Tuition and Fees*

Enrollment Information - Enrollment in Alliance for Lifelong Learning classes is limited to adults 18 years of age or older except for GED and High School completion classes, which enroll younger students in accordance with each program's specific age requirements.

Tuition - Tuition and fees are as low as operating costs and state law permits and are subject to change without notice. Tuition is the same for both in- and out-of-district residents, and does not include the cost of textbooks or materials. Personal checks are accepted. When providing a check as payment, you authorize the College to either use information from your check to make a one-time electronic fund transfer from your account or to process the payment as a check transaction. A \$25 fee will be applied if your check is returned by the bank.

Processing Fee - Registrants will be charged an \$8 non-refundable processing fee at the time of registration. However, students who register online at Oakton's Web site will only be charged once per semester for an unlimited number of classes. Those registering in person, by mail, or by fax will be charged an \$8 fee with each registration form.

Cancellation Policy - If the Alliance cancels a class, registered students will receive a 100 percent tuition refund.

Refund Policy - If a student wishes to drop a class, a 100 percent tuition refund minus a \$10 cancellation fee will be issued if the student notifies the Alliance office at least five business days prior to the first class session.

No refunds will be issued for requests received less than five business days before the start of class unless authorized at the discretion of the Alliance administrators.

Residency (In-district Senior Citizens) - Residents of Oakton's district who are 60 years or older are eligible to receive a senior discount on tuition (unless otherwise indicated). In-district seniors (60+) who register for an Alliance class on or after July 7, 2014 are eligible for a 15 percent tuition discount. In-district seniors who registered before that date will continue to receive a 50 percent discount where applicable. Proof of age and in-district residency must be provided in-person prior to registration.

Acceptable documentation includes: a valid Illinois driver's license or Illinois state ID; or two current bank statements or utility bills. Residency is required 30 days immediately prior to the beginning of the term. Additional proof may be requested at the discretion of the College.

Residents of Oakton's district who are 65 or older whose annual household income is less than the threshold amount provided in Section 4 of the "Senior Citizens and Disabled Persons Property Tax relief and Pharmaceutical Assistant Act" may enroll without payment of tuition in regularly scheduled "A" coded (i.e. TEC A19-01) courses provided that available classroom space exists and tuition paying students enrolled constitute the minimum number required for the course. Proof of age and a signed declaration of annual income are required at the time of registration. Completion of a waiver request form is necessary with each registration.

General Information

Enrollment Verification - The Alliance does not send confirmation of enrollment. To verify enrollment, go to www.oakton.edu/conted.

Textbooks - Textbooks and materials are required for many classes. Costs for these items are not included in the tuition listed. If your classes are at a high school, we recommend that you arrive at least 30 minutes prior to the first class to purchase textbooks at the Alliance site office. Textbooks may also be purchased during the day at the Alliance office in the school where the class is held. Alliance textbooks are not available at the Oakton Community College bookstores.

Certificates - Certificates of completion are awarded to students in any Alliance class upon request of the instructor or student. Completion of classes is determined by instructors, with a minimum of 75 percent attendance in most programs.

Grading - Grades of "P" or "F" are issued to indicate successful completion or non-completion of a course. These grades do not compute in a grade point average.
