

The Faculty Association welcomes members and assistance from all disciplines at CCSF. The Association aims to foster a spirit of camaraderie, mutual respect, positive networking and collegiality within the CCSF community. We aim to achieve this through social functions such as welcome parties for incoming faculty, off campus events, and parties recognizing the contributions of our retirees. The Association also aims to hold fundraisers for student scholarships and to support classes. The Faculty Association is a nonprofit and nonpolitical organization.
