External Review Form for AAM Contributions

Manuscript Title:

Corresponding Author:

Reviewer:

Relationship to Author:

(Close scientific associations such as previous postdocs, graduate students, and recent collaborators are not appropriate as reviewers.)

Overall Recommendation:

Review Questions:

(1) Is this paper in the top 10% of work in its field?

☐ Yes

☐ No

(2) Is this work of sufficient general interest to justify publication in mBio?

☐ Yes

☐ No

(3) If there is supplemental material, does it make a substantive enough contribution to the work to warrant posting to mBio?

☐ Yes

☐ No

(4) Thinking about the organism or toxin in this study, do the experiments in this manuscript result in the following? (See [NSAR Select Agent/Toxin](#) and [Section III. Scope, US Government Policy for Oversight of DURC](#).)

Enhanced virulence?

☐ Yes

☐ No

Generation of a pathogen or toxin that evades the immune response?

☐ Yes

☐ No

Resistance to a clinically useful antimicrobial?

☐ Yes

☐ No

Increased stability, transmissibility, or dissemination?

☐ Yes

☐ No

A change in host range or tropism?

☐ Yes

☐ No

Generation or reconstitution of an eradicated or extinct agent or toxin?

☐ Yes

☐ No
