

BID PRICE FORM (801 Mayburn)

Only one entry should appear on each line item, as indicated.

This is a line item bid request. The City of Dearborn reserves the right to delete individual items from the final purchase order and award by item or as a whole; whichever it deems to be in its best interest.

The costs of permit fees, work site preparation, lead safe work practices, etc. are considered project overhead. Do not make separate entries for these costs. All overhead costs should be included in your costs for related line items.

The services of the Contractor shall be completed within 120 calendar days of the contract award.

All work shall be done to code and program requirements.

You must submit your bid and three (3) copies as stated in the submission requirements.

The City of Dearborn reserves the right to award by item, group of items, or by total bid to the lowest responsive, responsible Respondent.

A tabulation of bids will be made available within 3 business days after the due date. Tabulations are posted on the MITN system. The lowest bid may not necessarily be the successful bid.
