Principal

July 2014

Dear Seniors and Parents,

In order to assist you in funding your post-high school educational career, we would like to let you know that we will electronically submit your student’s Grade Point Average (GPA) Verification Form to a secure website: the California Student Aid Commission for Cal Grant awards. Cal Grant is a financial aid program administrated by the California Student Aid Commission that provides financial aid to students who will attend a college/vocational school in California, have a minimum 2.0 GPA, and meet parent income requirements. For this process we are required to release your student’s unweighted grade point average (GPA) along with his/her name, birth date, gender, address and zip code. The unweighted GPA is a grade point average calculated on courses taken in grades 10 and 11, excluding Physical Education with no extra point awarded for Advanced Placement/Honors classes.

As a Cal Grant applicant, you must the file Free Application for Federal Student Aid (FAFSA) between January 1, 2015 and March 2, 2015. This aid is available to qualifying students and can be applied to tuition, room and board, or books and other supplies. Visit www.fafsa.gov to apply. Only students who have a Social Security Number and who are US Citizens or US Residents may apply for the FAFSA.

We will be hosting a FAFSA workshop. More information and dates will be posted on our school’s website.

If you have any questions, contact your child’s counselor at your alpha center at (818) 242-3161.

Sincerely,

GHS Counselors

.....
Tear off

If you DO NOT want your student’s GPA and the other information to be released to California Student Aid Commission, complete and return the slip below by September 3, 2014 to your student center.

Student’s Name: _____ **Student’s ID:** _____

___ I DO NOT want my child’s GPA and the other information to be released to California Student Aid Commission.

Parent Signature _____ Date: _____
