

Invites you to the

6th Annual BLI Recruiting Event

Wednesday, June 20, 2012

5:30 – 6:30 p.m.

Traditions at the Glen

4101 Watson Blvd., Johnson City

How well do you think you know this community? More importantly, are you willing to help make it a better place? Perhaps this is the year you should step forward and apply for BLI.

Since 1988, Broome Leadership Institute (BLI) has offered a six month community leadership training program for business professionals. BLI fosters a network of leaders who are committed to understanding and improving the quality of life in our region.

From September through March, a diverse group of 20 people come together twice a month at various businesses and organizations to get a behind-the-scenes look at our community – learning how it works, who makes it work, what problems we face and discovering how and where we can help. Program activities include tours, lectures, panel discussions, and group activities.

In addition, with more than 500 graduates, BLI gives back by:

- Offering the Michelle Curtin Memorial Scholarship Awards.
- Hosting annual community services fairs and providing half day training programs for local non-profits.
- Organizing regular alumni events to highlight our community.
- Providing a pool of qualified board members and volunteers for local non-profits.
- Meeting our community's needs through group community service projects.

Join us on June 20th to learn about this well respected leadership program, meet a few of the BLI graduates and fill out an application. Only 20 diverse applicants are accepted. Applications for the BLI Class of 2013 are due on August 1st.
