A respondent may submit a bid for services as further described in Part II, Section 24 of this RFB governing “Method of Award.”

### **2. ISSUING OFFICE**

This Request for Bid is issued by the NHLC that shall serve as the Issuing Office for this RFB. The Issuing Officer responsible for managing the RFB and serving as the sole point of contact is:

John Tower, Maintenance  
NH Liquor Commission,  
P.O. Box 503  
Concord, NH, 03302-0503  
(tel: 603-271-1710)  
(e-mail: [jtower@liquor.state.nh.us](mailto:jtower@liquor.state.nh.us)).

**All inquiries regarding this RFB must be submitted electronically to the Issuing Officer.**

### **3. SCOPE**

This RFB contains instructions governing the required content of bids, terms governing this procurement process, a description of the services sought by the NHLC, requirements that a respondent must satisfy to be eligible for consideration, evaluation criteria, a description of standard contract terms and conditions, and other requirements that must be satisfied in each bid.

### **4. PROJECT DELIVERABLES:**

The NHLC proposes to enter into an agreement with an experienced landscaping company.

THIS CONTRACT CONSISTS OF FURNISHING ALL MATERIALS, EQUIPMENT, LABOR AND TRANSPORTATION NECESSARY TO PROVIDE THE SERVICES DESCRIBED HEREIN.

The scope of services shall include, but shall not be limited to:

#### **A. Grass Cutting/Trimming:**

- All turf areas shall be mowed once per week from April through October. Lawn areas are mowed at no less than 3” in height. Clippings will be left on the lawn as long as no readily visible clumps remain on the grass surface 24 hours after mowing. Otherwise, clippings will be collected and removed by the contractor. All sidewalks, fences, parking lots and other surfaced areas bordered by grass, buildings adjacent to turf, and tree and plant rings and beds will be edged

every mowing. Line trimmers will be used around trees and shrubs with extra care being given to minimize injury to the bark of plants and trees. Contractor will clean all clippings from sidewalks, parking lots and roadways immediately after mowing and/or edging.

B. Pruning:

- Shrubs will be pruned by hand as needed to ensure proper informal shape, fullness, and bloom. Electric and/or gasoline powered shears can be used in pruning. Tree pruning will be done once per year and is limited to branches below twenty (20) feet in height per customer specific requests. The contractor will remove all litter. No trees under utility lines will be pruned and no pruning will be done during or immediately following growth flushes. Branches will be pruned just outside the branch collar. Pruning paint will not be applied. Sucker growth will be removed by hand from the base of trees. No herbicides will be used for this purpose. Shrubs and vines must be trimmed as needed to permit unobstructed passage to residents or vehicles. Trimming near vehicular entry or exits shall be carried out to prevent sight restrictions.

C. Mulching:

- All mulched areas shall be replenished once a year during the spring months (April – May) with bark mulch to maintain a depth of three (3) inches. The cost will be agreed on by the client and contractor prior to such service being rendered. All curb, roadway and bed line edges will be trenched to help contain the applied mulch.

D. Weeding:

- All stores with flower beds shall be kept free of weeds.

E. Raking/Leaf Removal:

- All leaves shall be raked and removed from the premise.

All labor, tools, transportation, disposal costs, materials, equipment and permits required to landscape maintenance shall be the responsibility of the Vendor. The act of submitting a bid shall be considered full acknowledgment that the Vendor is familiar with, or had the opportunity to become familiar with, the conditions and requirements of these specifications having ascertained pertinent local conditions, such as equipment conditions, locations, accessibility and general character of the site(s) relating to this bid invitation.

F. The Vendor shall not commence work until a conference is held, at which representatives of the Vendor and the NHLC are present. The conference will be arranged by the NHLC.

G. The Vendor agrees that any damage or injury to buildings, materials, equipment or other property during the performance of this service will be repaired at their own expense.

H. The State shall require correction of defective work or damages to any part of the building or its appurtenances when caused by the Vendor's employees, equipment or supplies. The Vendor shall place in satisfactory condition all defective work and damages rendered thereby or any other damages incurred. Upon failure of the Vendor to proceed promptly with the necessary corrections, the State

may withhold any amount necessary to correct all defective work or damages from payments to the Vendor.

- I. The work staff shall consist of qualified persons completely familiar with the products and equipment they shall use. The Contracting Officer may require the Vendor to dismiss from the work such employees as they deem incompetent, careless, insubordinate, or otherwise objectionable, or whose continued employment on the work is deemed to be contrary to the public interest or inconsistent with the best interest of security.
- J. The Vendor or their personnel shall not represent themselves as employees or agents of the State. While on the State of New Hampshire's property, employees shall be subject to control of the State, but under no circumstances shall such persons be deemed to be employees of the State. All personnel shall observe all regulations or special restrictions in effect at the State Agency. The Vendor's personnel shall be allowed only in areas where work is being performed. The use of State telephones is prohibited.
- K. Landscape maintenance services shall be accomplished after 7:00 AM and before 5:00 PM unless special arrangements are made to work outside those hours. All work must be performed in such a manner as not to inconvenience building occupants. The Contractor shall determine the NHLC's normal working conditions and activities in progress and shall conduct the work in the least disruptive manner.
- L. The Vendor shall not store any equipment at the contracted site without approval from the site contact. The Vendor shall furnish the necessary equipment suitable for landscape maintenance services together with licensed drivers in sufficient numbers so as to operate equipment efficiently. Equipment shall come fitted with rubber tires.
- M. The Vendor shall do all the work and furnish all the materials, tools, equipment and safety devices necessary to perform in the manner and within the time hereinafter specified. Vendor shall complete the entire work to the satisfaction of the State and in accordance with the specifications herein mentioned, at the price herein. All the work, labor and equipment to be done and furnished under this contract(s), shall be done and furnished strictly pursuant to, and in conformity with the specifications described herein, and the directions of the State representatives as given from time to time during the progress of the work, under the terms of this contract(s) and also in accordance with contract(s) drawings.
- N. The Vendor shall take all responsibility for the work under this contract(s); for the protection of the work; and for preventing injuries to persons and damage to property and utilities on or about the work. He shall in no way be relieved of his responsibility by any right of the State to give permission or issue orders relating to any part of the work; or by any such permission given on orders issued or by failure of the State to give such permission or issue such orders. The Vendor shall bear all losses resulting to him or to the Owner on account of the amount or character of the work, or because of the nature of the area in or on which the work is done is differed from what was estimated or expected, or account of the weather, elements or other causes.

- O. If sub-contractors are to be utilized, please include information regarding the proposed sub-contractors including the name of the company, their address, contact person and three references for clients they are currently servicing. Subcontracting any portion of the contract is not permitted without prior approval from the NHLC. Subcontracting is only permitted with prior approval from the NHLC. In the event the NHLC approves the use of subcontractors in performance of this contract, the prime contractor is not relieved of its responsibility and obligation to meet all the requirements of this agreement
- P. The Contractor shall secure and pay for all permits, inspections and licenses necessary for the execution of his work.
- Q. Unsatisfactory response to any or all of the listed services or requirements will be a basis for immediate termination of the contract. The Liquor Commission reserves the right to terminate this contract at any given time with a 30 day written notice.
