Geachte heer,  
Geachte mevrouw,

Mevrouw Jimena Murillo Chavarro verdedigt haar doctoraat in de rechten op woensdag 11 juni a.s. om 17.00u in de Aula (Voldersstraat 9, 9000 Gent). U bent van harte welkom.

Titel van het doctoraat: "The Human Right to Water: from a Legal Comparative Perspective at the international, Regional and Domestic Level."

De promotoren van het proefschrift zijn prof. dr. Frank Maes en prof. dr. An Cliquet.

Mevrouw Jimena Murillo Chavarro licht haar doctoraat als volgt toe:

*"This thesis summarises the history of the human right to water and examines its main content and the obligations that derive from this right. The main purpose of the recognition of the human right to water is to guarantee to everyone access to sufficient, safe and affordable drinking water to satisfy personal and domestic uses. This thesis discusses whether the human right to water is recognised as a derivative right or as an independent right at three levels – at universal, regional and domestic law - where human rights are acknowledged and enforced. For national law a case study approach has been used with focus on Argentina, Bolivia, Chile and Colombia*

*Additionally, the human right to water is examined in a transboundary water context, where the use and management of an international watercourse in one riparian state can directly or indirectly affect the human right to water in another riparian state. For this reason, this thesis analyses whether the core principles of international water law can be used as a tool to contribute to the realisation of the extraterritorial application of the right to water."*

U verneemt meer op de openbare verdediging.  
Deze verloopt in het Engels.

Met vriendelijke groet,
