#### **Additional Benefits**

The granting of additional benefits is a discretionary consideration by Remedi Medical Aid Scheme, which is only made where the Medical Advisory Committee believes that an exceptional situation exists which warrants funding. It is not a benefit that the Scheme has to offer, nor is funding guaranteed. Applications for additional benefits are not meant to replace or supplement the existing benefits of the Scheme.

### How are ex gratia decisions made?

The Remedi Medical Advisory Committee reviews the application for additional benefits, which should be completed by the member asking for funding. Only applications with complete information can be reviewed by the Committee. It is your responsibility to make sure that all the relevant information is on the application form and attached to it. This will be presented to the Committee.

### What happens if my application is declined?

Because the granting of additional benefits is discretionary, Remedi may decline any application without affecting its own rights in any way.
