

State of California—Health and Human Services Agency California Department of Public Health

April 15, 2014

To: Nurse Assistant Training Program Applicants

From: Judi Wilkinson, R.N., Chief

Licensing and Certification Program Training Program Review Unit

Subject: Nurse Assistant Training Program Application Packet

Thank you for your interest in establishing a Nurse Assistant Training Program (NATP) in California. The California Department of Public Health (CDPH), Aide and Technician Certification Section (ATCS), Training Program Review Unit (TPRU), oversees the NATPs. In this packet you will find an application, documents, samples and instructions for completing the School Nurse Assistant Certification Training Program Application (CDPH 276S) and the Skilled Nursing Facility Nurse Assistant Certification Training Program Application (CDPH 276F).

Training Program requirements are found in Title 42, Federal Code of Regulations (42 CFR), Part 483.75 and Subpart D, 483.150 – 483.158 at http://www.gpoaccess.gov/cfr/index.html, California Health and Safety Code (CHSC), Section 1337 – 1338.5 at http://www.leginfo.ca.gov, and California Code of Regulations (CCR), Title 22, Division 5, Chapter 2.5 at www.calregs.com.

Your application will be reviewed by one (1) of our TPRU Representatives. The TPRU Representative is assigned to applicants according to the county where the Training Program is going to be offered. Los Angeles County is divided among five (5) Representatives by alphabetical designation according to the name of the facility or school (see link http://www.cdph.ca.gov/services/training/Pages/ReviewUnit.aspx).

Applications are date stamped when received in the unit's mailroom and are processed in date order by the TPRU Representative. Starting from the date an application is received, the Department will make a decision whether to approve or disapprove it within ninety (90) days. After ninety (90) days an incomplete application will be disapproved. The applicant will be notified in writing the reason for disapproval.

A thoroughly completed application accompanied by the required documents is essential for program approval. Faxed and email documents will not be accepted for any part of the program application. The NATP must be approved by the TPRU Representative before training can commence.

When completed, mail your application packet for a NATP to: California Department of Public Health Licensing and Certification Program Aide and Technician Certification Section Training Program Review Unit MS 3301, P.O. Box 997416 Sacramento, CA 95899-7416

APPLICATION PACKET

The Nurse Aide Training Program (NATP) Application Packet contains the following:

- 1) Approval Guidelines
- 2) List and link to the most updated forms found in the Application Packet
- School Nurse Assistant Certification Training Program Application (CDPH 276S) and Skilled Nursing Facility Nurse Assistant Certification Training Program Application (CDPH 276F)
- 4) Nurse Assistant Training Program Skills Check List (CDPH 276A)
 - Sample may be copied and used by the Training Program
- 5) Daily Nurse Assistant Training Program Schedule (CDPH 276B) and Sample Daily Nurse Assistant Training Program Schedule (CDPH 276B Sample)
- 6) Nurse Assistant Certification Training Program Individual Student Record (CDPH 276C)
 - Sample may be copied and used by the Training Program
- 7) Disclosure of Ownership and Control Interest Statement (CDPH 276D)
- 8) Director of Staff Development (DSD)/Instructor Application (CDPH 279)
- 9) TPRU Staff Geographic Assignments by County
- 10) Resource Packet

onsite physical visit.

	10) 1	resource i acret
Pleas	se assem	ble all the required documents and submit together in the following order:
		Nurse Assistant Certification Training Program Application (CDPH 276S) or Nursing Facility (SNF) Nurse Assistant Certification Training Program Application 276F).
	` ,	sample lesson plans elected from different Modules, one (1) of which shall be "Patient kills" from Module Eight (8).
		Assistant Training Program Skills Check List (CDPH 276A). Sample may be copied and the Training Program.
	Program	urse Assistant Training Program Schedule (CDPH 276B) for the entire Training n (ensuring that the minimum 150 hours are completed). The Training Program le is implemented for every class session (start to end date).
		Assistant Certification Training Program Individual Student Record (CDPH 276C). may be copied and used by the Training Program.
		ure of Ownership and Control Interest Statement (CDPH 276D), to be utilized by ary Training Programs only.
	Director	of Staff Development (DSD)/Instructor Application (CDPH 279).
	Clinical	Site Agreement with a SNF (validation period – 2 years only).

Administrative policies and procedures, which will be reviewed and approved prior to the

1. APPROVAL GUIDELINES

Nurse Assistant Certification Training Program Application for Schools (CDPHS 276S) or Nurse Assistant Certification Training Program Application for Skilled Nursing Facilities (CDPH 276F):

If you are a proprietary school or an educational institution, submit a completed Nurse Assistant Certification Training Program Application for Schools (CDPH 276S), or if you are a SNF submit a completed Nurse Assistant Certification Training Program Application for Skilled Nursing Facilities (CDPH 276F), including all the required supporting documentation listed on the back of the form. The provider identification training number will be assigned once the program is approved. The provider identification number assigned to the program will correlate to the Training Program Schedule (sequence and hours of classroom and clinical training). All proprietary schools are required to submit the Disclosure of Ownership and Control Interest Statement (CDPH 276D).

Director of Staff Development (DSD) or Instructor:

The DSD and Instructor are terms that are synonymous. The DSD title is used in the SNF. A Registered Nurse (RN) that meets the DSD/Instructor qualifications must be designated as having the responsibility for the general supervision of the NATP.

In a facility based NATP, the DSD may be a Licensed Vocational Nurse if he/she meets the qualifications below (and is approved by the Department) while working under the Director of Nurses (DON), who is a RN. SNF's must designate a licensed nurse to perform the duties of a DSD (or contract with a Department approved DSD) to provide orientation and in-service to its Certified Nurse Assistants, and also provide a precertification NATP in the facility, if the facility chooses to hire Nurse Assistants.

An Instructor is found in Adult Schools (AS), Regional Occupational Programs (ROP) proprietary schools and community colleges. A DSD or Instructor must meet the same requirement for approval. The RN Program Director title is utilized in schools as the RN who is designated as having the responsibility for the general supervision of the nurse aide training, and the person who signs the Initial Application (CDPH 283B) at the completion of the Training Program (attesting that all state and federal training requirements are met).

The SNF, agency or public educational institution is responsible for assuring that the DSD or Instructor who teaches the NATP meets either of the following qualification requirements:

- One (1) year nursing experience as a licensed nurse providing direct patient care in a long term care facility, in addition to one (1) year of experience planning, implementing and evaluating educational programs in nursing; or
- 2) Two (2) years of **full time** experience as a licensed nurse, at least one (1) year of which must be in the **provision of direct patient care in a nursing facility (also long term care facility)**. Within six (6) months of employment and prior to teaching a certification program, the DSD or Instructor shall obtain a minimum of twenty-four (24) hours of continuing education courses in planning, implementing and evaluation education programs in nursing. These must be courses

approved by the Board of Registered Nursing or courses administered by an accredited educational institution. A transcript of successfully completed course(s) shall be sent to the Department and shall be used as a basis for approval of the qualifications of the DSD or Instructor. A copy of the transcript shall be kept on file at the nursing facility, agency, or public education institution.

Note: The following situations do not meet these regulatory requirements:

- 1) Employment in a SNF holding administrative titles such as a Director of Nurses or Assistant Director of Nurses (for the provision of direct patient care).
- 2) Employment with registry agencies that serve long-term care facilities.
- 3) Hospital employment with nursing experience providing care for geriatric patients, unless the experience is in a Distinct Part/SNF as designated on the hospital license.
- 4) Part-time experience in long-term care.

Copies of these documents must be kept in the training program's files. Submit and retain copies of the following:

- 1) Director of Staff Development (DSD)/Instructor Application (CDPH 279).
- 2) A copy of an active nursing license.
- 3) A resume that documents:
 - a) Nursing work experience with time frames from mm/dd/yy to mm/dd/yy
 - b) Name of employer (noting if the health care facility is a SNF, hospital, clinic, etc.)
 - c) Address of employer
 - d) Name of the immediate supervisor that the applicant reported to while working for the employer
 - e) Contact telephone number of Human Resources (HR) or administration to validate the work experience
- 4) A minimum of twenty-four (24) hours of continuing education courses in planning, implementing and evaluation of educational programs in nursing. These courses must be approved by the Board of Registered Nursing or courses administered by an accredited educational institution.
- 5) If the applicant has a **nursing teaching credential**, then submit a copy of the credential for Department review. If the credential is approved, then the twenty-four (24 hours of CEU) DSD course is not required.

WRITTEN CLINICAL SITE AGREEMENT AND SCHOOL CONTRACTS

Clinical Site Agreement:

The Training Program applicant must have a written agreement with a long term care clinical facility in order to provide the one-hundred (100) hours of clinical training for students. The one-hundred (100) hours of clinical must be obtained in the SNF site and not in a lab setting. The school may have lab practice in the curriculum, but it may not be replaced within the one-hundred (100) clinical hours or the fifty (50) classroom hours. The clinical hours may only be between the hours of 6:00 a.m. and 8:00 p.m.

The facility must be in good standing with the Centers for Medicare and Medicaid Services (CMS) and not have any training enforcement restrictions. Training Programs should consider having more than one (1) clinical site training agreement; in the event the facility comes under sanctions by CMS they would have an alternate site available. This agreement must be developed jointly with the clinical facility and signed by both parties. The agreement period is for a **two (2) year period only**.

The agreement shall include:

- 1) Provision for adequate notice of termination.
- 2) State the responsibility of the Training Program to the facility and the facility to the Training Program.
- 3) The Training Program is responsible for all training and will provide immediate and direct supervision of students.
- 4) Facility staff may not be used to proctor, shadow, or teach the Training Program students.
- 5) Facility nursing staff will not be decreased because students are training in the facility.
- 6) The student to instructor ratio shall not exceed fifteen (15) to one (1). Clinical training shall take place at specific dates, times and at the approved clinical site.
- 7) Facilities shall have a list of names of all students with their training schedule.
- 8) The Training Program shall give the facility notice that all students have had a physical examination, test for tuberculosis and criminal screening.
- 9) Both entities must agree to comply with all local, state and federal laws and regulations.
- 10) Names and addresses of both parties, including signatures and dates.

School Contract with a SNF:

When a school (propriety or educational institution) provides a NATP within a SNF, the schools are responsible for classroom and clinical training, and therefore a contract is required with the SNF. The elements of a contract are similar to the components of the clinical site agreement (as noted above). The contract shall be **valid for a two (2) year period only** and is signed by both parties.

Also, the school contract with a SNF must specify which area of the facility will be used for classroom instruction. The area must not be licensed as resident space. The classroom must have a separate entrance and egress for students and must not infringe on resident privacy. The Department will determine if the classroom space can be approved for student use.

In addition, the NATP school must state that the school will be responsible for training in its entirety. The school shall not use facility personnel as preceptors or instructors. Instructors must not be employees of the facility while teaching. The SNF DSD may teach an evening or weekend class for the NATP school if not employed during those hours with the SNF. The DON in the SNF may not be an Instructor, nor a RN Program Director of the Training Program since the DON of a facility is employed full-time and has a twenty-four (24) hour responsibility to the SNF.

Health Examination:

Each student enrolled in the certification program shall have a health examination which includes a medical history and physical examination, a purified protein derivative, intermediate strength intradermal skin test for tuberculosis, unless medically contraindicated. If a positive reaction is obtained, a chest x-ray shall be taken, unless medically contraindicated. A report signed by the examiner shall indicate that the student does not have any health condition that would create a hazard to themselves, fellow employees, or patients. This examination shall be completed and documented prior to the students having direct patient care contact in the clinical setting. This information shall be provided to the nursing facility prior to patient contact.

Application and Live Scan:

Upon enrollment in a Training Program for nurse assistant certification, and prior to direct patient contact with residents, a candidate for training shall submit a training and examination application and proof of Live Scan fingerprinting to the Department.

Policies and Procedures:

All Training Programs are required to develop and implement policies and procedures to govern the administration and management of the Training Program, the DSD and Instructors. Such polices shall be reviewed annually and revised as often as the nursing facility, agency or public educational institution determines necessary.

A copy of these written policies shall be submitted to the Department during the initial application review and prior to the onsite visit. Policies and procedures shall also be available to the Department upon request at any time for review.

Policies and procedures must include at least, but not be limited to the following:

- Job descriptions detailing qualifications of the Instructors/licensed nurses and RN Program
 Director. Policies need to include the specific duties of the Instructors and RN Director within
 the program, including aspects related to teaching assignments, clinical oversight, record
 keeping responsibilities, etc.
- 2) If it is a school's desire to have a RN function as a program director at more than one (1) location (multiple NATPs), then the duties in the job description need to detail how the RN will provide the oversight for multiple schools.
- 3) The request for approval for more than one (1) RN Program Director per NATP school will be reviewed on a case by case basis by the Department.
- 4) Organizational chart showing the person in charge of the program, the lines of authority, responsibility, communication, staff assignments and schedules.
- 5) The method of monitoring instructors by the individual responsible for the Training Program (the DSD or the RN Program Director).
- 6) Ratio of students not to exceed fifteen (15) students to one (1) Instructor.
- 7) How student absenteeism and makeup class will be handled. All makeup time must be hour for hour with the instructor present.
- 8) All students will submit an application and Live Scan fingerprinting upon enrollment. The Training Program shall submit an application and Live Scan to CDPH within one (1) week of enrollment.
- 9) The Training Program shall not make any false or misleading claims or advertisement regarding training provided.
- 10) Training Program schedule.
- 11) Health examination and screening requirements/documents.
- 12) Record keeping within the Training Program, including persons responsible for timesheets, student records, timeframe for keeping records, location where records are stored, etc.

3. NURSE ASSISTANT TRAINING PROGRAM APPLICATION

Nurse Assistant Certification Training Program Application for Schools (CDPHS 276S) or Nurse Assistant Certification Training Program Application for Skilled Nursing Facilities (CDPH 276F):

California Code of Regulations (CCR) Title 22, Section 71835(n) specifies the mandatory theory and suggested clinical hours for each module. The Nurse Assistant Certification Training Program Application for Schools (CDPH 276S) and the Nurse Assistant Certification Training Program Application for Skilled Nursing Facilities (CDPH 276F) are two (2) sided forms. Enter the theory and clinical hours in your training schedule on page two (2) which requires the total number of hours for each of the sixteen (16) Modules. California requires one-hundred and fifty (150) hours of training to complete the program. The minimum total number of hours is fifty (50) hours of theory and one-hundred (100) hours of supervised clinical training.

You may choose to provide additional hours of training in which case you must show how you are using the additional hours on your Training Program schedule discussed later in this guidance. Lab hours may be used in the curriculum, but it may not be counted in the classroom or clinical hour (150 hour) requirement. Return skill demonstration by the students shall be under the immediate supervision of the approved Instructor. Immediate supervision is defined as the instructor "not only being in the same building, but present while the person being supervised demonstrates the clinical skills."

Required materials with the application:

- 1) The applicant is required to submit four (4) sample lesson plans elected from different Modules, one (1) of which shall be "Patient Care Skills" from Module eight (8), which shall include:
 - a) The student behavioral objective(s)
 - b) Descriptive topic content with adequate detail (method, technique, procedure) to discern what is being taught
 - c) The method of teaching
 - d) The method of evaluating knowledge and demonstrable skills

- 2) A sample of the skills return demonstration record used for each trainee which shall include:
 - a) A listing of the duties and skill the nurse assistant must learn
 - b) Space to record the date when the nurse assistant performs each duty/skill
 - c) Spaces to note satisfactory or unsatisfactory performance
 - d) Signature or the approved DSD/Instructor

^{*}You will be required to show lesson plans for all the topics noted in CCR, Title 22, Section 71835(n), during the initial survey.

*See Nurse Assistant Training Program Skills Check List (CDPH 276A). This form may be copied and used by the Training Program for its students. If the Training Program chooses to create its own skills return demonstration checklist it must contain the minimum skills contained in the Nurse Assistant Training Program Skills Check List (CDPH 276A).

3) A sample of the individual student record used for documenting theory and clinical training.

*See Nurse Assistant Training Program Individual Student Record (CDPH 276C). This form may be copied and used by the training program for its students.

- 4) A day to day schedule of training which lists theory topic and hours and clinical objectives and hours for the entire course. It is recommended that lab hours be added to the curriculum so that skill demonstration and practice may occur prior to the clinical setting; <u>however</u>, the skill demonstration for competency must be performed in the clinical setting on residents/patients and signed by the <u>Department approved Instructors</u>.
 - Once the training schedule is approved by the Department, this is the only schedule
 that the Training Program can use. If the Training Program desires to change the
 schedule (sequence of modules or provide the training at a different time (weekend vs.
 days), then the Training Program must submit the new training schedule to the
 Department for approval prior to implementing the change in the schedule.
 - During any onsite visits, the Department will make a determination if the school is implementing the approved training schedule. There is only one (1) approved training schedule for each provider identification number assigned to each NATP.

*See Sample Daily Nurse Assistant Training Program Schedule (CDPH 276B Sample).

Please give considerable attention to the required Training Program schedule. The schedule must be in detail for the TPRU Representative to determine what is being taught on a specific date and time. The sample schedule included in this package will provide an example of theory and clinical training.

Once the TPRU Representative has determined that the application is complete, he/she will arrange an initial survey of the Training Program site. During the onsite survey, interviews with the school staff (including Administrator, RN Program Director and Instructors) will be conducted, as well as review of training materials, remaining lesson plans and lab equipment will be reviewed.

Based upon observations of the physical site and interviews with key Training Program personnel, a determination will be made whether the Training Program will be approved or disapproved. Key program personnel must have operational and regulatory knowledge regarding all components related to the NATP.

4. NURSE ASSISTANT TRAINING PROGRAM SKILLS CHECK LIST

Nurse Assistant Training Program Skills Check List (CDPH 276A):

The NATP is required to have one-hundred (100) hours of clinical training under the immediate supervision of the DSD/Instructor. The training shall include demonstration by the Instructor or DSD of basic patient care skills based upon the theory and clinical instruction presented in the classroom. Return demonstrations by the student are also required and shall be under the **immediate supervision** (present when student is performing the skill) of the DSD or Instructor and shall be done in the clinical setting with patients/residents.

The Nurse Assistant Training Program Skills Check List (CDPH 276A) is a sample which you may copy and use for each student in your Training Program. Using this form will ensure that your program will meet the requirements for documentation of clinical skills training; however, you may develop your own skills check list. In the event you do create your own check list, please ensure that your check list has the minimum skills that are contained on the Department's Nurse Assistant Training Program Skills Check List (CDPH 276A).

Also, the Nurse Assistant Training Program Skills Check List (CDPH 276A) shall include a listing of the duties and skills the nurse assistant must learn, space to record the date when the nurse assistant performs this duty or skill, space to note satisfactory or unsatisfactory performance, and space to record the initial and title of the Department approved instructor (providing the immediate supervision).

This record serves as the **primary** documentation for the clinical hours and skills that must be implemented in the NATP, and is the fundamental resource that the RN Program Director uses to ensure that the one-hundred (100) hours and skill performance has been met for each individual student. Failure of the school to keep accurate, complete and ethical documents will result in program regulatory violations

A note of importance: The RN Program Director must attest on the Initial Application (CDPH 283 B) with the completion signature, that the student has met all the clinical and classroom training requirements. When the Training Program fails to keep complete/accurate student records, and the RN Program Director signs the Initial Application (CDPH 283 B) upon student completion/graduation of the program, the RN Program Director will be referred to the appropriate licensing nursing board for fraudulent activity.

MODULE 6: Medical and Surgical Asepsis (8	Hours Clinical)					
1) Hand washing						
Proper handling of linen						
Universal precautions						
Gloving						
Gowning						
Apply mask						
Double bagging trash/waste						
MODULE 5: Body Mechanics (4 Hours Clinica	al)					
Use of gait belt						
 Helping the helpless resident up to the he with two assistants 	ead of the bed					
3) Turning and positioning the resident						
Supine						
Side-lying						
Use of lift sheet						
4) Assisting transfer from bed to chair or wh	eelchair					
5) Assisting transfer from chair or wheelchair	ir to bed					
6) Mechanical lift						
MODULE 2: Body Resident's Rights (1 Hour C	Clinical)					
Knocks on door before entering						
2) Pulls privacy curtains during personal car	е					
3) Keeps resident information confidential						
4) Treats resident with respect and dignity						
5) Encourages resident to make choices						
Explains procedure to resident						

MODUL Clinical	E 14: Rehabilitative/Restorative Care (4 Hours)			
1)	Range of motion exercises			
2)	Assisting the resident to ambulate with gait belt			
3)	Assisting the resident to ambulate with walker			
4)	Assisting the resident to ambulate with cane			
5)	Rehabilitative devises	Type:		
	ES 4 and 12: Emergency Procedures and Prevention strophe (2 Hours Clinical)			
	Applying postural supports (safety devises)			
2)	Applying soft wrist/ankle restraint as safety device			
3)	Heimlich maneuver for the conscious resident			
4)	Heimlich maneuver for the unconscious resident			
5)	Positioning of call light			
6)	Demonstrates fire/disaster procedures			
7)	Handles O2 safely			
8)	Use of fire extinguisher			
MODUL	E 8: Patient Care Skills (44 Hours Clinical)			
1)	Back rub			
2)	Bed bath/partial bath			
3)	Tub bath		1	
4)	Shower			
5)	Assisting with oral hygiene			
6)	Mouth care of the unconscious resident			
7)	Denture care			
8)	Nail care			
9)	Combing the resident's hair			
10)	Shampoo of bedridden resident			
11)	Shampoo with shower or tub bath			
12)	Medicinal shampoo			
13)	Shaving – electrical shaver			
14)	Shaving – razor blade			
15)	Dressing and undressing the resident			
16)	Changing the clothes of resident with IV			
17)	Assist in the use of urinal			
18)	Assist in the use of the bedpan			
19)	Assisting resident to commode/toilet			
20)	Bladder retraining			
21)	Bowel retraining			
22)	Perineal care			
23)	Artificial limbs			
24)	Splints			
25)	Applying a behind-the-ear hearing aid			
26)	Removing a behind-the-ear hearing aid			
27)	Removing, cleaning, and reinserting an artificial eye			

MODULE 10: Vital Signs (6 Hour	s Clinical)			
Measure and Record Vital Signs	•			
1) Temperature				
Oral				
Axillary				
Rectal				
Electronic				
1) Pulse: radial				
2) Pulse: apical				
3) Respiration				
4) Blood pressure				
MODULE 9: Resident Care Proce				
Collect and identify specime	en			
Sputum specimen				
Urine specimen: c	ean catch			
Stool specimen		4		
Occupied bed making				
Unoccupied bed making				
Administering the commerce enema				
5) Administering enemas – ta	water, soap suds			
Administering laxative supplements	ository			
7) Empty urinary bags				
8) Care of resident with tubing				
Oxygen				
• IV				
Gastrostomy				
Nasogastric				
Urinary catheter				
9) Antiembolic hose, elastic st	ockings (TED Hose)			
10) Admitting the resident				
11) Transferring the resident				
12) Discharging the resident				
13) Application of nonsterile dre	essing			
14) Application of nonlegend to	pical ointments			
MODULE 7: Weights and Measu	res (1 Hour Clinical)			
Measuring oral intake				
2) Measuring urinary output	7			
3) Measuring the height of res	ident in bed			
4) Weighing the resident in be	d			
5) Measuring and weighing th scale	e resident using an upright			
6) Documents in military time				
MODULE 11: Nutrition (6 Hours	Clinical)			
Feeding the helpless resident	nt			
2) Assisting the resident who	can feed self			
, <u> </u>				

3) Verifying that resident has been given correct diet tray			
Use of feeding assistance devices			
MODULE 15: Observation and Charting (4 Hours Clinical)			
Reports appropriate information to change nurse			
2) Documents V/S, ADLs timely/correctly			
Documents changes in resident's body functions/behavior			
4) Participates in resident care planning			
		•	

INFORMATION COLLECTION AND ACCESS-PRIVACY STATEMENT

*Social Security Number Disclosure: Pursuant to Section 666(a)(13) of Title 42 of the United States Code and California Family Code Section 17520, subdivision (d), the California Department of Public Health (CDPH) is required to collect social security numbers from all applicants for nursing assistant certificates, home health aide certificates, hemodialysis technician certificates or nursing home administrator licenses. Disclosure of your social security number is mandatory for purposes of establishing, modifying, or enforcing child support orders upon request by the Department of Child Support Services and for reporting disciplinary actions to the Health Integrity and Protection Data Bank as required by 45 CFR §§ 61.1 et seq. Failure to provide your social security number will result in the return of your application. Your social security number will be used by CDPH for internal identification, and may be used to verify information on your application, to verify certification with another state's certification authority, for exam identification, for identification purposes in national disciplinary databases or as the basis of a disciplinary action against you.

5. DAILY NURSE ASSISTANT TRAINING PROGRAM SCHEDULE AND SAMPLE

DAILY NURSE ASSISTANT TRAINING PROGRAM SCHEDULE (CDPH 276B) AND SAMPLE DAILY NURSE ASSISTANT TRAINING PROGRAM SCHEDULE (CDPH 276B SAMPLE):

Please give considerable attention to the required Training Program schedule. The schedule must be detailed enough for the TPRU Representative to determine what is being taught and on what day and time. The Sample Daily Nurse Assistant Training Program Schedule (CDPH 276B Sample) included in this packet will provide you with the detail for classroom and clinical module days. The schedule sent to our Department must be complete for your entire Training Program. This schedule must reflect the Nurse Assistant Training Program Skills Check List (CDPH 276A) and the Nurse Assistant Certification Training Program Individual Student Record (CDPH 276C) classroom modules.

Theory topics must be taught prior to having the skills for that topic. For example, theory for infection control and hand washing must be taught prior to giving a demonstration and observing a return demonstration.

Please note that lunch and break times are not included in training time and should be subtracted from total program hours.

The Training Program schedule must contain all the required content areas listed in CCR, Title 22, Division 5, Chapter 2.5, Section 71835(n). There are sixteen (16) hours of state and federal required training in the following areas prior to any direct contact with a resident:

- 1) Communication and interpersonal skills
- 2) Infection control
- 3) Safety and emergency procedures including the Heimlich maneuver
- 4) Promoting the independence of patients/residents
- 5) Respecting the rights of patients/residents

This information is also noted at the top of the Nurse Assistant Certification Training Program Individual Student Record (CDPH 276C). If a Training Program were to provide all the theory components of Modules: 1, 2, 3, 4, 5, 6, 12, 14, which totals fifteen (15) hours, and then includes one (1) additional hour (any one of the following: Module 15A, or 15C, or 8E, or 8H, or 16C), then the Training Program would have provided the required sixteen (16) hours prior to clinical training and direct resident contact. The students may then begin the clinical portion of the NATP. The remainder of the classroom/theory modules are taught concurrently (at this same time, occurring together) with the clinical training.

The Training Program may teach all fifty (50) hours of theory at the beginning of the program if they use significant school laboratory skill time during the theory training. The next one-hundred (100) hours of clinical may follow. Laboratory time does not count as part of the required one-hundred and fifty (150) hours.

The Training Program schedule must reflect that all required theory sub-topics in the sixteen (16) Modules are taught. The Nurse Assistant Certification Training Program Individual Student Record (CDPH 276C) and the Nurse Assistant Training Program Skills Check List (CDPH 276A) may be used to develop your training schedule. Please see the Sample Daily Nurse Assistant Training Program Schedule (CDPH 276B Sample) regarding the format in the process of developing your training schedule.

When you complete the Training Program schedule, you should have addressed all the topics and subtopics on the Nurse Assistant Certification Training Program Individual Student Record (CDPH 276C) and all the skills on the Nurse Assistant Training Program Skills Check List (CDPH 276A).

If you have any questions, you may call your assigned TPRU Representative (see link http://www.cdph.ca.gov/services/training/Pages/ReviewUnit.aspx).

	requirement that prescribed topics (see CDPH276C) are taught prior to		Module (4): Catastrophe (2 hrs) *Postural Supports	
	clinical and the topics meet a total of 16 hours.		*Soft wrist/ankle-safety devices. *Call light positioning. *Fire/disaster procedures *Handle 02 safely	
THEORY 8 HOURS	THEORY 8 HOURS	LAB 8 HOURS (LAB hours do NOT count toward theory or clinical hours)	*Fire extinguisher use. CLINICAL 8 HOURS	CLINICAL 8 HOURS

SAMPLE- A completed schedule for the entire program must be submitted. Ensure that the minimum number of theory hours and clinical hours are met for each topic. Prior to any direct patient contact, a total of sixteen (16) hours of federal training shall be provided in prescribed topics (see the CDPH 276C). This requirement is met if all theory components of the following modules are taught prior to clinical training. Modules 1,2,3,4,5,6,12,14; and one additional hour from either 8E, 8H, 15A, 15C, 16C. This form is available at this website.

6. NURSE ASSISTANT CERTIFICATION TRAINING PROGRAM INDIVIDIAL STUDENT RECORD

NURSE ASSISTANT CERTIFICATION TRAINING PROGRAM INDIVIDUAL STUDENT RECORD (CDPH 276C):

The Nurse Assistant Certification Training Program Individual Student Record (CDPH 276C) is the Department form that the Training Program may choose to use for documenting the student's theory/classroom modules (minimum 50 hours).

This form may be useful in developing the required Training Program schedule. All topics and subtopics listed on this form should show up on your training schedule as theory topics. Theory topics must be taught prior to having the skills for that topic. For example, theory for infection control and hand washing must be taught prior to giving a demonstration and observing a return demonstration.

The Nurse Assistant Certification Training Program Individual Student Record (CDPH 276C) is a sample which you may copy and use for each student in your Training Program. Using this form will ensure that your program will meet the fifty (50) hours and Module requirements for documentation regarding classroom instruction/theory. You may develop your own Individual Student Record; however, you must ensure that all the components from the Department's Nurse Assistant Certification Training Program Individual Student Record (CDPH 276C) are on the document you create. This includes the theory hours, dates, instructor initials, module components and test scores.

The Nurse Assistant Certification Training Program Individual Student Record (CDPH 276C) serves as the **primary** documentation for the theory/classroom hours that must be implemented in the NATP, and is the fundamental resource that the RN Program Director uses to ensure that the fifty (50) hours/classroom Modules have been met for each individual student. Failure of the school to keep accurate, complete and ethical documents will result in program regulatory violations and possible program withdrawal.

A note of importance: The RN Program Director must attest on the Initial Application (CDPH 283 B) with the completion signature, that the student has met all the clinical and classroom training requirements. When the Training Program fails to keep complete/accurate student records, and the RN Program Director signs the Initial Application (CDPH 283 B) upon student completion/graduation of the program, the RN Program Director will be referred to the appropriate licensing nursing board for fraudulent activity.

INFORMATION COLLECTION AND ACCESS-PRIVACY STATEMENT

^{*}Social Security Number Disclosure: Pursuant to Section 666(a)(13) of Title 42 of the United States Code and California Family Code, Section 17520, subdivision (d), the California Department of Public Health (CDPH), is required to collect social security numbers from all applicants for nursing assistant certificates, home health aide certificates, hemodialysis technician certificates or nursing home administrator licenses. Disclosure of your social security number is mandatory for purposes of establishing, modifying, or enforcing child support orders upon request by the Health Integrity and Protection Date Bank as required by 45, CFR §61.1 et seq. Failure to provide your social security number will result in the return of your application. Your social security number will be used by CDPH for internal identification, amy be used to verify information on your application, to verify certification with another state's certification authority, for examination identification, for identification purposes in national disciplinary databases or as the basis of a disciplinary action against you.

7. DISCLOSURE OF OWNERSHIP AND CONTROL INTEREST STATEMENT

DISCLOSURE OF OWNERSHIP AND CONTROL INTEREST STATEMENT (CDPH 276D): All proprietary schools are required to submit the Disclosure of Ownership and Control Interest Statement (CDPH 276D).

Also, all private postsecondary educational institutions must be approved by the Bureau for Private Postsecondary Education (BPPE) or receive an exempt status with the Bureau. You may contact them by calling 888-370-7580 regarding any questions about the registration process or you may go to the website at www.bppe.ca.gov to obtain registration information.

CERTIFIED NURSE ASSISTANT (CNA) AND/OR HOME HEALTH AIDE (HHA) INITIAL APPLICATION INFORMATION

CRIMINAL RECORD CLEARANCE

Upon enrollment in a CDPH-approved training program, the applicant must be fingerprinted through the Live Scan process.

For a list of mandatory convictions (which will result in mandatory denial or revocation of certification), please visit our website at: www.cdph.ca.gov. All convictions are reviewed. If the conviction prevents certification, the applicant will be notified. Applicants will not receive a certificate until they have received a criminal record clearance.

A) CNA APPLICANTS

- 1) The applicant must submit the following to ATCS upon enrollment in the program and before patient contact:
 - a) This completed Initial Application (CDPH 283 B); and
 - b) The second copy of the completed Request for Live Scan Services (BCIA 8016) form.
- 2) Provided the above has been submitted to ATCS by the applicant, the nurse assistant may work with proof of successful completion of the Competency Evaluation while the criminal record review is in progress.

B) HHA APPLICANTS

- 1) Reciprocity is not granted for HHAs. Applicants must complete HHA training from either of the following CDPH-approved training programs:
 - a) One-hundred and twenty (120-hours) consisting of at least sixty-five (65-hours) of classroom and fifty-five (55-hours) of supervised clinical training in basic nursing and home health topics.
 - b) Forty (40-hours) supplemental HHA training consisting of twenty (20-hours) of classroom and twenty (20-hours) of supervised clinical training in home health topics (this course is only for individuals who are already hold a CNA certificate).
- 2) Upon enrollment in the one-hundred and twenty (120-hour) and forty (40-hour) HHA training program, the applicant must submit the following to ATCS:
 - a) The second copy of the completed Request for Live Scan Services (BCIA 8016) form (not required for 40-hour program, as fingerprints would have previously been received); and
 - b) This completed Initial Application (CDPH 283 B).

C) EQUIVALENCY-TRAINED NURSE ASSISTANT APPLICANTS

- If the applicant is presently enrolled in (or completed) a Registered Nurse, Licensed Vocational Nurse, or Licensed Psychiatric Technician program, or has received medical training in military services, or has received the above license(s) from a foreign country or U.S. state, the applicant may not have to take further training and may qualify to take the Competency Evaluation. Please submit the following to ATCS:
 - a) An official, sealed transcript of training (students may substitute the transcript with a sealed letter on official school letterhead, listing equivalent training and the completion of at least the "Fundamentals of Nursing" course). The letter must include the completion date(s) of the
 - training/courses and hours/units completed. If discharged from the military, a copy of the DD-214 can substitute for an official transcript; and
 - b) Proof of work (paystub or W2) showing the applicant has provided nursing or nursing-related services in a facility to residents for compensation within the last two (2) years (not required for current nursing students or if the college degree was obtained within the last two (2) years); and
 - c) A copy of the completed Request for Live Scan Services (BCIA 8016) form; and
 - This completed Initial Application (CDPH 283 B).
 - If approved, the applicant will be sent information regarding the Competency Evaluation. Provided the above has been submitted to ATCS
 by the applicant, the nurse assistant may work with proof of successful completion of the Competency Evaluation while the criminal record
 review is in progress.

D) RECIPROCITY APPLICANTS

- 1) If the CNA certification is active and in good standing on another state's registry, the applicant may qualify for certification in the State of California without taking CNA training or the Competency Evaluation. Please submit the following to ATCS:
 - a) A copy of the state-issued certificate; and
 - b) Proof of work (paystub or W2) showing the CNA has provided nursing or nursing-related services in a facility to residents for compensation within the last two (2) years (not required for those who received their initial certification from another state within the last two (2) years); and
 - c) A copy of the completed Request for Live Scan Services (BCIA 8016) form. The applicant must be fingerprinted in the State of California to obtain criminal record clearance through this method; and
 - d) A completed Verification of Current Nurse Assistant Certification (CDPH 931) form, which must be completed by the applicant and submitted by the endorsing state agency; **and**
 - e) This completed Initial Application (CDPH 283 B).

E) CNA RENEWAL INFORMATION

- 1) CNA certificates must be renewed every two (2) years. You may renew your certificate any time within two (2) years after the expiration date, if by the time the certificate expires you will have completed the following:
 - a) You have previously received and maintained criminal record clearance for CNA, HHA, Intermediate Care Facility- Developmentally Disabled (ICF-DD), DD Habilitative, or DD Nursing and a criminal clearance is granted; and
 - b) You have provided nursing or nursing-related services in a facility to residents for compensation (under the supervision of a licensed health professional) within your most recent certification period; **and**
 - c) You have successfully obtained and submitted documentation of forty-eight (48) hours of In-Service Training/CEUs within your most recent certification period. A minimum of twelve (12) of the forty-eight (48) hours shall be completed in each year of the two (2) year certification period. A maximum of twenty-four (24) of the forty-eight (48) hours may be obtained only through a CDPH-approved online computer training program listed on our website. Please visit www.cdph.ca.gov for a complete listing of CDPH-approved online computer training programs.

F) HHA RENEWAL INFORMATION

- HHA certificates must be renewed every two (2) years. You may renew your certificate any time within four (4) years after the expiration date, if by the time the certificate expires you will have completed the following:

 You have successfully obtained twenty-four (24) hours of In-Service Training/CEUs within your most recent certification period. A minimum of
 - a) You have successfully obtained twenty-four (24) hours of In-Service Training/CEUs within your most recent certification period. A minimum of twelve (12) of the twenty-four (24) hours shall be completed in each year of the two (2) year certification period.
- If you have an active CNA certificate, you may renew at the same time as your HHA. Renewing the CNA and HHA certificates together requires the completion and submission of forty-eight (48) hours of In-Service Training/CEUs.

Aforementioned requirements are based on Health and Safety Code commencing with §1337 through 1338.5, 1725 through 1742 and Code of Federal Regulations Title 42, Chapter IV, commencing with §483.13 and California Code of Regulations, Title 22, commencing with §71801.

INFORMATION COLLECTION AND ACCESS-PRIVACY STATEMENT

*Social Security Number Disclosure: Pursuant to Section 666(a)(13) of Title 42 of the United States Code and California Family Code Section 17520, subdivision (d), the California Department of Public Health (CDPH) is required to collect social security numbers from all applicants for nursing assistant certificates, home health aide certificates, hemodialysis technician certificates or nursing home administrator licenses. Disclosure of your social security number is mandatory for purposes of establishing, modifying, or enforcing child support orders upon request by the Department of Child Support Services and for reporting disciplinary actions to the Health Integrity and Protection Data Bank as required by 45 CFR §§ 61.1 et seq. Failure to provide your social security number will result in the return of your application. Your social security number will be used by CDPH for internal identification, and may be used to verify information on your application, to verify certification with another state's certification authority, for exam identification, for identification purposes in national disciplinary databases or as the basis of a disciplinary action against you.

CERTIFIED NURSE ASSISTANT (CNA) TRAINING PROGRAM REQUIREMENTS

> State Requirements:

- California Health and Safety Code, Sections 1337 1338.5 http://www.leginfo.ca.gov
- CCR, Title 22, Division 5, Chapter 2.5, Article 1-5 http://ccr.oal.ca.gov

> Federal Requirements:

 Code of Federal Regulations, Title 42, Part 483.150 – 483.158 http://www.gpoaccess.gov/cfr/index.html

Disqualifying Penal Code Sections

If they have been convicted of any of the penal codes listed, CNA/HHA applicants will be automatically denied certification.

Certification of applicants with convictions on this list <u>MAY</u> be reconsidered by the Department only if misdemeanor actions have been dismissed by a court of law or a Certificate of Rehabilitation has been obtained for felony convictions. Any other convictions, other than minor traffic violations, must also be reviewed.

APPLICANT LIVE SCAN Fingerprint Services Locations and Hours of Operation

Below is a link where Live Scan fingerprinting services are available to the public. This list is updated as additional information is received by the Department of Justice (DOJ). However, applicants are encouraged to contact the Live Scan providers in advance to verify their current operating hours, fees, etc. Locations are subject to change without notification.

DOJ Website: http://ag.ca.gov/fingerprints/publications/contact.php

Please Note:

Applicants must present valid photo identification to the Live Scan Operator. Expired identification cards will not be accepted.

Rolling fees vary from location to location and cover only the operator's cost for rolling the fingerprint images. Additional processing fees are required for the State (DOJ) and Federal (FBI) level criminal history record checks. Other fees may also be required (i.e., license fees).

If internet access is unavailable, please contact DOJ, Public Inquiry Unit, for the nearest live scan location near you, at (916) 322-3360 or the California Department of Public Health, Aide and Technician Certification Section, at (916) 327-2445.
