Name of Person Completing Form

Relationship to Child

Date Completed

Is English the language spoken most often in your home?

Yes

No

If not, what language is spoken in your home?

Your child is being referred for an educational evaluation. Nebraska Rule 51 requires that the Multidisciplinary Team (MDT) completing the evaluation obtain pertinent data concerning the suspected handicap(s) from the parent of the child. All data gathered from the parent, shall be documented and considered by the MDT to make verification decisions. Parents may participate in the MDT process.

If you prefer, you may provide this information during an interview with school staff. If this is your choice, please talk to your child's teacher or principal.

1. Please describe any problems or difficulties your child has experienced in the following areas that might relate to your child's educational performance. If your child has had no difficulties or problems in these areas, please respond by stating none or N/A (Not Applicable).

Pregnancy and Birth -

Early Development (Birth-Age 5) -

Serious Medical Illnesses or Injury -

Study Skills (For Children in Grades 1-12) -

How does child get along with others (parents and children) -

Describe any behavior problems child may have -

Other -

2. What changes have occurred in the child or in the family in the last six months that might have an impact on your child's performance in school?

3. What other agencies or specialists are currently working with your child? (Social services, therapeutic foster care, court system, etc.)

4. What other things about your child would be helpful for us to know? (Please use the other side of this page, if more space is needed. Included in this area might be outside interests, hobbies, etc.)
