through advocacy, education, and the coordination and delivery of services. Goals: To foster independence and individual choices, confront ageism and promote opportunities for older people to share their leadership, knowledge and skills. To inform and educate the general public about aging issues, including services, supports and opportunities for older New Yorkers and their families. To be a catalyst for increased resources to enhance and expand programs and services for older New Yorkers. To enhance and expand effective, productive partnerships with consumers, advocates, private and public organizations.

Project Open House

The Mayor's Office for People with Disabilities (MOPD) is pleased to announce the open enrollment application process for Project Open House (POH). The POH mission is to remove "small" readily achievable architectural barriers within an individual's home for qualified applicants with a permanent disability, thereby assisting in gaining greater independence.

MOPD works hand in hand with City agencies to assure that the voice of the disabled community is represented, and that programs and policies address the needs of the community. POH is administered by MOPD and the NYC Department of Housing Preservation and Development (HPD), and provides for the removal of readily achievable residential barriers that do not require obtaining a permit from the NYC Department of Buildings (DOB) and do not require the professional services of a NYS Licensed Architect.

Some examples of work covered under this program:

- Widening doorways within non-structural partitions;
- Conversion of steps into ramps no greater than 18" in height;
- Replacing existing plumbing fixtures with accessible fixtures;
- Removal of sink base cabinets to provide an accessible work surface and/or a sink;
- Installation of accessible amenities such as grab bars, door openers, accessible door handles, accessible height shelving;
- Installing accessible railings;
- Installation / conversion of residential doorbell and/or smoke and carbon monoxide detectors when an audible or visual system is needed; and
- Other barrier removals that may be required by individuals with disabilities subject to review by MOPD.

Applicants must submit their Registration Form to MOPD no later than **Thursday, October 10th, 2013**. Applicants are urged to submit the application via the online Registration Form. This program is on a first come, first served basis. Late applications will not be accepted, and submission of an application does not guarantee acceptance. The registration form can be found at <http://www.nyc.gov/html/mopd/html/poh/application.shtml>.

For more information, please contact The Mayor's Office for People with Disabilities by dialing 311 or through our website at www.nyc.gov/mopd.

Animals

Animal Care and Control of New York

Animal Care & Control of New York City (AC&C) is the largest pet organization in the North East, with an estimated number of 44,000 animals rescued each year. As a not-for-profit organization since 1995, Animal Care & Control has been responsible for New York City's municipal shelter system, rescuing, caring for, and finding loving homes for homeless and abandoned animals in New York City. AC&C facilities operate in all five boroughs.

ASPCA

Low-income pet owners in need of emergency veterinary care or other resources can contact cia@aspca.org or call 212-876-7700 ext 4490. More information is available at aspca.org/nyc.

Founded in 1866, the ASPCA® (The American Society for the Prevention of Cruelty to Animals®) was the first humane organization established in the Americas, and today has more than one million supporters throughout North America. A 501[c][3] not-for-profit corporation, the ASPCA's mission is to provide effective means for the prevention of cruelty to animals throughout the United States. As the first humane organization to be granted legal authority to investigate and make arrests for crimes against animals, we are wholly dedicated to fulfilling the ASPCA mission through nonviolent approaches. Our organization provides local and national leadership in three key areas: caring for pets parents and pets, providing positive outcomes for at-risk animals and serving victims of cruelty.

Bideawee

Bideawee is a 106-year-old humane agency that saves thousands of homeless cats, kittens, dogs, and puppies every year. Since 1903, Bideawee has provided housing, food, and medical and behavioral care to help formerly abandoned, abused, and neglected pets find and keep new homes and families. Our services for pets support them through every stage of their lives, from fostering and adoption at our New York City and Westhampton (Long Island) locations to our Pet Memorial Parks at our Westhampton and Wantagh (Long Island) sites. Bideawee's veterinary practices in Westhampton and New York City care for both resident pets and the pets of private clients. In addition, we offer services that foster greater appreciation and respect for the value of companion animals at all three locations, such as pet therapy and our Reading to Dogs program that helps children overcome literacy challenges.

Humane Society of the United States

The Humane Society of the United States (HSUS) promotes the safety and well-being of all animals that are or may be adversely affected during a disaster. Respond to the needs of those who provide emergency and supportive care to animals during all phases of a disaster. Promote the inclusion of the animal component in all federal, state and local government disaster plans, and those developed by the general public, by engaging in an ongoing process of proactive education and mutual awareness of the needs of animals in disasters. Encourage cooperation with other animal protection organizations, veterinary associations, disaster relief agencies, and government officials.

Child Care

Early childhood education

If a family needs help finding an early childhood education program, they can contact the Child Care Resource and Referral Agency (CCR&R) in their community. CCR&Rs are local or regional agencies that help families locate a program near where they live or work. CCR&Rs can help families choose appropriate, quality care such as Head Start, center-based care, home-based care, family child care providers or before-and after-school programs.

MAP is a fund administered by Sustainable Neighborhoods, an affiliate of the Center for New York City Neighborhoods, and funded by the city. It provides up to \$25,000 in 0% interest loans to eligible NYC homeowners who have fallen behind on their mortgages. Visit www.cnycn.org/map for more information. Homeowners need to apply through a qualified housing counselor or legal service provider. Please call 311 or 646-786-0888 to find a free service provider who will apply on your behalf at no cost.

Beware of contractor and mortgage modification scams

NYC Housing Preservation & Development (HPD) and NYC Department of Consumer Affairs (NYCDCA) urge consumers to be wary of scam artists who prey on the vulnerable, posing as contractors or foreclosure “rescue” specialists to scam unsuspecting homeowners out of money or even their homes.

NYC Rapid Repairs Program

Between November 2012 and March 2013, Rapid Repairs restored heat, power and hot water in more than 11,700 homes representing over 20,000 residential units affected by Hurricane Sandy.

Have you received a Notice of Violation (NOV) or Notice of Deficiency (NOD) from the NYC Department of Buildings (DOB)?

If the violation or deficiency was issued to the electrician or plumber, it is their responsibility to fix the deficiency. If the violation or deficiency was issued to the homeowner, it is the homeowner's responsibility to resolve it. If you have questions about your violation or deficiency, contact the NYC Department of Buildings (DOB) by calling 311.

If the equipment installed by Rapid Repairs is no longer working.

Rapid Repairs provided free emergency heat, hot water, and electricity so that homeowners could shelter in place while making more permanent repairs to their homes. When Rapid Repairs completed work on your home, an independent quality inspector verified that the

NY Hurricane Sandy Recovery Resources

installed equipment was working properly. All maintenance and repairs are now the responsibility of the homeowner.

Please call 311 with any other questions regarding Rapid Repairs.

AAFE Community Development Fund

AAFE CDF is a richly experienced organization in the field of homeownership outreach, education, and counseling. AAFE CDF is dedicated to promoting and advancing homeownership for minority, immigrant, low- and moderate- income, and underserved populations of New York City. Since its inception in 1999, AAFE CDF has secured over \$295 million in mortgage financing for over 1,950 clients, while providing counseling to some 8,000 prospective homeowners.

Programs: Rehabilitation loans (to help homebuyers repair the homes), Conversion Loans (to pay for the costs of making single-family homes into two- or three-family homes), Emergency Repair Loans (to cover the costs of emergency repairs on owner-occupied homes, especially for seniors, the disabled, and families living with the disabled).

EmPower New York

No-Cost Energy Efficiency Services for Income-Qualified Households Impacted by Hurricane Sandy

EmPower New York (EmPower) provides energy efficiency services at no cost to income-eligible households. The program is administered by the New York State Energy Research and Development Authority (NYSERDA), with implementation support from Honeywell International. EmPower provides measures to reduce energy use, such as:

- Insulation
- Heating system upgrades
- High efficiency lighting
- Replacement of inefficient refrigerators and freezers with new high-efficiency models
- Strategic air sealing

Services are provided through a network of participating contractors. There no charge for these services. You may receive services even if you have not been affected by the storm.

You may be eligible if the following is true:

- Your household income is at or below 60% of State median (i.e., if you are eligible for Home Energy Assistance Program [HEAP] benefits. See income eligibility, below)
- You are an electricity or natural gas customer of Central Hudson, Con Edison, National Grid, NYSEG of Orange and Rockland, or heat by oil or propane
- You reside in a building with 100 units or less
- You are responsible for payment of utility bills
- If your home has been damaged by Hurricane Sandy you may still qualify for services through EmPower even if you have been previously served

Please apply as soon as possible by calling 800-263-0960 and requesting a Storm Relief EmPower NY application.

Working With FEMA, Insurance, and Other Funding

EmPower cannot provide funding for repairs paid for by FEMA, insurance or other programs. However, in situations where FEMA, insurance and other program reimbursement does not cover the full cost of repair or the additional cost for high efficiency equipment, EmPower can pay the additional cost when it is provided by a participating EmPower contractor.

Empower Participating Contractors, and Vendors

EmPower participating contractors are accredited by the Building Performance Institute, the nation's premier developer of technical standards for residential energy efficiency work. EmPower cannot reimburse for measures previously installed, or installed by contractors who have not been approved by the program. Appliances provided through EmPower are new high efficiency ENERGY STAR® models. They are limited to program-approved models, and may only be provided through program-approved vendors.

NY Hurricane Sandy Recovery Resources

If you would like to confirm the identity of a contractor and verify that they are working through EmPower New York Program, please call 800-263-0960.

Health And Safety Concerns

The storm has caused moisture and mold conditions in many dwellings. In some instances, where these problems persist, EmPower may deny or delay some of the program measures. This is done to ensure that the health of your household is not compromised. The contractor assigned to your dwelling will assess these concerns.

Income Eligibility Guidelines

The current income guidelines for EmPower are set 60% of the State Median Income, and are consistent with Home Energy Assistance Program (HEAP) Guidelines for 2012 - 2013:

Household Size	Monthly	Annual
1	\$2,138	\$25,646
2	\$2,796	\$33,552
3	\$3,453	\$41,436
4	\$4,111	\$49,332
5	\$4,769	\$57,228
6	\$5,427	\$65,124
7	\$5,550	\$66,600
8	\$5,673	\$68,076
9	\$5,797	\$69,564
10	\$5,920	\$71,040
11	\$6,136	\$73,632
11+	+\$495

Home Affordable Modification Program

Homeowners struggling to stay in their homes may be eligible to apply for the Home Affordable Modification Program (HAMP) in order to lower their monthly mortgage payments and make them more affordable. Homeowners should contact their mortgage servicer as soon as possible to begin the HAMP evaluation process. In order to help with the housing crunch, homeowner eligibility has been widened to include:

- Homeowners who are applying for a modification on a home that is not their primary residence, but the property is currently rented or the homeowner intends to rent it.
- Homeowners who previously did not qualify for HAMP because their debt-to-income ratio was 31 percent or lower.
- Homeowners who previously received a HAMP trial period plan, but defaulted in their trial payments.
- Homeowners who previously received a HAMP permanent modification, but defaulted in their payments, therefore losing good standing.

Hope Coalition America

HOPE Coalition America is the only financial emergency preparedness and recovery service in the country. Through partnerships with industry leaders in a wide range of industries spanning banking, financial services, insurance, social and community services, we provide financial and economic assistance to those affected by natural disasters.

On April 27th, we renewed our partnership with FEMA to strengthen and expand the financial counseling resources available to help individuals and families prepare for disasters and recover in the shortest possible time. Services are available across the country and work to help people recover from disaster and BE PREPARED when disaster strikes.

When a natural disaster occurs, organizations such as FEMA and the American Red Cross go to work immediately to address health, safety, and infrastructure problems. But financial issues affect far more people after a disaster than property damage or personal injury, which is where traditional national networks fall short.

Our counselors include full-time employees and volunteers from the banking, financial services and insurance industries. Through the HOPE Crisis Hotline and our on-site counseling centers, they help clients recover financially from natural disasters, foreclosures, and other emergencies.

We also provide pre-disaster preparedness planning. Download our free Emergency Financial First Aid Kit (EFFAK) or Personal Disaster Preparedness Guide (PDPG) now—and find out how prepared you are.

Services we offer include:

- Pre-disaster preparedness seminars.
- Emergency budget counseling.
- Emergency credit management.
- Assistance with deferring mortgage payments.
- Assistance communicating with your creditors.

Modest Needs

Modest Needs offers grants to low-income but generally self-sufficient households, displaced workers struggling to return to the workforce, permanently disadvantaged persons struggling to afford medical care, and small non-profit organizations. Our grants are designed:

- To prevent otherwise financially self-sufficient individuals and families from entering the cycle of poverty, when this might be avoided with a small amount of well-timed financial assistance;
- To restore the financial self-sufficiency of individuals who are willing to work but are temporarily unemployed by providing these persons with the means to return to work;
- To empower permanently disadvantaged individuals who otherwise live within their limited means to continue to live independently, despite a temporary, unexpected financial set-back related to their medical conditions; and
- To strengthen small non-profit organizations by providing a forum whereby such organizations can apply directly to the general public for the help they need to complete the relatively inexpensive projects that will allow them to better serve their clients and communities.

At Modest Needs, we all know from experience how hard it is to ask for help, even when you really need it. We're happy that you've found us, and we'll do everything we can to find a way to help you. If

Visiting Nurse Service of New York (VNSNY)

Post-Disaster Distress Program

The Visiting Nurse Service of New York is excited to offer a free program funded by the American Red Cross to treat post-disaster distress symptoms for survivors of Superstorm Sandy. Individuals who experience a disaster often feel intense emotions that can last long after the danger has passed. Some common post disaster reactions include fear, anxiety, anger, sadness, and guilt or shame. We will provide high quality, client-centered, strength and evidenced based care through one on one (12 weeks) and group sessions, as well as psycho-education and public education presentations.

Our staff are trained in Cognitive Behavior Therapy-Post Disaster Distress (CBT-PD) by the developer of the treatment, Dr. Jessica Hamblen (National Center for PTSD). This model was used after 9/11, Hurricane Katrina, Hurricane Ike and the hurricanes in Florida. The model will be used in both one on one, group and single psycho education sessions with evaluation forms to assess the effectiveness of the model. Our Social Work Assistants will also provide case management services to those who need resources in tandem with or more than our services provide.

The goal of our program is for our clients to see an improvement in their quality of life, increase their sense of peace, hope, and tap into their own resiliency and strengths. To do this we will help them identify the ways in which they think and feel that causes emotional pain and help them adapt new ways to thinking to draw in more positive emotions.

Housing

American Red Cross Move In-Assistance Program

The Red Cross will provide financial assistance to clients moving from transitional to long-term accommodations. They will fund expenses such as first month's rent, security deposits, broker's fees, and moving costs. Undocumented people are eligible!

Goal: The objective of the Red Cross Sandy recovery program for move-in assistance is to assist clients in moving from temporary housing situations to a sustainable housing solution. The program goal is to support clients in reestablishing a sustainable living environment without duplication of benefits.

Eligibility Criteria:

Client's primary home has been destroyed (made uninhabitable) as a result of Superstorm Sandy;
AND

ONE OF THE FOLLOWING THREE APPLIES:

1. Client was living in TSA-funded hotel as of 12/17/12; or
2. Client has a Max Grant from FEMA; or
3. Client is ineligible for FEMA assistance.

AND ALL OF THE FOLLOWING APPLY:

- Client has a demonstrated financial need which is preventing them from moving from establishing a long-term, sustainable living situation.
- Client has not received other funds (governmental or non-governmental) that meet the same financial need.
- Red Cross move-in assistance, when combined with all other resources, will allow client to move into long-term housing which is financially sustainable by the client.

Assistance to families and individuals may include:

- Eligible clients may receive up to \$10,000 for the following expenses:
- Home Repairs: To make owner-occupied primary residence habitable
- Rent: First/last month's rent
- Security Deposit: Up to two months
- Utility Deposits: May be paid to establish services at a new residence
- Other Housing Related Expenses: Reasonable housing application fees, storage, moving costs, brokerage fees and certificate of occupancy related items
- Transportation
- Temporary Housing: Up to 30 days
- Furniture and Appliances: As a necessity for the client moving into/back into sustainable housing

The Red Cross provides assistance based on documented disaster caused needs. It is important to remember that the Red Cross does not have the scale of resources of government. We are using the donations entrusted to us to the greatest extent possible to meet remaining needs and help ensure that people do not fall through the cracks.

Common Ground

Our mission is to strengthen individuals, families, and communities by developing and sustaining exceptional supportive and affordable housing as well as programs for homeless and other vulnerable New Yorkers.

Common Ground prioritizes individuals who historically were perceived as unreachable and “unhouseable”: those who have lived on the streets for years, who have the most debilitating mental and physical health conditions, and/or who have suffered significant adversity (childhood abuse or neglect, long-term foster care placement, traumatic military combat) that contributed to their homelessness. Despite being the primary consumers of substantial public resources, these special needs groups have been consistently marginalized or ignored by conventional outreach, shelter, and housing systems.

Community Development Block Grant (CDBG) program

A federal grant distributed to localities to fund neighborhood redevelopment, economic development, and community services. Eligible uses include acquisition, rehabilitation, or demolition of real estate. Any central city of an MSA, local government of over 50,000 people, or urban counties with at least 200,000 people automatically qualifies for formula-based funds from HUD. The formula allocation for CDBG funds is based on poverty levels, population, growth lag, overcrowding in housing, and the age of housing. Once receiving funding, the recipient must ensure that at least 70 percent of all funds are used for people with low or moderate incomes.

New York State Homes and Community Renewal (NYS HCR) oversees the distribution of a state-wide CDBG program (see [New York Rising Recovery](#), p. 77), while the City of New York receives a direct allocation from HUD (see [NYC Build it Back](#), p. 61). About 60% of the City’s allocation is used by HPD for housing services.

For general information on NYC CDBG disaster recovery grants, see [NYC Community Development Block Grant – Disaster Recovery \(CDBG-DR\) Action Plan](#), p. 57.

Directory of New York City Affordable Housing Programs

New York City has a long history of government intervention in residential housing markets, resulting in more than 175 affordable housing programs reflecting a wide range of goals and strategies. The Directory of New York City Affordable Housing Programs (Beta) catalogues this remarkable variety for those who develop, work with, study or live in the housing affected by these programs.

Disaster Housing Assistance Program (DHAP)

- FEMA and the U.S. Department of Housing and Urban Development (HUD) have executed an interagency agreement to assist Hurricane Sandy survivors who are struggling to find housing as they rebuild their lives.

NY Hurricane Sandy Recovery Resources

- The Disaster Housing Assistance Program (DHAP) will provide temporary rental payments directly to landlords to help families displaced by the storm.
- Disaster survivors do not need to apply separately for DHAP-Sandy-NY. FEMA will determine eligibility and refer eligible disaster survivors to HUD.
- HUD, working with state and local housing agencies, will administer the program.
- The purpose of implementing DHAP-Sandy-NY is to assist those who have not been able to reach their permanent housing solution within FEMA's standard forms of assistance.
- Since DHAP-Sandy-NY is a form of direct assistance, monthly rental payments provided to landlords are not deducted from the FEMA Individual Assistance \$31,900 maximum grant.
- Eligibility for DHAP is based on the following conditions:
 - ✓ The applicant is not able to transition to sustainable housing through FEMA's standard forms of assistance, or
 - ✓ The applicant has attempted to locate a rental property within a reasonable commuting distance but has been unable to do so because of factors outside their control, and
 - ✓ The applicant provides substantial evidence documenting a permanent housing plan.
- Applicants who are determined to be potentially eligible will be contacted by FEMA. If they are interested in the program and found to be preliminarily eligible, a FEMA representative will meet with them to review the program and its requirements. Eligible applicants will then be referred to HUD for entry into DHAP.
- Once applicants are in DHAP, they will no longer receive rental assistance from FEMA. HUD will begin to provide rental assistance directly to the applicant's landlord. A portion of the rent will be contributed by the applicant directly to the landlord.
- Participants will be required to participate in Disaster Case Management Program (DCMP), p. 57, which links disaster survivors with case managers who help them develop and implement a Disaster Recovery Plan.

FEMA housing resources

The Federal Emergency Management Agency and our federal partners are working closely with the state to address the housing needs of New Yorkers displaced by Hurricane Sandy. Our priority is to help survivors move out of hotel rooms and into apartments or their safe, repaired homes. FEMA has identified rentals in the area damaged by Hurricane Sandy and is working to match survivors to that available housing. A goal is to place survivors in rentals within their neighborhoods, or as close as possible to those areas. This not only is better for survivors, it helps neighborhood businesses.

Our goal is to maximize the number of people who are able to move back into their own homes; and for them to get home as quickly as possible. There are several programs in place to help ease this housing crunch in a place where there is always a housing crunch.

NY Hurricane Sandy Recovery Resources

Rental Assistance

Applicants with a need for housing because of storm damage to their dwelling may be eligible for a FEMA temporary rental grant. This assistance may be provided while applicants are working to accomplish a permanent housing plan.

Returning to a permanent home is a significant milestone on the road to recovery. FEMA rental assistance may last for up to 18 months from the date of declaration. So it's important for survivors to have a permanent housing plan.

FEMA has a Housing Portal at asd.fema.gov/inter/hportal/home.htm to help applicants find rental units. In addition to apartments or homes normally available, the portal identifies units provided by our federal partners.

U.S. Department of Housing and Urban Development

- <http://portal.hud.gov/hudportal/HUD>

The U.S. Department of Housing and Urban Development, led by Secretary Shaun Donovan, is playing an active role in providing temporary housing to storm-displaced families. HUD has identified thousands of available units in HUD-assisted housing and is getting that information to displaced individuals, primarily at Disaster Recovery Centers.

The Department has also increased fair market rental allowances to make it easier for displaced Section 8 voucher recipients to find replacement housing, and is allowing owners of HUD-funded senior developments the flexibility to open up vacant units to storm evacuees.

Secretary Donovan was also instrumental in bringing together New York City and State government officials and real estate trade groups in the aftermath of the storm to find housing for New York displaced families. This has led to a government and private sector partnership that gives displaced families greater options in finding vacant apartments that are affordable and safe.

Mission:

The mission of the New York State Department of Labor (NYSDOL) is to protect workers, assist the unemployed, and connect job seekers to jobs. We vigorously enforce State labor laws to give businesses that obey the law an even break. We work aggressively to ensure a fair wage for all workers. We protect the safety and health of workers and the public. We help the unemployed via temporary payments (unemployment insurance). We link job seekers with employers and guide workers to training that will keep New York strong in the world economy.

The Division of Immigrant Policies and Affairs (DIPA) helps ensure that workforce development programs are accessible to English Language Learners, that wage-and-hour laws are rigorously enforced for all workers, regardless of immigration status and that immigrant business owners are

NY Hurricane Sandy Recovery Resources

aware of educational and practical assistance available to help their businesses thrive. We do this by using a combination of outreach, community involvement, and advocacy to serve and educate the state's diverse, growing immigrant population.

The Division of Employment and Workforce Solutions (DEWS) supports economic growth and barrier-free access to programs and services for adults, dislocated workers, youth, and special populations.

Services provided:

- Employment counseling
- Information and referral
- Interview skills workshops
- Job placement
- Job search techniques
- Job skills training
- Resume preparation assistance

DIPA evaluates and certifies applications for U-visas and refers human trafficking victims for services to OTDA (Office of Temporary and Disability Assistance) and DCJS (Division of Criminal Justice Services).

FEMA Flood Map Information

To give homeowners and builders the best current information on flood risk, on June 10, 2013, FEMA released Preliminary Work Maps for New York City. These maps are an interim product in the development of preliminary Flood Insurance Rate Maps (FIRMs) and reflect the results of the ongoing coastal flood hazard study and more precise wave modeling. This information is considered the best available flood hazard data and replaces the Advisory Base Flood Elevation (ABFE) maps that were initially prepared for rebuilding and recovery efforts in the aftermath of Hurricane Sandy.

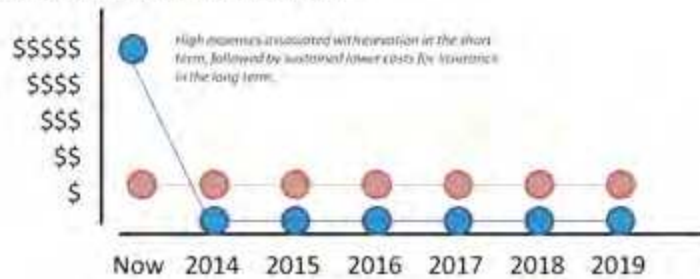

To facilitate recovery and rebuilding, the City has made accommodations in zoning regulations and upgrades to the Building Code so that new construction can build to these higher standards.

Substantially Damaged or Substantial Improvements : Any building classified as substantially damaged or as a substantial improvement must be elevated to fully comply with the flood zone regulations for new buildings in Appendix G of the 2008 NYC Building Code. For residential buildings, this includes elevating the habitable spaces and filling in the basement or cellar.

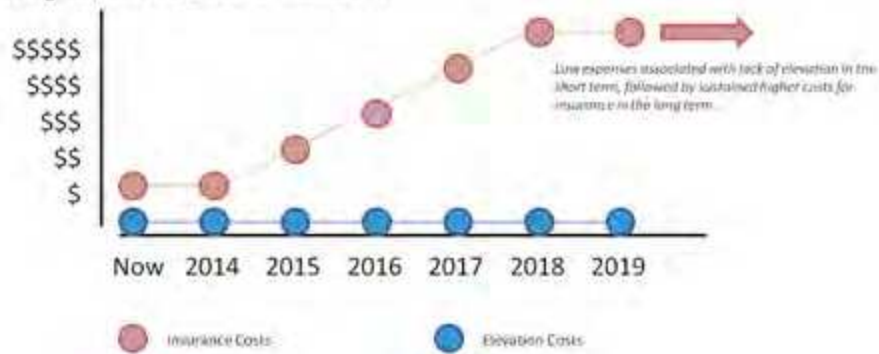

Other: Buildings not classified as substantially damaged or as a substantial improvement are not required to elevate/reconstruct the entire building according to the flood zone regulations for new buildings in Appendix G. However, the Department of Buildings strongly recommends that homeowners comply with these regulations, as well as relocate essential equipment and electrical panels above flood levels wherever possible. It is also important to note that flood insurance premiums are based on flood risk. Property owners can save money by reducing their vulnerability to flooding.

Muck-out/emergency mold suppression

Mold can worsen asthma and trigger allergies and is a health risk for people with weakened immune systems. However, it can be removed safely by following some guidelines.

What You Should Know

- Remove mold as soon as possible. It grows on wet sheetrock, ceiling tiles, paint, wallpaper, carpeting, wood, clothing, furniture and other materials.
- Although there are many types of mold, the process to remove it is the same for all.

NY Hurricane Sandy Recovery Resources

- When removing mold or dust from your home, it is very important that you wear an N95 dust mask, for sale at supply, home improvement and hardware stores. Learn more about wearing the [N95 mask](#) [[En Español](#)] [Русский](#)].

What You Should Do

- Inspect your home thoroughly for mold.
- Protect yourself by wearing the right gear, including an N95 dust mask when disturbing mold or dust. (<http://www.nyc.gov/html/doh/em/downloads/pdf/sandy/res-health.pdf>)

- Isolate wet, moldy areas, and repair work from living areas with plastic sheeting or other barriers.
- Remove any standing water and ventilate the work area.
- Remove wet, moldy materials.
- Reduce dust by wetting down dried surfaces and material before removing and disposing.
- Scrub off mold from metal, glass, solid wood, concrete and other hard surfaces with soapy water.
- Dry out your home completely before replacing walls and flooring . Use dehumidifiers and heating to remove moisture. Open windows and use fans to help dry and ventilate spaces.
- Consider hiring a contractor for help if mold growth and damage is extensive. See Tips for Hiring a Contractor: <http://www.nyc.gov/html/doh/em/html/repairs/hiring-a-contractor.shtml>.

Note: Asbestos may be found in insulation materials around old pipes and boilers. If you are not sure if the damaged insulation or other building materials contain asbestos, do not remove it yourself. Contact a licensed asbestos contractor.

Mold growth

After natural disasters such as hurricanes, tornadoes, and floods, excess moisture and standing water contribute to the growth of mold in homes and other buildings. When returning to a home that has been flooded, be aware that mold may be present and a possible health risk for your family.

For more information about mold, see "Flood Cleanup and the Air In Your Home" (<http://www.epa.gov/iaq/flood/index.html>), and the U.S. Department of Health and Human Services (HHS), Centers for Disease Control and Prevention's (CDC) Emergency Preparedness and Response page on "Protect Yourself from Mold" at <http://www.bt.cdc.gov/disasters/mold/protect.asp>.

Mold removal

If your home suffered water damage from the hurricane, be aware that mold may now be present. Mold poses several health and safety risks to building occupants and it is important to remove mold. Neighborhood Revitalization NYC (NRNYC) Mold Treatment Program

What is the NRNYC Mold Treatment Program?

A new initiative paid for with private funds from the Mayor's Fund to Advance New York City, the Robin Hood Foundation and the American Red Cross and developed in partnership with the city. The Program will directly help approximately 2,000 households in affected areas deal with mold left behind by water damage from Hurricane Sandy. Neighborhood Revitalization NYC will coordinate mold treatment work. The treatment work will be conducted by environmental consultants, contractors and not-for-profit organizations, staffed by volunteers.

How do I apply for the program?

Eligible homeowners referred by NRNYC's partner network can register by calling 1-855-740-MOLD (6653). This call center will operate Monday – Friday from 9am to 6pm. In addition, 311, New York City's main source of government information and non-emergency services, will have information and can connect homeowners with the hotline.

How does a person qualify for the program?

There are two qualifying factors: the condition of the property (extent of water damage) and household income. Priority will be given to households with income up to 120% of the area median income (AMI); however, households up to 175% may qualify. Special consideration will be made to elderly homeowners under 120% AMI.

INCOME ELIGIBILITY BY % OF AREA MEDIAN INCOME (AMI)
OF THE NEW YORK CITY REGION

	120%	175%
Family of four	\$99,600	\$145,250
Family of three	\$89,640	\$130,725
Family of two	\$79,680	\$116,200
Individual	\$69,720	\$101,675

Is there a cost for the program?

This program will be free for qualified participants.

What is the process once a homeowner applies?

After a homeowner applies, NRNYC will review the application and notify the homeowner whether they qualify for the program. Homeowners who qualify will be scheduled for an environmental assessment of their property. If the environmental specialist determines that the mold treatment needs meet the criteria of the program, mold treatment will be scheduled. In addition, an environmental specialist will conduct a final assessment of the property.

Can residents who are not homeowners get mold treatment assistance?

Buildings with 1 to 4 units can qualify. The applicant must be the owner of the property to qualify for this program. The homeowner must complete and sign an access agreement to receive services. Renters can call 311 if they are having difficulties getting their landlord to address mold issues in their house or apartment.

NY Hurricane Sandy Recovery Resources

What other mold treatment resources are available to homeowners?

Homeowners who want to learn more about mold and how to remove it themselves can register for free mold treatment training and obtain a free mold supply kit. The trainings are supported by the Mayor's Fund to Advance New York City and led by CUNY School of Public Health at Hunter College and the University of Medicine and Dentistry, New Jersey (UMDNJ) School of Public Health, in coordination with the NYC Department of Health and Mental Hygiene (DOHMH). Trainings will take place in Brooklyn, Queens, and Staten Island.

NYC nonprofit assistance

New York City has a large nonprofit sector unmatched by any other city in size and scope of services. The nonprofit sector employs more than half a million New Yorkers, serves as a critical economic engine in many New York City neighborhoods, and provides crucial social services and enriching cultural programming to residents and visitors. The sector also comprises environmental groups and world-class educational and health care organizations that help to shape and sustain the city.

A strong nonprofit sector therefore helps to keep New York City strong.

The City is advancing a variety of initiatives to support the nonprofit sector. These include efforts to reduce costs, improve City contracting procedures, and strengthen nonprofits. This site will provide you with updates on current efforts and allow opportunities to shape reforms. You may also access helpful materials, connect with management consulting providers, and learn and share information about trainings and events.

NYC Nonprofit Recovery Loan/Grant Program

The New York City Nonprofit Recovery Loan and Grant Program is designed to provide critical funds in the coming months to bridge the gap between expenditures needed to support the recovery from Hurricane Sandy and anticipated revenues such as grants, pledges, contract reimbursements, FEMA and insurance payments.

In all cases priority is given to nonprofit organizations that are located in and/or providing services in the areas most affected by Hurricane Sandy. Please read the description of each program to see which one fits your organization's circumstances.

The Loan/Grant Program is for organizations that have applied to FEMA, with the expectation that FEMA will, at some point, be making an award. These nonprofits may also be receiving funds from private insurance and/or an SBA Loan. The amount of the loan/grant is determined by tangible property damage. The loan portion will be made against reimbursements expected from private insurance, SBA loans, FEMA and government contracts. Loans will be interest-free.

The Nonprofit Recovery Loan/Grant Program is administered by the Fund for the City of New York. The grant component of the program is supported by the Mayor's Fund to Advance New York City and the loan program is supported by funders including the Ford Foundation, Capital One Bank, and The New York Community Trust.

Sandy VIP Program

Since Hurricane Sandy, New York Cares has provided thousands of volunteers to help with immediate needs - from food and clothing distribution to mucking out homes. We believe that volunteers can continue to play a critical role in helping non-profit and community organizations meet their missions and help our city recover. As part of our on-going Disaster Response and Recovery efforts, New York Cares is launching our Sandy Volunteer Impact Partnership (VIP) Program in the model of our tested city-wide VIP Program.

Sandy VIP seeks to improve the capacity of impacted non-profit and government organizations including New York City public schools by utilizing and integrating volunteers. Sandy VIP partners will work with New York Cares for **one year** to create a volunteer engagement plan, including beginning new volunteer programs and engaging local volunteers. This program is provided at no cost to the Community Partner.

As part of this program, New York Cares will:

- Assign a dedicated Program Manager to provide ongoing programmatic support as well as volunteers for one-time events;
- Meet monthly with Sandy VIP program leads at Community Partners;
- Recruit local volunteers;
- Perform a comprehensive assessment to identify the needs that volunteers might meet;
- Help design and implement a vision for a community space including revitalization and/or light construction (supply costs included);
- Help design and implement on-going programs for volunteers to work with or alongside community residents, clients, students, and others for the long-term benefit of the affected region (supply costs included);
- Provide training on volunteer management, program design and evaluation; and,
- Convene quarterly meetings of partner staff members to share best practices, solicit feedback, and provide collegial support to agency staff.

We are looking for 12 to 15 organizations to participate. Applications will be accepted on a rolling basis with preference given to early applicants.

Recovery Programs

Community Development Block Grants (CDBG)

The federal government uses a program called Community Development Block Grants (CDBG) to provide communities with resources that address a wide range of needs. These funds are flexible and help cities, counties and states recover from disasters – particularly in low income communities. Some of the federal aid for areas affected by Hurricane Sandy will come through this program in the form of Community Development Block Grant- Disaster Recovery funding. There will be several rounds of CDBG-DR funding. NYC's initial award is for \$1.77 billion. The chart below summarizes how the City plans to use this money.

Program Name	CDBG-DR Allocations (\$ in millions)
Housing Programs	\$648
NYC Houses Rehabilitation and Reconstruction	\$306
Rental Assistance	\$9
Multi-Family Building Rehabilitation	\$225
Public Housing Rehabilitation and Resilience	\$108

Citywide Administration and Planning	\$177

NY Hurricane Sandy Recovery Resources

Planning**	\$90
Administration**	\$88
TOTAL	\$1,772

* The activities for Resiliency Investments will be identified in a future Partial Action Plan.

** These initial allocations are based on the best data currently available and reflect projections of need to support the programs. It can be anticipated there will be future adjustments based on actual experience once programs are implemented; however, neither planning nor administrative expenses will surpass their statutory caps.

The Community Development Block Grant Disaster Recovery funds are administered by the U.S. Department of Housing and Urban Development (HUD). To learn more about the CDBG Disaster Recovery program and other Community Development programs, visit HUD's website at www.hud.gov.

NYC Community Development Block Grant - Disaster Recovery (CDBG-DR) Action Plan

New Yorkers living and working in communities affected by Hurricane Sandy continue to face many challenges as they rebuild their homes, restore their businesses and get their lives back to normal.

On January 29, 2013, President Obama signed into law the "Disaster Relief Appropriations Act, 2013" (Public Law 113-2) which provides \$16 billion in Community Development Block Grant Disaster Recovery (CDBG-DR) funds to repair and restore areas affected by Hurricane Sandy.

The City's first round of CDBG-DR funds is \$1.77 billion. On May 10, 2013, the U.S. Department of Housing and Urban Development approved the City's partial Action Plan ("Action Plan A" – <http://www.nyc.gov/html/cdbg/html/plan/read.shtml>). The plan details how we will use this funding to help New Yorkers rebuild their homes, businesses and communities. We spoke with elected officials, community members, and home and business owners to create a plan that will best serve those recovering from Hurricane Sandy.

CDBG-DR Action Plan Amendment 1

The City has released its first amendment to the Community Development Block Grant - Disaster Recovery (CDBG-DR) Action Plan. This plan details how the City will spend the initial round of \$1.77 billion in Federal disaster aid through the U.S. Department of Housing and Urban Development to help with recovery from Hurricane Sandy. The proposed CDBG-DR Action Amendment 1 is available here: <http://www.nyc.gov/html/cdbg/html/plan/read.shtml>.

Disaster Case Management Program (DCMP)

An organized, effective long-term recovery process is needed when survivors' personal resources, insurance, and government grants and loans are insufficient to meet their recovery needs. Potential clients should be referred to Disaster Case Management if they have disaster-caused needs not met by the referring organization's program(s).

Sandy DCM Referral Line: 855-258-0483

Background

New York State, with funding from the FEMA, is providing disaster case management (DCM) services for New Yorkers with unmet needs arising from Hurricane Sandy. Catholic Charities Community Services, Archdiocese of New York is managing the DCM program, as it did following Hurricanes Irene and Lee.

The DCM program is designed to provide a locally based disaster case manager for New Yorkers with unmet needs related to Hurricane Sandy. By funding a coordinated network of community-based agencies, New York State hopes to provide easy access to support for residents seeking help and to avoid duplication of services.

Catholic Charities is subcontracting with locally based not-for-profits to provide direct services through October 2014 in the following counties: Bronx, Kings, Nassau, New York, Orange, Putnam, Queens, Richmond, Rockland, Suffolk, Sullivan, Ulster, and Westchester.

NY Hurricane Sandy Recovery Resources

Eligibility

In order to be eligible for the DCM program, a person must have an unmet need that arose from or was exacerbated by Hurricane Sandy. Those who are ineligible for FEMA or other assistance programs are still eligible for the DCM program as long as they have a verifiable unmet need related to the storm.

Program Model

- Offering *information and referral* services to clients that do not need, want, or qualify for DCM services;
- Accepting client inquiries *by phone, in person by appointment or on a walk-in basis*;
- Preparing a *comprehensive assessment* of client needs;
- Developing an outcomes-based *individualized disaster recovery plan*;
- Providing *crisis intervention* services where appropriate;
- Advocating to resolve unmet needs and to *access available benefits and services*;
- *Maintaining ongoing contact with clients*;
- Initiating or participating in *case conferencing* where needed with other service providers;
- *Closing cases* as appropriate, and referring clients with unmet needs to long term recovery committees in their communities;

Accessing Services

Through **211/311**, the Catholic Charities SANDY Helpline (**855-258-0483**), or directly through DCM agencies (see list, below).

Whether you have applied for FEMA or not — even if you were not eligible or were denied assistance — there may be local resources available for you. A trained, compassionate case manager can work one-on-one with you to:

- Answer your questions about recovery
- Develop a plan to address your needs
- Connect you with appropriate community resources
- Determine what financial assistance may be available to you
- Advocate on your behalf with service and benefit providers

NYC Build it Back

is the City program to assist homeowners, landlords and tenants in the five boroughs whose primary homes were damaged by Hurricane Sandy. Funded by the Federal Community Development Block Grant – Disaster Recovery (<http://www.nyc.gov/html/cdbg/html/home/home.shtml>) (CDBG-DR) Bill passed by Congress, the goal of NYC Build it Back is to help affected residents return to safe, sustainable housing by addressing unmet housing recovery needs. **Registration deadline is October 31, 2013.**

To Get Started

Register online:

- <https://www.nyc.gov/apps/311universalintake/form.htm?serviceName=CHALL+Build+it+Back>

or call 311 and ask for NYC Build it Back. Once you register, begin to gather necessary documents from this list

- http://www.nyc.gov/html/recovery/downloads/pdf/prepare_your_documents.pdf

The City will schedule an in-person appointment between the applicant and a Housing Recovery Specialist. The Housing Recovery Specialist will act as the applicant's primary point of contact through the application submission process until the applicant either selects an assistance option or is deemed ineligible. Applicants will be contacted based upon order of priority.

Options available through the NYC Build it Back program

NYC Build it Back provides several pathways to help you return to permanent, sustainable housing: Repair, Rebuild, Reimbursement and Acquisition. These are the options your Housing Recovery Specialist will discuss with you if you are eligible for funding:

- **Repair:** If your home needs repairs, NYC Build it Back will assign a contractor to you to complete the work, or you can use your own contractor to do the work, following program guidelines and cost restrictions. NYC Build it Back will make payments directly to the contractor.

NY Hurricane Sandy Recovery Resources

- **Rebuild:** If you need to rebuild your home, you may choose from several customizable model homes designed specifically for your community. You may also choose your own contractor to build one for you, following program guidelines and within cost restrictions. NYC Build it Back will make payments directly to the contractor.
- **Reimbursement:** If you have already spent your own funds to make repairs to your home, you may be eligible for reimbursement. Please maintain all receipts for work done and items purchased.
- **Acquisition/Buyout:** You may also have the option of voluntarily selling your home to the government. New York City and New York State have been working together to determine where it makes sense to purchase properties return to undeveloped, open space (NY State Buyout Program), and where it makes sense to purchase properties which can be redeveloped to more resilient standards. Your Housing Recovery Specialist will explain those options.

Eligibility requirements for NYC Build it Back

Personal eligibility requirements include:

- Homeowners and landlords must have owned the damaged property at the time of the storm and maintained ownership in order to be eligible for assistance.
- All residential buildings which act as a primary residence (whether owner-occupied, or renter-occupied year-round) may be eligible. Owners of single or multi-family buildings (over four units), rentals, cooperatives or condominiums in the five boroughs damaged by Sandy can qualify for NYC Build It Back grants or loans
- Per federal regulations, second homes are not eligible for assistance.
- US citizenship or documented qualified alien status

Property eligibility requirements include:

- Homes must be located within NYC
- Homes must have suffered damage as a result of Sandy

Build It Back required documents

Please gather the following materials as soon as possible. Doing so before your first meeting with your Housing Recovery Specialist may speed up your application process.

Identity:

- For the Applicant and co-Applicant:
- Government issued photo ID for both the Applicant and Co-Applicant (Driver's license, Passport, Permanent Resident card , Military ID)

Income:

- Income for each member of the household 18 or older:
- 1040 form or all W2s and 1099s Paystubs /or proof of repeated bank deposits from employer

NY Hurricane Sandy Recovery Resources

Primary Residence:

In addition to a government-issued ID showing the address of the damaged building (your primary residence), provide one of the following, showing the same address:

- Copy of 2012 federal tax return
- Document displaying receipt of government benefits (e.g. social security). Must be dated between September 2012 and May 2013.
- Vehicle registration certificate.
- Utility bill displaying 12 months of usage at your primary residence.

Documentation of private insurance claim or settlement (if applicable)

If you've either made a private insurance claim or received a settlement for the Sandy-damaged structure, you will be asked to provide all of the following:

- Amount claimed/received for structure
- Insurance company name
- Agent's name and phone number
- Policy date
- Policy number
- Claim number
- Receipts showing expenditure on repairs to damage caused by Sandy

You may have already received funds intended for Sandy-related rehabilitation and repair. These may have come from FEMA, SBA, the National Flood Insurance Program, New York State Assistance or philanthropic groups. If so, please provide receipts and other documentation demonstrating that these funds were spent appropriately, according to your funding source.

Information for Landlords of Multi-family Dwellings

NYC Build it Back has a Multi-family Program designed to assist owners of properties with five or more apartments within all five boroughs affected by Hurricane Sandy. Rental properties, condominiums, and cooperative buildings are all potentially eligible. Financial assistance will be provided as a forgivable loan to cover unmet need for rehabilitation of buildings that sustained damage as a result of Sandy. In addition, the City intends to strengthen the housing infrastructure by identifying opportunities to increase resiliency against future events.

The Program's objectives include:

- Assist properties affected by Sandy by funding the unmet need for the rehabilitation of eligible multi-family buildings. Work funded may include repairing damage to common spaces, mechanical systems, and individual apartments. "Unmet need" is the difference between the total cost of the repairs, less any amount paid to the property owner from any other sources, including insurance.
- Help multi-family buildings affected by Sandy by improving the resilience of their properties while restoring their buildings.
- Prioritize assistance to NYC's most vulnerable populations, including residents with low to moderate income, and properties which suffered the most severe damage.

NY Hurricane Sandy Recovery Resources

Owners and property managers of multifamily properties and representatives of cooperative and condominium properties are encouraged to register with the NYC Build it Back program. City representatives will guide owners through the process including determining the building's eligibility, developing a scope of work to be funded under the program and overseeing construction.

NYC temporary rental subsidy program

The City, through the Department of Housing Preservation and Development, will be administering a temporary rental subsidy program to serve a very limited number of Sandy-displaced households earning less than 50% of the area median income, who have not already been offered placements through public housing or Section 8. Under this temporary disaster assistance program, households are required to pay 30% of their income toward rent. Registration for rental assistance is through the 311 NYC Build it Back intake process. Funding is limited and households currently residing in the city's hotel system will be prioritized.

Resources for Renters

Resources for renters affected by Sandy vary by household income. In order to determine which programs may be helpful for you, please use the chart below to determine whether your household income is below 50% of Area Median Income (AMI), between 50%-80%, or greater than 80% of AMI.

Family Size	50% of AMI Threshold for Rental Subsidy	80% of AMI Threshold for Housing Referral
1	\$30,100	\$48,100
2	\$34,400	\$55,000
3	\$38,700	\$61,850
4	\$42,950	\$68,700
5	\$46,400	\$74,200
6	\$49,850	\$79,700
7	\$53,300	\$85,200
8	\$56,700	\$90,700

Information for renters at or below 50% of AMI

If you are a renter displaced by Hurricane Sandy, and your household income is less than 50% of the Area Median Income (AMI), you may be eligible for a temporary rental subsidy for up to 2 years by registering with the NYC Build it Back program. The program is called Temporary Disaster Assistance Program, or TDAP.

Households are required to pay 30% of their income toward rent. Funding is extremely limited, and households currently residing in the city's hotel system will be prioritized. Initial income eligibility will be determined through the central Build it Back 311 intake process. Income and other eligibility factors will be further reviewed and confirmed through the TDAP program at the Department of Housing Preservation and Development.

Documentation requirements for rental assistance include, but are not limited to:

- Proof of damage and displacement as a result of Hurricane Sandy

NY Hurricane Sandy Recovery Resources

- Confirmation that you have not already been offered placements through public housing or Section 8,
- Proof of income
- Proof of pre-storm address
- Documentation of vital records (date of birth, identity, social security)

Information for renters between 50-80% AMI

If you were a NYC resident during Hurricane Sandy and are a renter displaced by the hurricane with an income between 50%-80% of AMI, the New York City Housing and Preservation and Development office (HPD) may be able to help you find an affordable apartment. Eligible households identified through the Build It Back 311 intake process will work with a housing placement coordinator who will assist with apartment referrals.

Information for renters greater than 80% AMI

Urban Edge: The City has worked with the independent real estate website, Urban Edge, to provide short term listings for displaced Sandy renters. You may also search their database of long term options, which includes landlords who have expressed a desire to work with displaced Sandy renters.

Information for renters of all incomes

Relocation Assistance: If you live in a property damaged by Sandy and if your building owner is a participant in the Build it Back Program which requires you to move during construction funded by the program, you will be contacted regarding your right to relocation benefits during your landlord's intake process for the Build it Back program. Benefits include advisory services (including the offer of a comparable unit), payments equal to any increase of rent you must pay for a comparable unit during the construction process (up to 42 months), and moving expenses.

Catholic Charities: Catholic Charities is operating a Disaster Case Management Program (see p. 58) for help with a variety of disaster-related needs. For more information, please call Catholic Charities' Sandy Referral Line at 855-258-0483 or visit

Small businesses

NYC business relief

The City of New York has implemented a series of initiatives to help businesses recover from the devastating effects of Hurricane Sandy, including the NYC Hurricane Sandy Loan & Grant Program, NYC Restoration Business Acceleration Team (RBAT), and more.

Business loan and grant program

The City of New York and the U.S. Department of Housing and Urban Development are providing small businesses in New York City with disaster recovery loans and grants as part of the \$293 million allocated for business recovery through the Community Development Block Grant Disaster Recovery Program. For more information and to find out what you need to apply, visit the NYC Business Solutions (<http://www.nyc.gov/html/sbs/nycbiz/html/home/home.shtml>) website. NYC Business Solutions Account Managers are on hand to answer any questions. You can contact an account manager online (<http://www.nyc.gov/html/sbs/nycbiz/html/contact/contact.shtml>), or by visiting your local NYC Business Solutions Center (<http://www.nyc.gov/html/sbs/nycbiz/html/contact/locations.shtml>).

Coordinating permitting and inspections to open up your business

The City of New York has established the NYC Restoration Business Acceleration Team (RBAT) to assist businesses affected by Hurricane Sandy by coordinating the services, permitting and inspections needed to reopen as soon as possible. RBAT builds upon the expertise of the New Business Acceleration Team (NBAT) which has helped more than 1,400 businesses employing more than 16,000 people open more quickly—in many instances cutting in half the time required to open their doors. To date, RBAT has directly assisted 126 businesses. RBAT client managers serve as a single point-of-contact for impacted businesses, providing necessary information, coordinating

NY Hurricane Sandy Recovery Resources

scheduling with safety and regulatory agencies, and troubleshooting problems. For further information, visit the RBAT homepage at <http://www.nyc.gov/html/nbat/html/rbat/rbat.shtml>.

Fee relief for business recovery

To help New York City businesses impacted by Hurricane Sandy, a new local law waives various City fees required for rebuilding, recovery and operation of businesses. A business may apply for a fee waiver by October 31, 2013, and may have fees waived until December 31, 2013.

Weatherization Assistance

The Weatherization Assistance Program assists income-eligible families and individuals by reducing their heating/cooling costs and improving the safety of their homes through energy efficiency measures. Energy efficiency measures performed through the program include air sealing (weatherstripping, caulking), wall and ceiling insulation, heating system improvements or replacement, efficiency improvements in lighting, hot water tank and pipe insulation, and refrigerator replacements with highly efficient Energy Star rated units. Both single-family and multi-family buildings are assisted. Household energy use reductions and resultant energy cost savings are significant, with an average savings in excess of 20%. Individual households apply by contacting the provider that serves their area.

For more information, contact the Weatherization Program at 518-474-5700 or email Weatherization@nyshcr.org.

Adult care in Nassau County

Adult Protective Services (APS)

Accepts all referrals of adults, over the age of 18 years, who are alleged to be incapable of caring for themselves because of a physical or mental incapacity and/or are abused, neglected or financially exploited by others; and have no one willing or able to assist them responsibly. Services may be provided free, without regard to income. A caseworker will visit the person in his/her home within 24 hours, if the allegation is life threatening; and within 3 working days, if non-life threatening. It uses a case management approach to evaluate eligibility for homemakers, counseling, financial management services, and medical services. Anyone making a referral to Adult Protective Services in good faith is protected from civil liability.

- 516-227-8083.

Adult Preventive Services

All Hands Volunteers

All Hands is doing mucking, gutting, and mold treatment. Our mucking and gutting is generally in support and preparation for our mold treatment, though by no means exclusively. We are currently targeting 100 houses for mold treatment from January 7 to July 7. It is important to note that we're not offering professional mold remediation or certification of our process. If a client needs such certification for a contractor or insurance, I would direct them to the Better Business Bureau's listing of environmental services on Long Island:

- <http://www.bbb.org/new-york-city/accredited-business-guide/environmental-testing-consulting/4040>.

Our requirements to be able to treat for mold in a house are:

- There must be electricity to the house. The house doesn't need to have been rewired, but there must be power to, if not past, the breaker panel.
- The house must be securable. This is typically by locking the doors and windows and putting a realtor's key box on the door for our teams to access the house. In some cases, if residents are present full-time, this isn't necessary, but is still our preference
- During cold weather, the house must have heat. If it is above about 45 degrees, we can heat the house with our portable heaters.
- The homeowner must be willing to let us gut the house to the extent necessary for mold treatment to be effective. This varies from house to house, but usually includes bathrooms, drywall to four feet or eight feet, all furniture and possessions, and often floors.

We don't have formal financial criteria or vetting in place. Our intent is, by working in and reaching out to low-income areas we will reach the most vulnerable.

We're working in and around Long Beach, Island Park, Oceanside, East Rockaway, and Freeport. We have worked as far as Wantagh, Massapequa, South Hempstead, Valley Stream, and essentially anywhere within about a half hour drive of our base in Long Beach.

Our turnaround time to call back homeowners is pretty fast, usually the same day or the next day. Our turnaround for the assessor to visit is also fast, usually one to three days. Our turnaround for work to start is usually one to two weeks after assessment. Gutting can take anywhere from half a day to six days. Treating for mold, including drying, can take from 48 hours to eight days.

To refer cases to us, your agents or clients can call (516) 362-6493, or email

NECHAMA

NECHAMA is currently providing volunteer services for Long Island residents affected by Hurricane Sandy who need the following:

- Subfloor Installation
- Insulation Installation
- Sheetrock Installation
- Sheetrock Finishing (mud & tape)
- Painting

These services are available to homeowners who sustained minor to moderate damage, but do not have enough funds to complete all repair work. Some residents may qualify for additional gap building materials funds (\$2,500 maximum), based on their financial need. There is no income requirement for applicants requesting only volunteer labor and that have funds to purchase all materials, though cases may be prioritized based on need. All applications must be submitted through a Case Manager at a qualified disaster case management agency. For more information on NECHAMA's services:

Applications are now being accepted for:

- **Recreate NY Smart Home Program**, providing assistance with home repair/rehabilitation, mitigation/elevation and/or buyouts.
- **Recreate NY Multifamily Housing Mitigation/Elevation Grant Program**, assistance targeted to mitigation of affordable housing to elevate homes or key systems.
- **Recreate NY Smart Home Buyout Program**, a voluntary program to assist homeowners who wish to leave their storm-damaged properties.

Online resource for applying for and managing your disaster recovery award from the State of New York. If you have previously submitted a pre-application for housing or business assistance, a username and temporary password will be emailed to you. If you have not previously submitted a pre-application for assistance, please register here.

- https://apply.nysandyhelp.ny.gov/intelligrants_NYS DR/Login2.aspx?APPTHEME=NYS DR

To be eligible for one of the New York Rising Disaster Recovery Programs, you must be able to answer YES to the following questions:

Is the property or business for which you are seeking assistance located in one of the counties declared as a disaster area as a result of Hurricane Sandy, Hurricane Irene or Tropical Storm Lee?

The following counties were impacted and eligible through New York Rising Recovery Programs: Albany, Broome, Chemung, Chenango, Clinton, Columbia, Delaware, Dutchess, Essex, Fulton, Greene, Herkimer, Montgomery, Nassau, Oneida, Orange, Otsego, Putnam, Rensselaer, Rockland, Saratoga, Schenectady, Schoharie, Suffolk, Sullivan, Tioga, Ulster, Warren, Washington, and Westchester.

Was the property or business damaged as a direct result one of the above named storms?

This program is designed to assist properties and businesses damaged by the storm.

Recreate NY Smart Home Program

The State of New York and its Recreate NY Smart Home Program partners in local governments are now accepting registrations for housing assistance for residents located in disaster-declared counties. These registrations will be used to determine potential program eligibility for each registrant. This includes counties affected by Hurricane Irene or Tropical Storm Lee.

If your residential property was affected by Superstorm Sandy, Hurricane Irene or Tropical Storm Lee, you may be eligible for assistance to address your remaining unmet housing recovery need(s) in a variety of categories, including home repair/rehabilitation, mitigation/elevation and/or buyouts. Assistance may also be available to owners of rental properties in the impacted region. Receipt of funding under this program may not duplicate disaster-related assistance you have already received or may be eligible for from other federal, state, local and/or private sources of disaster-related assistance, including, but not limited to, homeowners and/or flood insurance proceeds.

Recreate NY Multifamily Housing Mitigation/Elevation Grant Program

Funding may be available for residential property owners in disaster-declared counties whose property was damaged or destroyed by Superstorm Sandy, Hurricane Irene and/or Tropical Storm Lee. Funding will be provided to assist property owners to cover damages that are outstanding after federal, state, local and private sources have been exhausted. The assistance is targeted to mitigation assistance of affordable housing to elevate homes or key systems. Affordability and flood insurance requirements may be placed on all assisted units following completion of mitigation activities. These requirements and program parameters are subject to federal approval and may change. Funding for this program will not be distributed by the federal government and made available to the State of New York and its partners until federal agencies have approved the program discussed in this document.

- Register here: <https://www1.dhcr.state.ny.us/sandyrecoveryprogram/personal>

Recreate NY Smart Home Buyout Program

Funding for buy-outs may be available for homeowners in disaster declared counties. Funding will be provided to give residents the opportunity to leave their properties through a voluntary buyout program for homes that were substantially damaged and/or located within designated buyout areas where damage occurred.

Buyouts are strictly voluntary. No homeowners are ever forced to relinquish their property, but homeowners who decide not to participate in the buyout may be required to take risk reduction measures, such as elevating their homes and purchasing insurance coverage through the National Flood Insurance Program (NFIP), if locally available.

More information will be available within the coming weeks.

Residential Energy Affordability Partnership (REAP)

If you qualify, Long Island Power Authority (LIPA) can show you how to lower your energy costs through a comprehensive REAP home survey

What is Residential Energy Affordability Partnership (REAP)?

REAP (Residential Energy Affordability Partnership) is a LIPA program for income-eligible customers designed to help them save energy and lower their electric bills. Participation in REAP can make your home healthier and safer. In addition participants are guided to other non-LIPA services that can help them with any special needs.

What can I expect?

During the REAP home survey, a REAP technician may install energy-saving measures in your home...at no cost to you! In fact, all REAP services provided are at no cost to eligible customers. REAP technicians choose items that will make your home the MOST energy efficient.

- <http://www.lipower.org/residential/custserv/fa-reap-expect.html>.

You are eligible for REAP if:

- You have a LIPA account number
- Your house is a one to four family dwelling
- You meet the income guidelines below:

2013 - 2014 Income Guidelines

Size of Family	70% Median Annual Income	70% Median Monthly Income
1	\$52,675.00	\$4,389.58 or less
2	\$60,200.00	\$5,016.67 or less
3	\$67,725.00	\$5,643.75 or less
4	\$75,250.00	\$6,270.83 or less
5	\$81,270.00	\$6,772.50 or less
6	\$87,290.00	\$7,274.17 or less
7	\$93,310.00	\$7,775.83 or less
8	\$99,330.00	\$8,277.50 or less

If your family size is greater than 8 persons;
increase the annual income by \$6,020 for each additional person.
