

Save Water

Buy a Rain Barrel

SAVE

- Collect rainwater from your roof!
- 1/4 inch of rain on a 1,000 square foot roof will fill 2 rain barrels!

USE

Use the collected rain water on your gardens and house plants. Plants love this naturally soft water!

\$75

(normally priced at \$125)

SkyJuice Rainbarrel

- 60 gallon recycled food grade barrels
- Fully screened intake port keeps mosquitoes, insects, and debris out
- Removable lid for easy cleaning and storage for hoses during the winter
- Durable brass spigot connects to a garden hose or a drip irrigation system
- Proper sized over flow with tubing to direct water away from the foundation, back into the normal drain, or to join multiple barrels for additional capacity
- Recycled barrels and are functionally sound.
- Terra-cotta color can be painted other colors as desired
- For more information on the rain barrel, installation, and how to use your barrel, go to www.skyjuice.us

7 Scott Road
Hampton
926-3319

Become Part of the Solution!

You are becoming part of your local watershed by slowly releasing rainwater from the rain barrels into your gardens. Allowing rain water to soak into the soil decreases stormwater runoff and helps recharge your groundwater.
