This executive summary of the School Accountability Report Card (SARC) is intended to provide parents and community members with a quick snapshot of school accountability. The data presented in this report are reported for the 2005-06 school year, except the School Finances and School Completion data that are reported for the 2004-05 school year. For additional information about the school, parents and community members should review the entire SARC or contact the school principal or the district office.

About This School

Linwood E. Howe Elementary School is one of five Elementary schools in the Culver City Unified School District. We are located in the suburban community of Culver City; which is a community of less than five square miles, situated about five miles west of downtown Los Angeles. Lin Howe has a friendly and warm community of parents who are supportive and welcome on our campus. Teachers, specialist, support staff, and the principal are readily available for questions, concerns, and updates on how students are progressing. Parents are encouraged to visit and volunteer in the classrooms and on field trips.

School Description and Mission Statement

This section provides information about the school's goals and programs.

MISSION STATEMENT: At Linwood E. Howe Elementary School, we continue to provide a safe environment for our diverse student population, in order for our students to become productive members of our society. Linwood Howe school develops learners who are motivated to read, write, think, problem solve, and apply their learning to their everyday lives. Recognizing the varied learning styles and English Language Development of our students, we provide a curriculum that is accessible to all learners. Our goal is to develop students who are successful learners and demonstrate the characteristics of responsibility, respect and resourcefulness.

Our school community fosters mutual respect among all of its members, including parents, students, teaches, staff, and other groups. Opportunities for parent involvement and partnership are regularly provided and encouraged. Our teachers maintain professionalism through ongoing communication, collaboration, problem solving, and participation in professional growth opportunities. At Linwood Howe School, we distinguish ourselves by continually striving for excellence as a learning community.

SCHOOL DESCRIPTION

“The California Standards Test assesses [California] grade level standards.” The results of the CST assessments are used to modify and improve classroom instruction. Information from the assessments is also used to identify individual students who may need interventions to bring them up to content area, grade level standards. Linwood E. Howe Elementary School continually strives toward improved achievement. Our teachers emphasize the California State Standards in all curricular areas and they regularly analyze students’ strengths and weaknesses to develop individual and grade level plans to improve student achievement. The CAT6 test is a norm referenced test the compares our students with other, same grade level students who take the CAT6 through out the United States. Unlike California Standards Test, the CAT6 doesn’t necessarily match the specific grade level standards we follow in California. Therefore, it is not as useful an instrument to help teachers guide instruction. Currently, only third graders take the CAT6 in California elementary schools.

Public schools in California are required to meet certain academic performance standards each year. These standards were set by the California State Board of Education using guidelines from the Federal Government’s No Child Left Behind (NCLB) Law. The NCLB law requires that all students perform at the proficient level or above in the content level areas by the year 2014. Our State School Board defined annual growth goals for California students that increase each year toward the goal of 100% proficiency for all by 2014

The regular school day has been extended to offer numerous after school programs to meet to meet the various needs and interests of our diverse population: The Reading and Math Academies are designed for children who are performing at a basic level to help them reach a level of proficiency at their appropriate grade level; The Viking Club is a program that helps students who are performing below basic level to solidify the basic skills needed to meet grade level expectations; our ELD academy focuses on working with English Language Learners to increase their language proficiency. Title I and School Improvement funds pay for all our supplemental remediation programs. We are also fortunate to have The Rolling Readers’ Program at Linwood Howe to promote reading with our students. Rolling Readers are a cadre of trained volunteers who work with our students on reading, one-to-one, every week. The Long Beach Volunteer Center adds to the mix by providing free backpacks to all our first grade students. The backpacks are filled with books and other learning materials for each student to keep and use at home.

Linwood Howe School continues to provide numerous after school enrichment classes and

remedial instruction free of charge to our students. Our fabulous PTA supports these classes by holding annual fund raisers to pay for the classes. Additionally, thanks to fundraising efforts by Student Council and the PTA, all students have the opportunity to experience exciting, monthly assemblies arranged through the Los Angeles Music Center. We were awarded a grant from the Drown Foundation to enhance our school-wide writing program. The theme of the grant was "Every Child an Author – Multimedia Communications." Because Linwood Howe School is located right in the "Heart of Screenland," grant money and donations were used to improve student writing and build enthusiasm for writing through instruction of narrative and script writing. Appropriate equipment was purchased and the students were trained to use digital cameras and camcorders. These technical skills enabled our fourth and fifth grade students to direct, act, film, and produce their own short films using the stories and scripts they had written. Due to Linwood Howe School's community partnership with The Culver Studios and their generosity, our students are able to hold the premier showing of their films at Culver Studios' DeMille Theater.

All of the equipment for our student filmmaking is housed in the Multimedia Communications Center which shares space with our Computer Laboratory. Donations and School Improve funds were used to add additional computers to the lab for student use.

The Multimedia Communications Center also includes a Multimedia Library for housing student made video tapes and DVDs for sharing with students, parents, and the community. Through the support of Sony Picture Studios, we also linked up with the Young Storywriters Program. Professional scriptwriters met with a group of fifth graders on a weekly basis to write scripts. At the end of the ten week session, the "Big Show" was held in the cafetorium for families, staff, and supporters. The Young Storywriters provided professional actors who acted out each student's script as the child watched his/her own work come to life. What a thrill that was for all involved.

The goal of Linwood E. Howe School is to help students become responsible, respectful, and resourceful young adults. Our school community demonstrates respect among parents, students, teachers, and staff. We encourage all parents to become involved in a least one school committee or activity. Lin Howe's PTA, Site Council, English Language Advisory Council (ELAC), and Gifted and Talented Education (GATE) Parent Advisory Committee are strong advocates for the school. We are truly grateful for our enthusiastic students; incredibly supportive parents and community who help us continue our academic growth. Our staff of highly experienced teachers and those newer to the profession provides a dynamic mix for our fine educational program. Our teachers maintain a high degree of professionalism through educational and professional growth training, ongoing communication, collaboration, and group planning and problem solving. Every teacher was recently provided with an internet ready computer and printer. All teachers have their own District e-mail addresses so that communication can more easily occur between teachers, parents, the school office and the district office.

Linwood E. Howe Elementary School is dedicated to its tradition of striving for excellence as a learning community for our students and parents. The staff at Linwood Howe School invites you to share your ideas with us and to become involved as a member of our school-wide family.

Opportunities for Parental Involvement

This section provides information about opportunities for parents to become involved with school activities.

The parents in the Culver City Unified School District are involved and interested in the operation of all schools. The Parent Teacher Student Associations assist in fund raising, scholarships, and assuring that communication flows between all schools and community. Parents also serve on the School Site Council, the District Budget Committee, the English Learner Committees, the strategic Plan Team Advisory Committee, Curriculum Committees, and number of other individual school site committees. Various business partners sponsor many special events for both students and parents. The Culver City Educational Foundation supports and enhances quality educational programs for every student in the Culver City Unified School District.

II. School Climate

School Safety Plan

This section provides information about the school's comprehensive safety plan.

The School Safety Plan was presented to the Board of Education outlining the District's plan and purpose. There are essentially two components: School Climate (strategies to maintain a caring climate) and Physical Environment (attributes of a hospitable environment). The district's priority has: a) updated the individual school plans; b) developed the curriculum requirements in Tolerance education, Safe and drug free education, and tobacco use prevention; c) updated the physical environment; and d) developed a strategic plan. Each site has an emergency plan with a clear set of procedures.

School Discipline Practices

This section provides information about the school's efforts to create and maintain a positive learning environment, including the school's use of disciplinary strategies.

It is the practice of the school to provide positive programs that will develop and maintain challenging learning experiences and environments to form the character of each student by attracting and supporting the best educational teams for the community. Such programs include: Science Olympiad, Japanese and Spanish Immersion Program, Naval Science, Special Education, ELD (English Language Development), GATE, Mock Trial, Student Intercultural Committee Robotics, Before and After School Tutoring, Peer Mediation, Site Improvement Council, House of Representatives, Associated Student Body, Leadership Team, Caught Making a Difference Program, after school Math Academy, Academy of Visual and Performing Arts, Speech Debate Clubs, Athletics,. While all students have access to the core curriculum, individual student needs and interests are reflected in the instructional programs. Challenging learning activities are provided for students at all levels while reinforcement is provided for students requiring more support.

Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

Rate	School			District

Low-Poverty Schools in District	88.0	12.0

Substitute Teacher Availability

This section provides information about the availability of qualified substitute teachers and the impact of any difficulties in this area on the school's instructional program.

The Culver City Unified School District strives to hire the best substitutes to provide coverage for teachers when necessary. Substitutes must complete an application form, and all substitutes are interviewed by two administrators before they are hired. CCUSD makes every effort to place substitutes with the appropriate credentials in each classroom.

Teacher Evaluation Process

This section provides information about the procedures and the criteria for teacher evaluations.

To ensure and promote quality instruction in all classrooms, the teacher evaluation process was developed from all stakeholders including teachers, district staff and union representation. The evaluation process is an ongoing and systematic procedure. Tenured teachers are formally evaluated every other year. Probationary teachers are evaluated twice every year. This process includes goal setting, classroom observations, conferences, and progress toward the California Standards for the Teaching Profession (CSTP) and any other appropriate procedures stated on the performance appraisal form. Both certificated and classified staff members are encouraged to learn and practice new techniques and refine existing skills in order to improve and maximize student learning with state standards.

V. Support Staff

Academic Counselors and Other Support Staff

This table displays, in units of full-time equivalents (FTE), the number of academic counselors and other support staff who are assigned to the school and the average number of students per academic counselor. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

VIII. Student Performance

California Standards Tests

The California Standards Tests (CST) show how well students are doing in relation to the state content standards. The CSTs include English-language arts and mathematics in grades 2 through 11; science in grades 4, 8, 9, 10, and 11; and history-social science in grades 8, 10, and 11. Student scores are reported as performance levels. Detailed information regarding CST results for each grade and proficiency level, including the percent of students not tested, can be found at the CDE Web site at <http://star.cde.ca.gov/>.

Note: To protect student privacy, scores are not shown when the number of students tested is 10 or less.

CST Results for All Students -- Three-Year Comparison

This table displays the percent of students achieving at the Proficient or Advanced level (meeting or exceeding the state standards).

Norm-Referenced Test (NRT)

The norm-referenced test (NRT), currently the California Achievement Test, Sixth Edition (CAT/6), shows how well students are doing compared to students nationally in reading, language, spelling, and mathematics in grades 3 and 7 only. The results are reported as the percent of tested students scoring at or above the national average (the 50th percentile). Detailed information regarding NRT results for each grade level can be found at the CDE Web site at <http://star.cde.ca.gov/>. *Note: To protect student privacy, scores are not shown when the number of students tested is 10 or less.*

NRT Results for All Students -- Three Year Comparison

This table displays the percent of students scoring at or above the national average (the 50th percentile) in reading and mathematics.

California Physical Fitness Test Results

The California Physical Fitness Test is administered to students in grades 5, 7, and 9 only. This table displays by grade level the percent of students meeting fitness standards (scoring in the healthy fitness zone on all six fitness standards) for the most recent testing period. Detailed information regarding the California Physical Fitness Test, and comparisons of a school's test results to the district and state levels, can be found at the CDE Web site at <http://www.cde.ca.gov/ta/tg/pf/>. *Note: To protect student privacy, scores are not shown when the number of students tested is 10 or less.*

IX. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the CDE Web site at <http://www.cde.ca.gov/ta/ac/ap/>.

API Ranks -- Three-Year Comparison

This table displays the school's statewide and similar schools API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest 10 percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest 10 percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing 10 schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2003-04	2004-05	2005-06
Statewide	6	5	6
Similar Schools	8	4	7

API Changes by Student Group -- Three Year Comparison

This table displays, by student group, the actual API changes in points added or lost for the past three years, and the most recent API score. Note: "N/A" means that the student group is not numerically significant.

Adequate Yearly Progress

The federal NCLB act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the CDE Web site at <http://www.cde.ca.gov/ta/ac/ay/>.

AYP Overall and by Criteria

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

AYP Criteria	School	District
Overall	Yes	Yes
Participation Rate - English-Language Arts	Yes	Yes
Participation Rate - Mathematics	Yes	Yes
Percent Proficient - English-Language Arts	Yes	Yes
Percent Proficient - Mathematics	Yes	Yes
API	Yes	Yes
Graduation Rate	N/A	Yes

Federal Intervention Program

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the CDE Web site at <http://www.cde.ca.gov/ta/ac/ay/>.

Indicator	School	District
Program Improvement Status	Not in PI	Not in PI
First Year of Program Improvement Implementation	N/A	N/A
Year in Program Improvement	N/A	N/A
Number of Schools Currently in Program Improvement	---	1
Percent of Schools Currently in Program Improvement	---	11.1

X. Instructional Planning and Scheduling

School Instruction and Leadership

This section provides information about the structure of the school's instructional program and the experience of the school's leadership team.

The School has adopted a Mission Statement and Belief Statement with goals and objectives that address the need for a comprehensive, well-articulated curriculum and instructional program, including a comprehensive staff-development program for all instructional staff. In doing so, the School is also committed to providing leadership and support for staff to meet these goals and objectives. School leadership strongly encourages collaborative participation in school wide grade level and cross grade level meetings among teachers.

Professional Development

This section provides information about the program for training the school's teachers and other professional staff.

A Professional Development Steering Committee and leadership teams study student achievement, analyze needs, and identify areas for staff development. These identified needs become the focus of professional development for the following year for an ongoing comprehensive staff development program. This program includes district wide assistance to teachers on content standards, curriculum, special needs students, differentiation, EL students, the Alcohol, Tobacco, Other Drugs and Violence program (ATODV), technology, paraprofessional training and utilized for discussion on instruction such as classroom management. Professional development days have been utilized for discussion or instruction and assessment. New teachers have attended Los Angeles County workshops and the Beginning Teacher Support and Assessment program (BTSA) offerings. Literacy and Math specialists have also provided numerous workshops on adopted materials, pacing guides and assessment techniques.

Instructional Minutes

This table displays a comparison of the number of instructional minutes offered at the school to the state requirement for each grade level.

Grade Level	Instructional Minutes	
	Offered	State Requirement
K	36,000	36,000
1	55,800	50,400
2	55,800	50,400
3	55,800	50,400
4	56,200	54,000
5	56,200	54,000
6	58,500	54,000
7	58,500	54,000
8	58,500	54,000
9	66,264	64,800
10	66,264	64,800
11	66,264	64,800
12	66,264	64,800

Minimum Days in School Year

This section provides information about the total number of days in the most recent school year that students attended school on a shortened day schedule and the reasons for the shortened day schedule.

Elementary Schools: Twelve days for Parent Conferences; All Wednesdays for Staff Development.
