Dear Validated Service Provider,

Congratulations on validating compliance with the Payment Card Industry Data Security Standard. The "Visa Global Registry of Service Providers - PCI DSS Validated Entities," located at ([http://usa.visa.com/merchants/risk\\_management/cisp.html](http://usa.visa.com/merchants/risk_management/cisp.html)) acknowledges service providers that have shown their commitment to security by meeting the requirements of the PCI Standard.

Ongoing compliance with PCI DSS is critical to maintaining a strong defense against compromises of cardholder data. We urge you to diligently review your security policies, practices and infrastructure frequently to prevent, detect and correct any anomalies in your security program. Please note that Visa requires revalidation every 12 months.

We encourage you to share your compliance status with your clients. Your presence on the Registry provides your clients and prospective clients with confidence in your service, potentially setting you apart from your competitors.

Congratulations again.

Regards,

Mamie
