CATEGORIES

SELECT THE CATEGORY YOU ARE ENTERING:

_____ Category 1 - **Auctioneer in Action:** Pictures of the auctioneer doing what they do best, working that crowd and getting those bids up there.

_____ Category 2 - **Ringman:** Show us your bid spotters strutting their stuff, and pulling out that extra bid increment, just one more time.

_____ Category 3 - **Auction Crowd:** We want to see the great smiling faces of your auction customers, or funny faces. Whatever you think is interesting when it comes to the auction bidder and buyer.

_____ Category 4 - **Merchandise for Sale:** Show off the merchandise you sell. If you have a great or unusual piece, or if you think it is "off the charts" unusual, by all means send it to us. We would love to share it with the membership!

_____ Category 5 - **Behind the Scenes:** This includes all of those hard working cashiers, registration people, clerks, and load out crew. Basically anyone that works at your auction and helps to make you the success you are. We definitely want to see them at their finest. None of us could do what we do without them.

_____ Category 6 - **Most Unusual:** This category can include photos of anything and everyone associated with the auction industry. The only requirement is that it is not typical. Make us laugh, make us smile, make us cry, or just make us say "what went wrong here?" If the car caught fire while you were selling it, and you happened to catch it on film, then this is your category!
