To: Northside ISD Parents/Guardians and Student's Physician

Subject: Outdoor Activity Procedure for Orange Air Quality Alert Days

Due to concerns based on information received from AACOG and the medical community regarding the ill effects that poor air quality can have on sensitive groups, NISD has enacted the following procedure for the safety of all students with asthma and/or pulmonary disease. Based on the Air Quality Alert level Orange, strenuous outdoor activities will be curtailed for students with asthma or respiratory and heart problems. Elementary students should be given alternative fun indoor activities for recess.

If you wish to waiver Northside procedure during Orange Air Quality Alert Days, your child's physician will need to complete and sign the waiver below.

Air Quality Alert
