

## Lincoln-Sudbury Peer Leader Program 2012-13

Dear Supervisors and Cooperating Teachers,

Thank you for giving our students this unique and important opportunity to work with you and your students. Our Peer Leader program is an elective course that allows young adults to build on their communication and leadership skills. During their internship experience, they will also check in with the Peer Leader Coordinator and go to three in school training classes during the year.

Students are to be accountable for the hours (minimum of 2 hours per week) they spend at their placement and will be evaluated by the Peer Leader Coordinator based on your feedback. Attached is the Peer Leader Internship expectation form as well as a contact form for you to fill out.

If you have any questions or concerns about your peer leader or the program, please contact me.

Thank you again for being part of this program.

Sincerely,

Susan Shields  
Peer Helper/Peer Leader Program
