Please read through ALL the registration instructions before registering.

All new undergraduates - freshmen, transfer and returning students are required to attend a new student orientation. Registration occurs at orientation. Unclassified and graduate students are not required to attend an orientation; but, may if they choose to. See page 23 for details.

New graduate, unclassified and current students will need to use their username and password to access the Student Self Service Center. New students will be assigned a campus username to access student systems prior to registering. Go to <http://www.uccs.edu/helpdesk/top5/password.html> to find your logon information."

Your Invitation to Register...

An "Invitation to Register" will be mailed to you before your assigned online registration appointment day/time.

Once you receive your "invitation," go to the home page www.uccs.edu, click on Students, then My UCCS Student Portal, log into the Student Self-Service Center and check the following:

- Check the address on your Invitation to Register: If it is incorrect, please update it through your Student Self-Service Center, or call the Records Office at 719-255-3361. Update and verify emergency contact information.

- Make sure you have no financial, academic, or other holds that will prevent your registration.

- Check your assigned registration time and date. You may register at or after your assigned time, but no later than census date February 1, 2012, for spring 2012.

DETERMINE COURSE SELECTIONS...

NEW Beginning Fall 2010, all courses have a 4 digit "catalog number." If a course was previously 3 digits (for example, MATH 104), a zero has been

added to make it 4 digits (MATH 1040).

If you are a new freshman or transfer student, you must attend orientation, at which time you will register (see page 23).

Use the "Registration Worksheet," on the following page to write the Course ID Number for each course you would like to select.

NOTE: Web Registration identifies a particular course section by a 5 digit "COURSE NUMBER." Each number is unique and is found in the class schedule to the right of the section number. Be sure to have alternate selections listed in case the class is canceled or closed. Some courses require a separate Course ID number for lecture, lab, and recitation.

Concurrent registrations will only be approved for courses that are required for graduation and are not available at the *home campus*.

After Feb 1 and through March 30, instructor approval to drop a course will be based on the instructor's course drop policy at the date of the drop. If the instructor judges that the situation does not meet the course drop policy, the drop will not be approved.

After March 30, no drops are allowed without special permission of the dean of the college or school offering the course. GRADUATE STUDENTS: the dean of the Graduate School will approve course changes, drop/add after Census Date through the week of March 12, 2012.

TUITION & FEES

PARKING SAFETY AND TRANSPORTATION FEES

All students are automatically charged a \$70.00 Safety and Transportation fee for the spring 2012 semester. This fee is used to provide enhanced police services and shuttle services from far parking lots to the campus.

NON-RESTRICTED PARKING AREAS

Students not wishing to purchase parking permits may park at the Four Diamonds Sports Complex, 5025 N. Nevada Avenue. Bus service from Four Diamonds runs from 7:05 a.m. to 10:35 p.m. Monday through Friday for the spring 2012 semester. Shuttle service is approximately every 15 minutes. Due to increased demand on this system, students parking at Four Diamonds should arrive at the Complex at least 30 minutes before the start of class. For detailed transportation schedules, including bus service to and from Alpine Village and University Hall, please visit the Public Safety website at www.uccs.edu/~pusafety and click on Transportation.

RESTRICTED PARKING AREAS AND PARKING PERMITS

With the exception of the parking lots at the Four Diamonds area, a valid permit is required to park in most parking lots on campus. A valid permit **MUST** be displayed on your vehicle by the first day of classes, January 17, 2012. There is **NO** grace period. Tickets **WILL** be written for violations beginning the **First** day of the semester. Having a registration number for a permit does not qualify as displaying the permit. Permits sold are valid for the spring 2012 semester only and will expire May 12, 2012. Parking is on a first-come, first-served basis. **YOU ARE NOT PURCHASING A RESERVED PARKING SPACE.** Students should direct all inquiries concerning parking to Parking Services at 719-255-3528. Cars violating parking regulations are subject to ticket, immobilization, and/or tow. Parking regulations are available at www.uccs.edu/~pusafety. Only students enrolled at UCCS for the spring 2012 semester are eligible to purchase permits at the student price. Please read the following information regarding parking options.

On-line Registration for parking permits is required for the spring

semester and begins December 13, 2011. The website for registration is www.uccs.edu/~pusafety. You **MUST** be registered for classes in order to apply on-line. Students selected to receive a permit will be given a unique registration number from the website. Bring this number, an official photo I.D. card, and full payment to Parking Services Office. Payment is required at the time a permit is issued and cannot be billed to the student's account. WHEN DO I NEED TO APPLY?

Apply by March 1st. The UCCS FAFSA priority date is March 1st, and most scholarships have a March 1st deadline. Keep in mind that you must be admitted to UCCS to be considered for financial aid, so apply for admission as soon as possible. Although March 1st is our priority date, please be aware that a student may fill out the FAFSA at any point throughout the school year.

TYPES OF FINANCIAL AID GRANTS

Grants are financial aid awards that, unlike loans, do not have to be repaid. Grants may be used for tuition, fees, books, room and board, and other miscellaneous educational expenses. Students who complete the FAFSA are automatically considered for grants. Grants are awarded based on financial need as determined by the FAFSA. The Financial Aid Office will evaluate eligibility and notify students of their awards with an Award Letter.

SCHOLARSHIPS

Scholarships are need or merit-based financial aid awarded to students to assist them with their educational cost. Scholarships are a form of gift aid and do not have to be repaid. All scholarships available to students are listed on the web at www.uccs.edu/finaid. The deadline for most of the institutional scholarships is March 1st. Postmarks will not be honored. UNIVERSITY POLICIES

AFFIRMATIVE ACTION

The University of Colorado Colorado Springs follows a policy of equal opportunity in education and employment. In pursuance of this policy, no campus department, unit, discipline, or employee shall discriminate against an individual or group on the basis of race, color, religion, sex, age, national origin, sexual orientation, individual handicap, or veteran status. Under Colorado state law, sexual orientation includes a person's orientation toward heterosexuality, homosexuality, bisexuality, or transgender status. This policy applies to all areas of the University affecting present and prospective students or employees.

The institution's educational programs, activities, and services offered to students and/or employees are non-discriminatory and consistent with State Affirmative Action guidelines, as well as with Federal laws and orders.

For information about these provisions on equity, discrimination, or fairness, as well as internal and external complaint procedures, contact the Director of Student Enrichment Services, Room 318, Main Hall or call 719-255-3359.

UCCS AFFIRMATIVE ACTION/EQUAL OPPORTUNITY POLICY STATEMENT

The University of Colorado Colorado Springs is committed to create and maintain a work and study environment for faculty, staff, and students that does not discriminate on the basis of race, color, religion, sex, age, political affiliation, national origin, individual handicap, sexual orientation, or veteran status. All employees, faculty and students must be allowed to work, study and teach in an environment that is free of unwanted sexual overtures which undermine the integrity of employment, teaching, and faculty-student relationships. The University of Colorado Colorado Springs is as a matter of principle and legally committed to the cause and spirit of affirmative action and equal opportunity. As Chancellor, I wish to emphasize my professional and personal commitment in assuring that the implementation of affirmative action programs thus yield positive, tangible results at CU Colorado Springs.

Effective implementation requires the involvement, participation, and support of all segments of the University. Positive, good faith efforts will be

required of everyone, but particularly of those individuals who are responsible for recruiting, hiring, evaluating, and promoting others. Performance in this area will be an important element in the evaluation of all campus administrators and supervisors. The Director of Student Enrichment Services is available to assist all employees, faculty, and students in this important area.

Chancellor, Pamela Shockley-Zalabak

COLORADO RIOTING ACT

No person who is convicted of a riot offense shall be enrolled in a state-supported institution of higher education for a period of twelve months following the date of conviction.

A student who is enrolled in a state-supported institution of higher education and who is convicted of a riot offense shall be immediately suspended from the institution upon the institution's notification of such conviction for a period of twelve months following the date of conviction; except that if a student has been suspended prior to the date of conviction by the state-supported institution of higher education for the same riot activity, the twelve month suspension shall run from the start of the suspension imposed by the institution. Nothing in this section shall be construed to prohibit a state-supported institution of higher education from implementing its own policies and procedures or disciplinary actions, in addition to the suspension regarding students involved in riots stipulated above. (Colorado Revised Statutes, 23-5-124).

DRUGS AND ALCOHOL

In compliance with the Drug Free Schools and Communities Act, the University of Colorado Colorado Springs prohibits the unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance, or of illicit drugs and alcohol, on university property or as part of any university activity. This prohibition applies to all students and to all employees. Any employee (including student employees) whose act in violation of the above policy also results in a conviction under a criminal drug statute must report the conviction in writing to the employee's departmental supervisor within five days. The University, in turn, may be obliged by law to report certain convictions to the federal government.

The University, through regulated law, established governance committees, procedures, and state laws and policies, will impose sanctions for violation of this policy,

which may include but is not limited to mandatory participation in a rehabilitation program, or disciplinary action such as reprimand, suspension, salary reduction, demotion, or termination of employment for employees, and for students a warning, probation, suspension, ineligibility for financial assistance, expulsion from university housing, or dismissal or expulsion from the University itself.

Many of the Acts which violate this policy also violate criminal law and must be referred for prosecution. In such cases law enforcement authorities may administer a separate penalty such as a fine or imprisonment.

In addition to the imposition of legal and financial consequences associated with the abuse of drugs and alcohol, the physical and psychological effects of such abuse can have a devastating effect upon the ability to perform physical and intellectual skills required of a student or employee. It can also impair the ability to develop and maintain the interpersonal skills and the working relationships essential to an effective environment.

The University of Colorado Colorado Springs provides education, counseling, and referral for rehabilitative treatment relating to drug and alcohol abuse. Students should contact the Counseling Center for additional information.

PRIVACY ACT - FERPA

The University of Colorado Colorado Springs informs students of the Family Educational Rights and Privacy Act (FERPA) of 1974. The University intends to comply fully with the Act, which was designated to protect the privacy of education records, to establish the right of students to inspect the privacy of education records, to establish the right of students to inspect and review their educational records, and to provide guidelines for the correction of inaccurate or misleading data through informal and formal hearings. Students also have the right to file complaints with the Family Educational Rights and Privacy Act Office (FERPA) concerning alleged failures by the institution to comply with the Act. Complaints can be filed with:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-4605

The complete policy can be found in the University library and the Office of the Registrar web site. Information is also published in the Catalog. A directory of records, which lists all education records maintained on students by this institution, may be found in the Office of the Chancellor.

The University of Colorado has designated the following items of student information as public or "directory" information. Such information may be disclosed by the institution for any purpose, at its discretion: name, address, telephone number, e-mail, dates of attendance, enrollment status, registration status, class level, major field of study, awards, honors, degree(s) conferred with location, past and present participation in officially recognized activities and sports, physical factors (height, weight of athletes), date of birth, ID photos.

One exception that permits disclosure without consent is disclosure to school officials with legitimate educational interests. Examples of a school official is a person employed by the university in an administrative, supervisory, academic or research, or support staff position including law enforcement unit personnel and health staff; a person or company with whom the university has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Regents; reporting to CO Dept of Education, Student Clearing house or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her duties.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the university discloses education records without consent to officials of another school in which a student seeks or intends to enroll.

Currently enrolled students may withhold disclosure of directory information under the Family Educational Rights and Privacy Act of 1974. To withhold disclosure, written notification must be received in the Office of the Registrar. Forms requesting the withholding of "directory information" are available at the Admissions and Registrar's Offices. The University of Colorado assumes that failure on the part of any student to request specifically the withholding of "directory information" indicates individual approval for disclosure. Questions concerning the Family Educational Rights and Privacy Act may be referred to the Office of the Registrar.

RESIDENCY CLASSIFICATION FOR TUITION PURPOSES

A student is classified initially as an in-state or out-of-state registrant for tuition purposes at the time an application and all supporting credentials have been received in the Office of Admissions and Records. The classification is based upon information furnished by the student and from other relevant sources. The requirements for establishing residency for tuition purposes are defined by law

of the State of Colorado (Chapter 23, Article 7, Colorado Revised Statute 1973, as amended).

Due to the complexity of the statute, detailed information should be obtained directly from the Office of Admissions and Records.

After the student's status is determined, it remains unchanged in the absence of satisfactory evidence to the contrary. Classification standards conform to state statutes and judicial decisions and are applicable to all of Colorado's state-supported colleges and universities.

The student who, due to subsequent events, becomes eligible for a change in classification, whether from out-of-state or the reverse, has the responsibility of informing the tuition classification officer, Office of Admissions and Records, after such a change occurs. If an adult student or an emancipated minor establishes domicile outside Colorado, he is to send written notification within five days to the tuition classification officer.

PETITIONING FOR CLASSIFICATION CHANGE

Any student who is 23 years of age or older, or is an emancipated minor as defined by law, is qualified to change his domicile and his or her tuition classification status. Detailed instructions as to the procedure to follow and the necessary petition forms are available from the tuition classification officer, University of Colorado Colorado Springs, Office of Admissions and Records.

Classification Notes

1. Petitions will not be acted upon until an application for admission to the University and complete supporting credentials have been received.
2. Changes in classification are made effective at the time of the student's NEXT registration.
3. A student who willfully gives wrong information to evade payment of the out-of-state tuition is subject to legal and disciplinary action.
4. Petitions must be submitted by January 17, 2012 for the spring semester.
5. **Late petitions will not be considered until the next semester.**

UNIVERSITY POLICIES

RESIDENCY-MILITARY

Special rules apply to active duty members of the U.S. and Canadian Armed Forces permanently stationed in Colorado and their dependents.

Strict deadlines of certification each term one enrolls are enforced for these individuals. Please contact the tuition classification officer in Admissions and Records for details.

SEXUAL HARASSMENT POLICY

The University of Colorado Colorado Springs is a collegial academic community whose mission requires an open learning and working environment which values and protects individual dignity. The University's educational process is based upon mutual trust, freedom of inquiry, freedom of expression, and the absence of intimidation and exploitation.

As a place of work and study, the University must be free of inappropriate and disrespectful conduct and communication of a sexual nature, of sexual harassment, and of all forms of sexual intimidation and exploitation. Sexual harassment is defined as unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitute sexual harassment when: submission to such conduct is made, either explicitly or implicitly, a term or condition of an individual's employment, living conditions and/or academic evaluation; submission to or rejection of such conduct by an individual is used as the basis for employment or academic decisions affecting such individual; or such conduct has the purpose or effect of unreasonably interfering with an individual's work or academic performance or creating an intimidating, hostile, or offensive working or educational environment.

Any person who desires information, has questions about procedures, or feels that he/she may have been sexually harassed is encouraged to seek advice and counsel from a member of the Committee on Sexual Harassment. Names of the Committee members as well as a full statement of the Sexual Harassment Policy are available from the Campus Sexual Harassment Officer and in most offices on campus and in

the Student Center. For more information contact the campus Sexual Harassment Officer, Main Hall, Room 318, 719-255-3359.

STUDENT APPEALS

The University has established procedures for students who believe that inappropriate decisions have been made that affect them. Academic issues (for example, graduation requirements or course grades) should be addressed to the office of the dean of the appropriate school/college. Appeals of administrative actions (for example, financial aid awards, or parking tickets) should be directed to the office which made the decision. Allegations of any discriminatory practices should be referred to the Office of Judicial Affairs. Advice and assistance on appeal procedures is available from the Office of Judicial Affairs.

STUDENT CONDUCT

The University of Colorado Colorado Springs has established a code of conduct Standards of Conduct to maintain the general welfare of the University community. The University strives to make the campus community a place of study, work and residence where people are treated with civility, respect and courtesy. Admission to the University carries with it the expectation that students will be responsible members of the campus community. This includes respecting the personal safety and individual rights of all in the University community, acting in accordance with accepted standards of social behavior and abiding by the regulations of the University and the laws of the city, state and nation. The Standards of Conduct clearly state the University's expectations for student behavior. Students are expected to become familiar with these standards and fully understand their responsibility as University community members.

The Standards of Conduct apply to all students at UCCS, regardless of designation, program, or residence. These regulations apply primarily to misconduct on University premises; however, off campus violations that may impact the University's mission fall under the jurisdiction of the office of the Office of Judicial Affairs and may lead to disciplinary action.

The Standards of Conduct help to promote a safe and civilized campus environment. All students enrolled at UCCS are required to abide by these standards or they will be subject to discipline. An attempt to commit an act prohibited by these standards or attempts to aid, abet or incite others to commit acts are subject to discipline to the same extent as a completed act. Similar standards of conduct apply to other members of the University community, faculty, staff and visitors. Allegations of any violations should be directed to the office of the Office of Judicial Affairs for resolution.

The Standards of Conduct document details the rights and responsibilities of students accused of misconduct as well as victims of alleged student misconduct. Questions regarding behavioral issues should be directed to the Office of Judicial Affairs in Main Hall, Fourth Floor, Room 412B, 719-255-3582. See our web page at <http://web.uccs.edu/studentconduct/> for more information.

STUDENT RIGHT-TO-KNOW

The projected completion or graduation rates of the cohorts reflects the percentage of students in the cohort who (1) have already completed or graduated from their respective programs, or (2) re-enrolled during the period of July 1 through September 30, 2010. <http://www.uccs.edu/ir/Data/Students.html>

IMMUNIZATION INFORMATION

OFFICIAL NOTICE

FOR NEW STUDENTS WHO HAVE NOT COMPLIED WITH THE REQUIREMENT

The Colorado Department of Health and Environment requires any student who is enrolled for one or more classes, born January 1, 1957, or later, be immunized against Measles, Mumps and Rubella (German Measles) (MMR), or provide documented proof of immunity. **Individuals born before January 1, 1957 are presumed immune and are exempt from the immunization requirement.** Personal, religious, and medical exemptions are also available.

In order to meet this State Health Dept requirement, four options are available to you:

1) Provide proof of immunity consisting of an official Certificate of Immunization, signed by a physician, nurse, or school health authority, which documents **two doses of rubeola measles, mumps, and rubella measles vaccine.** A completed immunization certificate must:

- A) Include month, day and year of vaccination.
- B) Indicate, when applicable, that the first dose of MMR was administered on or after the first birthday and at least one month apart.
- C) Include a **signature or stamp** of a doctor, nurse, or school health authority, official letterhead, or have as an attachment, other signed documents evidencing immunity.

Note: Documentation can be obtained from several sources: medical records, former college or high school records, military records, or personal/family (certified) shot records.

2) Blood test results, called “titers” proving immunity to **all three diseases** (rubeola measles, mumps and rubella measles) are acceptable.

Note: The lab tests MUST be shown for all three diseases in order to meet the requirements.

3) Sign a personal, religious, or medical exemption. This option is available for people who are unwilling or unable to provide proof of immunizations.

Note: By accepting this option, it is stressed that in the event of an outbreak, the Colorado Department of Health and Environment will dismiss all students with an exemption from campus for the duration of the outbreak.

4) The MMR immunizations are available for all students at the Student Health Center by appointment.

Note: For the students who are unable to acquire any proof of immunization, the immunizations are a series of two shots, thirty days apart.

This Certificate of Immunizations form should be completed or a COPY of your two CERTIFIED MMR's should be mailed or faxed to the Student Health Center prior to, or upon your arrival on campus.

A student's business program/catalog year is the one in effect at the time of a student's most recent admission to UCCS College of Business or to LAS Pre-Business. Transfer students from Colorado Community Colleges may follow the graduation requirements in effect during the academic year the student began their study at the community college if they complete the AA *Business Option* (restrictions apply, please see UCCS Student Success Center). All others are evaluated on a case by case basis. The student bears primary responsibility for the fulfillment of degree requirements.

Administrative Drops

Business faculty or the dean MAY drop students for lacking proper course prerequisites and/or class standing. Business faculty also may drop students who do not attend the first class without prior permission from the instructor. This policy allows the adding of waitlisted students who attend the first class.

Course Fees

All students taking courses in the College of Business will pay a technology fee based upon the course subject heading. For Information Systems (INFS) and Quantitative Studies (QUAN) courses, the fee will be \$15 per semester hour. For all other College of Business courses, the fee will be \$5 per semester hour. The maximum fee charged to a student for all College of Business courses taken in a semester is \$120 with the exception of PGMT and distance courses.

Graduating Students

All students graduating from either the undergraduate or MBA program must contact the appropriate College of Business advising office for a complete academic evaluation (senior/MBA graduation audit) at the designated time **DURING THE SEMESTER PRIOR TO THEIR FINAL SEMESTER.**

Incomplete Grades

Incomplete Grades (I's) are appropriate for students who have completed a substantial portion of the semester but who then become ill or encounter other documentable extenuating circumstances beyond their control that prevent them from completing their coursework.

Instructors have sole discretion to award a grade of I. The purpose of an I is to allow students to make up missing work or exams; therefore, a student must meet with his/her instructor to develop a plan for completion. Students may not attend any part of the course a second time, unless they register and pay for the course. To resolve an I, the student must complete the specified work by the specified deadline. In all cases where an I is not remedied, the I grade automatically converts to an F on the student's permanent record one calendar year after award of the I. The student is responsible to ensure that incomplete grades are remedied at least four weeks prior to his/her scheduled graduation date.

Pass/Fail Course Registration

With the exception of BUAD 3010, 3020, 3030, internships numbered 4960 and 6960, and certain experimental courses, CoB students may not use courses taken on a pass/fail basis to satisfy required business, required non-business, or business elective courses. Only open electives may be taken on a pass/fail basis and applied toward the undergraduate degree. No pass/fail courses may be taken and applied toward the Graduate degree program. Pass/Fail determination must be made within university deadlines and is irreversible.

UNDERGRADUATE

Undergraduate Standards of Performance

Students are held to basic standards of performance established for their classes with respect to attendance, active participation in course work, promptness in completion of assignments, correct English usage both in writing and in speaking, accuracy in calculations, and general quality of scholastic workmanship. In general, examinations and scholarly papers are required in all courses and for all students, including seniors.

To be in good standing, (i.e.: not on probation) a minimum scholastic cumulative grade point average (GPA) of 2.0 is required for all coursework attempted, a 2.0 GPA for all business courses attempted, and a 2.0 for all Area of Emphasis courses. These GPA requirements apply to work attempted at all University of Colorado (CU GPA) campuses. Remedial course work is not included in the overall average. Students are responsible for being aware of their academic standing at all times; late posting of grades and/or late notification by the College does not waive this responsibility.

Course Eligibility - Prerequisites, as listed for individual courses in the Course Description section of the current Academic Catalog or Schedule of Courses, are enforced for all students, including non-business students. In addition, it is expected for CoB students that all Skills Courses must be completed (with a grade of C- or better) prior to enrolling in the Junior Core and Emphasis classes. Priority for registration in business classes is given to business degree students. If you are uncertain about your eligibility for enrollment in a business course, contact the Student Success Center at 719-255-3260 or success@uccs.edu.

Intra-university Transfer - Students who wish to transfer to the College of Business from another degree program at UCCS must submit an application in the Student Success Center upon completion of at least 15 semester hours of graded work on campus with at least C- or better grades in Engl 1310 and Math 1040/1120; and students must earn a minimum cumulative GPA of at least 2.70 for admission to be able to transfer; those with a GPA between 2.50 and 2.69 will be reviewed by the Business Admissions Committee. A minimum of 30 hours of business course work must be completed after admission to the College of Business including 18 hours in the area of emphasis and BUAD 4000 & 4500. Coursework taken prior to admission to the College will not be accepted toward area of emphasis requirements, nor are pre-Business (PRBU) students in the College of Letters, Arts & Sciences (LAS) permitted to enroll in any business courses 2020 or higher (except for MKTG 3000 and MGMT 3300). Non-degree students may enroll in upper division courses only with the permission of the of the Director of Undergraduate Programs for the College of Business. * Furthermore, declaration as a PRBU major does not guarantee transfer into the College of Business or application of any business credits earned while a LAS student.

The Professional Program

The Professional Program begins in the junior year and allows students to begin focused study in their chosen discipline. CoB students declare an Area of Emphasis (concentration) for their academic degree requirement and must follow the sequence of courses listed in the Model Degree Plan for their catalog year of acceptance. It is expected for CoB students that all Skills Courses must be completed (with a grade of C- or better) prior to enrolling in the Junior Core and Emphasis classes. ALL prerequisites will be enforced for ALL College of Business Courses.

In order to graduate with a Professional Program Area of Emphasis, students must maintain the following criteria:

- 2.0 cumulative GPA
- 2.5 College of Business GPA
- 2.5 Area of Emphasis GPA

Students not meeting these requirements will not be permitted to graduate with a Professional Program Area of Emphasis, but will receive a Bachelor of Science in Business degree.

Repeating Courses

Repetition of College of Business coursework is permitted only with prior permission from the College. The repetition of coursework at other institutions will be permitted subject to receiving prior CoB approval and University transfer approval requirements. Area of emphasis, skills, junior core, and senior capstone courses must be completed with a grade of C- or higher; all repeated work grades do not replace prior grades but will be averaged into the student GPA.

Transfer Students

CoB transfer students must meet all requirements for admission to UCCS. For a detailed explanation of transfer student admission, requirements, and policies, please see the current Academic Catalog.

Independent Study

Students who wish to pursue a topic of interest in greater depth than that offered in the classroom may register for independent study courses with the approval of the program director and course instructor. Prior to registering for an independent study, the student must meet with the appropriate faculty member to design the independent study project and complete the independent study form. The form should then be returned to the program director (Undergraduate Office for undergraduate students or the MBA Office for graduate students) for final approval and course processing.

GRADUATE

Course Eligibility - Students must be officially admitted to the MBA program or to another UCCS graduate program to register for 5000 or 6000 level courses. Those students who already have a Masters or a Ph.D. degree should consult with the College of Business MBA advising office to determine their eligibility for graduate level course work.

MBA Foundation Requirements

The College of Business provides the following series of business courses as required foundation courses for graduate study in business. These courses may be waived on a course-by-course basis by prior academic course work at the discretion of the MBA advising office.

ACCT	5500	3.0	Introduction to Accounting
BUAD	5500	3.0	Fundamentals of Economics
BUAD	5600	3.0	Business, Government and Society
QUAN	5500	3.0	Fundamentals of Business Statistics

The determination of which (if any) of these foundation courses are required is made when the student meets with an MBA advisor at the time of his/her admission to the MBA program.

Repeating Courses

Any grade below C (2.0) is not a passing grade for graduate students. A student may repeat a course once for which he or she has received a grade below C. Both the original grade and the grade for the repeated course count in the computation of the grade point average which is used to satisfy graduation requirements. All work attempted will appear on permanent records.

Statement of Academic Standards

To be in good standing, MBA students must have an overall grade point average of not less than 3.0 for degree program and degree program foundation course work attempted. Any individual grade below C (2.0) is not a passing grade for graduate students. See the Academic Catalog for more detailed information.

GENERAL INFORMATION

The College of Education offers undergraduate and post baccalaureate licensure preparation and Master of Arts degrees. Within the Curriculum and Instruction Department, undergraduate and graduate pre-service teacher licensure programs in elementary and secondary education are available. Students may also earn a Master of Arts degree in Curriculum and Instruction with an emphasis in the specialty areas of reading, Linguistically Diverse Education (LDE), and science. Within the Special Education Department, undergraduate and graduate special education licensure programs are available. Students may also earn a Master of Arts degree in Special Education without licensure. The Department of Counseling and Human Services offers a Master of Arts degree in Counseling and Human Services with specialty areas in school counseling and clinical mental health counseling. The Licensed Professional Counselor (LPC) credential may be obtained by graduates from both programs. School Counseling Licensure (Colorado) may be obtained by School Counseling graduates. The department also offers an Advanced Certificate (post-master's certificate) in Counseling and Human Services. The Department of Leadership, Research, and Foundations (LRF) offers a Master's Degree in Leadership and Education, Foundations and Research, and Student Affairs in Higher Education (SAHE). The LRF department also offers a Principal Licensure Program and Administrator Preparation Program.

PREPARATION PROGRAMS FOR TEACHERS

The University of Colorado Colorado Springs offers three pre-service programs. The Teacher Education and Licensure Program (TELP) leads to teacher licensure for elementary (K-6) and secondary (7-12) education at both the undergraduate and post-baccalaureate levels. The UCSS Teach Program offers licensure for undergraduate and post-baccalaureate secondary (7-12) teacher candidates in the content areas of mathematics and science candidates. The Alternative Licensure Program (ALP) leads to teacher licensure for secondary (7-12 teaching only). Secondary programs are limited to the fields of English, mathematics, science, social studies, and Spanish. Application deadlines are in October and February. The Special Education program leads to recommendations for teacher licensure or endorsements as a generalist for ages 5-21. Students in the Special Education Program acquire either a baccalaureate degree in Letters, Arts, and Sciences or a Master of Arts degree as part of their teacher preparation program.

THE ALTERNATIVE LICENSURE PROGRAM (ALP)

The Alternative Licensure Program (ALP) seeks self-motivated, committed, resourceful individuals who can readily assume teaching roles in a classroom. Paraprofessional, career change individuals, and retired military all may have potential for participating in this rigorous, fast-paced program. The courses are graduate level and ALP may result in a master's degree upon completion of an additional 6 semester hours. Applications are due by February 1, of each year. Please call at 719-255-4526 for information.

EDUCATIONAL TECHNOLOGY REQUIREMENTS

All students admitted in College of Education programs after January 1, 1983, must demonstrate proficiency in educational technology use, applications, and issues prior to graduation.

GRADUATE STUDIES

The College of Education offers Master of Arts degrees in Special Education, Counseling and Human Services, Curriculum and Instruction, and Leadership in Education. The Curriculum and Instruction degree includes these specialty areas: Linguistically Diverse Education (LDE), Educational Technology, Leadership, Mathematics, Reading, Science Education, and Alternative Licensure Program. The Counseling and Human Services degree includes specialty areas in school counseling and clinical mental health counseling. Both programs are accredited by the Council for Accreditation of Counseling & Related Educational Programs (CACREP). Both programs consist of 60 credit hours and may be completed in two or three years. The Department of Counseling and Human Services also offers an Advanced Certificate (post-master's certificate) in Counseling and Human Services. This certificate program consists of 24 credits. The PhD program in

Leadership, Research, and Policy is designed to meet the personal and professional needs of educational leaders in school districts, higher education, and non-governmental organizations through rigorous coursework and collaborative faculty-student research labs. The 3-year program for working professionals prepares graduates to engage in scholarly inquiry and culturally responsive practice, synthesize diverse research perspectives in facilitating educational excellence, lead others in continuous improvement through implementation and evaluation, and communicate successfully through oral and written professional discourse.

PRINCIPAL AND ADMINISTRATOR LICENSURE PROGRAM

This licensure program fulfills requirements of the State of Colorado's Licensure Law. Students who enroll in the Principal Licensure Program are required to have a master's degree. Students completing a Master's Degree in Educational Leadership will have completed some course requirements for licensure. Students who enroll in the Administrator Licensure Program are required to have a master's degree and a Principal Licensure or equivalent.

GRADUATE PROGRAM ADMISSIONS PROCEDURES

Prospective students interested in a graduate degree program should obtain program descriptions and a graduate application packet from the office of the College of Education. After reading the printed material, an appointment should be scheduled with an advisor by calling 719-255-4526 or 719-255-4996.

Counseling and Human Services applicants are admitted once a year with an application deadline of February 28. Counseling and Human Services applicants are required to complete a series of admissions activities. Consult with the program assistant from the Department of Counseling and Human Services to obtain more information about the activities and other admissions requirements. Application forms should be submitted to the College of Education, University of Colorado Colorado Springs, 1420 Austin Bluffs Parkway, Colorado Springs, Colorado 80918-3733.

Applicants to the School Counseling, Special Education, Teacher Education and Alternative Licensure Programs require successful completion of specific PRAXIS II or PLACE (Programs for Licensing Assessments for Colorado Educators) tests. Contact Teacher Education at 719-255-4526 for appropriate PRAXIS or PLACE test for TELP and ALP. Applicants for graduate studies who do not already have a master's degree, except and Sp. Ed. must take either the Graduate Record Examination (GRE) or Miller Analogies Test (MAT) as a part of the requirements for admission. Educational leadership students must take the (GRE). The results should be sent directly to the College of Education, University of Colorado Colorado Springs, 1420 Austin Bluffs Parkway, Colorado Springs, CO 80918-3733. No application will be considered complete until the test scores are received.

GRADUATE WORK DONE AS AN UNCLASSIFIED STUDENT

If you are in education and would like to update your competencies or complete a specified amount of graduate study for license renewal, advancement in salary, or a change of assignment but are not interested in earning a graduate degree, you should apply to the Office of Admissions for admission as an unclassified student. Upon admission you may enroll, and after the end of the term (please allow four weeks for transcript processing) receive an official record of work completed. You may confer with the College of Education faculty about courses in which to enroll. If you decide to apply for graduate student status, you should be aware that only nine hours taken as an unclassified student may apply toward a degree.

GRADUATION PROCEDURES

Please visit the College of Education the semester prior to the intended semester of graduation to pick up necessary paperwork. Application for graduation must be completed no later than January 30th for spring graduation, June 1st for summer graduation and September 1st for fall graduation. Depending on your degree program, paperwork may include the comprehensive exam registration form, the "application for diploma" card, and the "Application for Admission to Candidacy for an Advanced Degree."

- Pre-Veterinary Medicine

For information see the "pre-professional curricula" section of the Catalog. Students are reminded that only the pre-professional portion of these programs may be completed on this campus and that they must apply for acceptance to the final stage of the program at the professional school offering the degree.

STATEMENT OF ACADEMIC STANDARDS-UNDERGRADUATE

Students are held to basic standards of performance established for their classes with respect to attendance, active participation in course work, promptness in completion of assignments, correct English usage both in writing and in speaking, accuracy in calculation, and general quality of scholastic workmanship. In general, examinations are required in all courses and for all students including seniors. To be in good standing, students must have a cumulative CU grade-point average of not less than 2.0 (C=2.0) for all course work attempted. This applies to work taken at all University of Colorado campuses.

Academic Suspension -

The normal suspension period in the College of Letters, Arts and Sciences is one academic year. However, students may request their suspension be held in abeyance for the term by making an appointment with the Associate Dean of the College or the Coordinator of Probation/Suspension in the Student Success Help Center. Otherwise, students suspended for the first time will be reinstated after the normal suspension period has been served upon reapplying for admission to the University.

Further information on academic probation and suspension can be found in the UCCS Catalog and at the Student Success Help Center, Main Hall, Second Floor.

ADMISSION AND ACADEMIC ADVISING

Admission - Students should obtain an application form from the Office of Admission and Records and submit their application in accordance with the relevant deadlines.

Academic Advising for New Students -

All entering students **must** attend an orientation prior to registering for courses. At these sessions, academic advisors will explain graduation requirements for a degree from the College of Letters, Arts and Sciences and will be available for academic advising. Call 719-255-3260 for dates and times of the orientation, or go to the web-site <http://www.uccs.edu/-orientation>.

Unclassified Students -

Students who are at least 20 years old as of Sept. 15 for Summer Term and Fall Term or Feb. 15 for Spring Term and who are unable to meet application deadlines are encouraged to apply as Unclassified Students in order to begin work on an LAS program while completing application procedures. In general, a maximum of 12 semester hours taken as an unclassified student may be applied toward a degree. Unclassified students are encouraged to come to the Student Success Help Center in Main Hall, Second Floor, or call 719-255-3260.

Unadmitted Prospective Students -

The Student Success Center staff will be happy to answer your questions about becoming a student at UCCS. Check advising hours as listed under Student Success in the Student Resources section. If you have college credit from another institution, bring a copy of your transcript(s). If you have questions call 719-255-3260.

Currently enrolled students who wish to see an academic advisor should schedule appointments PRIOR TO REGISTRATION.

LAS Juniors who wish to graduate with departmental honors should contact their major departments for requirements.

LAS Seniors who expect to graduate during the current semester must contact the Student Success Center to schedule a final graduation appointment. **Note: Prior to making this appointment it is preferred that you have completed the composition requirements and the reasoning skills requirement. All requirements must be completed by the last day of classes.**

MISCELLANEOUS INFORMATION

The Catalog -

Please refer to the Catalog for course descriptions, prerequisites, and a more complete description of admission requirements, programs, graduation requirements, etc. The Catalog is online at <http://catalog.uccs.edu>

Prerequisites -

Prerequisites are the courses which must have been completed prior to registering for another given course. If there are any doubts, see the course description in the Catalog, or ask a department representative.

Non-LAS Courses -

Students in the College of LAS may register for courses in other colleges such as Business, Education, Engineering, etc., or the School of Public Affairs; however, only 30 hours in such courses may be credited toward the Bachelor's degree.

Pass/Fail -

A maximum of 15 hours of P/F work may count toward a degree in the College of Letters, Arts and Sciences. **Only electives may be taken pass/fail.** Courses which satisfy requirements, including the major, **must be taken for letter grades.** Transfer students may take one hour pass/fail for every 8 semester hours attempted at this University. A maximum of 6 hours may be taken pass/fail during the fall and spring terms and no more than 3 hours during the summer.

No Credit -

Changes to No Credit (NC) will not be approved after the final day of the Drop/Add period without both the approval of the Instructor and the Dean of the College of LAS.

Repeating Courses -

If a course is repeated, credit for only one course will be counted toward a degree; however, if both courses were taken in the CU system, both grades will appear on the student's record and will be applied to the CU grade point average.

Incomplete Grades -

Grades of incomplete (I) will be given only when there are clearly extenuating circumstances preventing a student from completing a course before the last day of the semester. The incomplete must be completed within one calendar year or it will be regarded as an F.

Incomplete grades are NOT appropriate for students who have never attended or stopped going to class, are failing or are otherwise too busy to complete the work on time, or do not appear for the final examination.

Independent Study -

Students who wish to pursue a topic of interest in greater depth than that offered in the classroom may register for independent study courses with the approval of the appropriate department. Not more than 8 hours of independent study may be credited toward the major, and not more than 16 hours toward the Bachelor's degree. No student may register for more than 8 hours of independent study in any one term. Prior to registering for independent study, the student must meet with the appropriate instructor to design the independent study project and complete the independent study form. This form should be returned to the Student Success Center.

Correspondence Study -

The College of LAS offers opportunities for correspondence study through Colorado Consortium. A maximum of 30 hours of such work may count toward the degree. This work carries resident credit if taken from CU.

6. Global Awareness (no additional hours)	
7. Major (minimum)	= 30
8. Electives (variable)	
Total	= 120

(45 must be upper division)

Explanations of the above requirements follow.

THE AREA REQUIREMENTS

A liberal arts degree provides students with a breadth of experiences, and the Area Requirements are designed to help fulfill that goal.

Consequently, each student must complete a minimum of 12 semester hours in each of the following areas:

- The Humanities
- The Natural Sciences
- The Social Sciences

These 36 hours are referred to as the "Area Requirements."

- •• PLEASE READ - IMPORTANT INFORMATION •• -

In this section you will find three lists of courses from various departments that have been approved to satisfy the Area Requirements.

How to use these lists:

1. Select only courses from the lists to fill Area Requirements.
2. Don't use courses in your major; they apply elsewhere.
3. Don't take these courses on a pass/fail basis.
4. **Don't take more than 2 courses from one department to satisfy a combination of humanities, social science, natural science. (i.e. 2 anthropology courses for natural sciences are fine, but you couldn't use a 3rd course for social sciences.)**
5. Consult the Catalog for pre-requisites; even 1000-level courses may have them.
6. Prospective teachers have further restrictions; see an advisor before selecting courses.
7. Any cross-list for the courses listed below will also satisfy the relevant requirement.

ENGLISH RHETORIC AND WRITING - PLACEMENT REQUIREMENTS

To qualify for a bachelor's degree from the University of Colorado, Colorado Springs, a student must complete C01 and C02 core writing requirements and demonstrate writing competency by passing the junior-level writing portfolio assessment.

PLACEMENT INTO ENGLISH 99: Students who are admitted to UCCS but do not meet enrollment requisites for placement into core ENGL 1300 + ENGL 1305 Stretch or ENGL 1310, are required to complete ENGL 99. Placement criteria for ENGL 99 are: ACT of 10-13; SAT below 400. Contact LAS Extended Studies, Columbine 4007, 719-255-4071, to enroll in ENGL 99.

ESL OR ELL STUDENTS ENROLLED IN ENGL 1300 + 1305 OR ENGL 1310: The Rhetoric and Writing Program advises ESL students to enroll in ENGL 1310 sections with faculty who are qualified for ESL writing instruction for non-native speakers. Please contact the Rhetoric and Writing Program, Columbine 1041 for ESL placement and enrollment consultations and advising.

Students may meet core C01 and C02 writing requirements in the following ways:

1. **Successfully complete ENGL 1300 + ENGL 1305 Stretch (C01 ENGL 1310 equivalent) and ENGL 1410 at UCCS and then pass the junior-level portfolio assessment.**
 - a. To be admitted to ENGL 1300 Stretch, students must meet one of the following requirements:
 - 1) Score 14-18 on the English ACT.
 - 2) Score 400-440 on the verbal SAT.
 - 3) Complete ENGL 99 with a C- or an approved ENGL 99 equivalent in transfer with a C-.
 - 4) Early College or high school concurrent enrollment students must present an ENGL ACT score of 14-18. (UCCS on site ENGL ACT testing is available)
 - b. To be admitted to ENGL 1035 Stretch, students must meet the following requirement:
 - 1) Complete ENGL 130 Stretch with a C- or better.
2. **Successfully complete ENGL 1310 and ENGL 1410 at UCCS and then pass the junior-level portfolio assessment.**
 - a. To be admitted to ENGL 1310, students must meet one of the following requirements:
 - 1) Score 19-28 on the English ACT.
 - 2) Score 450 to 640 on the verbal SAT.
 - 3) Complete ENGL 99 with a C-, or approved ENGL 99 equivalent with a C-.
 - 4) Students with high school diplomas or GEDs, but without ENGL ACT or SAT scores may submit a writing sample to the Rhetoric and Writing Program, Columbine 1041, for placement.
 - 5) Early college or high school concurrent students without high school diplomas or GEDs must present an ENGL ACT score of 19-28 (UCCS on site ACT testing is available) or a SAT score of 450-640.
 - b. To be admitted to ENGL 1410, students must meet one of the following requirements:
 - 1) Complete ENGL 1300 + 1035 Stretch with a C- or better, or ENGL 1310 at UCCS.
 - 2) Score 29+ on the English ACT.
 - 3) Score 650+ on the ENGL SAT.
 - 4) Score 4 on the CEEB Advanced Placement English Language and Composition Exam.
 - 5) Score 5 on the IB English Examination.
 - 6) Successfully complete a first semester writing course (an approved equivalent to ENGL 1310) at an accredited college or university with a C- or better.
 - 7) Score 50 and receive a 'pass' on the essay portion of the CLEP College Composition Modular Exam with essays. Not an option for Engineering majors.

c. To demonstrate writing competency after C01 and C02 core writing, students must pass the writing portfolio competency assessment administered by the Rhetoric and Writing Program.

The "final" C02 rhetoric and writing course for each undergraduate program is listed below:

- i. For LAS, SPA, and Nursing students: ENGL 1410
- ii. For BUS students: ENGL 2080 or INOV 2100
- iii. For EAS students: ENGL 2090 or INOV 2100

Students may transfer C01 and C02 writing courses if approved as equivalents by successfully completing one or two semesters of writing at an accredited college or university with a C- or better. Transfer students must also demonstrate writing competency by passing the junior-level writing portfolio assessment after completing their final writing course at UCCS or upon transfer of their complete C01 and C02 writing requirement from an accredited college or university.

Students must demonstrate competency by passing the writing portfolio assessment as rising juniors - within 60-90-credit hour enrollment window. Students who choose not to demonstrate competency by earning a 'pass' on their writing portfolio may alternately meet the competency requirement by successfully completing a 3000-level, advanced rhetoric and writing course at UCCS with a grade of C- or better. Students who do not submit a portfolio within the 60-90 credit hour window and ultimately at the 90 credit hour limit, will alternately complete an additional writing course at the 3000-level. Transfer students with 90 credit hours in transfer are required to submit a portfolio upon transfer to UCCS, or alternately enroll in an advanced rhetoric and writing course as advised.

3. **Qualify for a waiver of writing coursework through the CEEB Advanced Placement Examination.**
 - a. Score 4 to receive credit for ENGL 1310, successfully complete ENGL 1410, and then pass the portfolio assessment.
 - b. Score 5 to receive credit for both ENGL 1310 and 1410, and then pass the portfolio assessment.
4. **Qualify for a waiver of composition coursework through the International Baccalaureate higher-level English exam.**
 - a. Score 5 to receive credit for ENGL 1310, successfully complete ENGL 1410, then pass the portfolio assessment.
 - b. Score 6 or 7 to receive credit for ENGL 1310 and 1410, and then pass the portfolio assessment.

CLEP COLLEGE COMPOSITION MODULAR EXAM WITH ESSAYS: Students who would like to earn CLEP credit for ENGL 1310 may take the College Composition Modular Exam with essays at PPCC Testing Center. For testing information, contact the University Testing Center in MH 105C, 719-255-3354. Not an option for Engineering.

JUNIOR LEVEL WRITING PORTFOLIO COMPETENCY EXAM: For information and applications, walk into the Portfolio Office in COB 1046. A \$15.00 assessment fee will be billed to all students who submit a portfolio to demonstrate writing competency.

COMPUTER-MEDIATED INSTRUCTION: All composition courses are taught in computer classrooms. Students are billed \$10.00 per course to cover technological support for the classrooms and materials for these courses. All students may take or retake the ENGL ACT exam on site in the UCCS Testing Center. To retake the ACT, contact the University Testing Center in MH 105C, 719-255-3354.

ENGLISH DEPARTMENT REQUIREMENTS AND PREREQUISITES: English 1310 (and in some cases English 1410) is required for all advanced writing courses, including those in writing and in the Professional and Technical Writing Track. All

students must have taken ENGLISH 1310 (or a qualified transfer course) in order to take any literature course offered in the English Department. Students may take English 1310 during the same semester that they take English 2000. Note that, starting with majors declared in fall 2010, English 2000 and English 2010 (formerly English 190) are prerequisites to almost all upper division English courses, and English 3000 is a prerequisite to all 4000-level literature seminars. Students are billed \$10.00 for online literature course lab fees.

Students interested in taking ENGL 1450 as a lab course should contact the Writing Center Director at 719-255-4335, or visit the Writing Center, Columbine Hall 316.

BACHELOR OF SCIENCE IN NURSING PROGRAM

The graduate is prepared to practice professional nursing while providing care for individuals, families, groups and communities. Entering students are advised to consult the University Catalog to determine program requirements.

Freshmen: Students who meet admission criteria are admitted into the Nursing program as Pre-Professional Nursing majors. Students who are admitted to the Program with a 3.0 GPA must maintain a 3.0 GPA. Once the first level course work is completed with a 3.0 GPA, they may apply for admission to the nursing program as a Nursing major. This application would include the following: GPA of 3.0 or greater, Completion of a background check, and Completion of a Pre-Admission Exam.

The Pre-Admission Exam tests the course material the student has completed during the first level coursework. The admission committee will review all applicants at that time to determine who will be accepted as a nursing major. For students who are accepted as a nursing major, they will start their second year course work and continue to progress through the curriculum. For those students who are not selected for admission, they may change their major to another field of study, apply to another school or choose to apply the following semester. Students are only allowed to apply twice and will be considered along with all of the other students applying with no preferential consideration because they are seeking admission again. Students entering as freshmen are able to complete the program in four years if a full academic load with successful completion of course work is maintained.

Transfer Students: Students who have attended a collegiate institution other than CU may apply as transfer students if they have completed 30 credit hours of transferable college level work. Applicants for the nursing program must have a cumulative GPA of 3.0 or better. Transfer students must be in good standing and eligible to return to all institutions previously attended. While transferability of credit is determined by the Admissions Office, final application to the degree program is determined by the College of Nursing and Health Sciences. Students who meet admission criteria are admitted into the Nursing program under Pre-Professional Nursing. Students who are admitted to the Program with a 3.0 GPA must maintain a 3.0 GPA. Once the first level course work is completed with a 3.0 GPA, they may apply for admission to the nursing program as a Nursing major. This application would include the following: GPA of 3.0 or greater, Completion of a background check, and Completion of a Pre-Admission Exam. The Pre-Admission Exam tests the course material the student has completed during the first level coursework. The admission committee will review all applicants at that time to determine who will be accepted as a nursing major. For students who are accepted as a nursing major, they will start their second year course work and continue to progress through the curriculum. For those students who are not selected for admission, they may change their major to another field of study, apply to another school or choose to apply the following semester. Students are only allowed to apply twice and will be considered along with all of the other students applying with no preferential consideration because they are seeking admission again.

Continuing Students: Once students have accepted an invitation for a clinical spot their status will be changed from Pre-Professional Nursing to Nursing. The nursing curriculum is a very structured program and must be adhered to in order. Second year courses must be successfully completed prior to progression of third year courses. Third year courses must be successfully completed prior to progression of fourth year courses. If an interruption of the sequencing of courses is necessary, students accept their Leave of Absence knowing that a possible delay in program completion may occur.

RN TO BACHELOR OF SCIENCE IN NURSING PROGRAM

A registered nurse with an associate degree or diploma can choose the RN to BSN curriculum option. Beth-El participates in the Colorado articulation plan which facilitates mobility from one educational program to another. Each student will have variations in the plan due to completion of course work prior to entering Beth-El or due to scheduling variation (full-time or part-time). RN students are advised to apply to the nursing program prior to completion of general education requirements. Include a copy of RN License with application and a letter from the clinical manager stating that the applicant has completed 1,000 clinical hours in the last 3 years. If the applicant is within 3 years of graduation, a letter is not necessary. This program is offered online. Pre-requisites are not necessarily offered online.

ACCELERATED BSN PROGRAM

Students who have completed a bachelor's degree in a non-nursing field may be eligible to apply for the accelerated BSN program. The cumulative GPA must be at least 2.5 or higher and the GPA for the prerequisite science course must be at least 3.0 or a passing score on the pre-admission assessment test in order to be considered for this program. Contact the Accelerated Option Coordinator (719-255-4462) or the Nursing Advisor (719-255-3473) for specific information.

BACHELOR OF SCIENCE IN HEALTH CARE SCIENCE

The Bachelor of Science in Health Care Science prepares the graduate for professional practice in health related settings. The program includes a foundation in general education as well as a broad understanding of health care delivery systems. It is possible to choose options within the program to develop advanced specialization in a specific or chosen discipline such as sport health and wellness promotion, or nutrition. An upper division bachelor degree completion option is available for students in allied health disciplines with associates degrees or certificates in Paramedicine, Radiation Technology, Dental Hygiene, Respiratory Therapy, etc.

STATEMENT OF ACADEMIC STANDARDS

Students are held to basic standards of performance established for their classes with respect to attendance, active participation in course work, promptness in completion of assignments, correct English usage both in writing and in speaking, accuracy in calculations, and general quality of scholastic workmanship. In general, examinations are required in all courses and for all students including seniors.

Undergraduate - To be in good standing, undergraduate students must have an overall grade point average of not less than 2.0 (C=2.0) for all course work attempted with no grade below a C- counting toward the degree. In addition, undergraduate nursing students must receive a 74% (C) in all required nursing and health science courses. Undergraduate health care science students must receive no less than 70% (C-) in all required health science and option courses. Two failures of any required nursing and/or health sciences core and specialty courses of two credits or greater will result in dismissal from the College. Students may petition in writing to the department chair for readmission to the College within 30 calendar days. Dismissal from the Nursing or Health Care Science program does not imply dismissal from the University of Colorado. Exceptions to this policy are only given by the Chairs of the Undergraduate Departments.

Incomplete Grades - Grades of incomplete (I) will be given only when there are clearly extenuating circumstances preventing a student from completing a course before the last day of the semester. Incomplete grades must be completed within one calendar year. Incomplete grades are not appropriate for students who have never attended or stopped going to class, are failing or are otherwise too busy to complete the work on time, or do not appear for the final exam.

MASTER OF SCIENCE IN NURSING

The graduate nursing program at Beth-El builds upon and expands on the knowledge, values, and skills of the baccalaureate prepared nurse. Beth-El College of Nursing and Health Sciences offers a program of advanced study to become a Nurse Educator, or nurse practitioner. Graduate nursing courses prepare the student for advanced nursing practice. The student gains experience with research, health care policy, nursing theory and holistic practice. Nurse Practitioner specialty areas include Adult or Family. Master of Science in Nursing Education is also available. Sub-specialty certificates are offered at the graduate nursing level in Holistic Nursing, Nursing Education, and Geriatric Nursing.

A major goal of the graduate program is to prepare the graduate nurse to be an active participant in this country's health care reform and to function as an advanced practice nurse in the evolving health care delivery system. The graduate of this program will be prepared to function in a variety of settings with collaboration skills which promote interaction with all members of the health care team.

DOCTORATE OF NURSING PRACTICE

The Doctorate of Nursing Practice (DNP) provides the course work and practice experience necessary for the highest level of clinical nursing practice. The DNP develops and builds upon the advanced practice roles of the nurse practitioner and clinical nurse specialist, expanding the leadership, policy, clinical nursing scholarship and practice expertise.

Graduate Program Advising

All graduate students must obtain their initial degree plan of study from the Director of the Graduate Nursing program. Any alterations in degree plan must be approved by the student's academic advisor or director. Alterations may change date of graduation.

NOTICE: Graduate students are responsible for the content and policies of the Graduate Department Student Handbook from the Beth-El website: <http://www.uccs.edu/bethel/msn.htm>.

GRADUATE NURSING ACADEMIC PROGRESSION First Grade less than B (less than 84%)

A minimum grade of 84% or greater is required in all graduate coursework, including required courses, electives and transfer courses. A student who receives a grade below a B (less than 84%) may repeat that course with permission of the graduate director. The grade received in the repeated course will substitute for the original grade and only the latter grade will be used in calculating the graduate program grade point averages. However, all grades received appear on the student's transcript and will be used in calculating the student's university grade point average.

Two or more grades less than a B (less than 84%)

If a student receives a second grade below a B (less than 84%), including the first which may have been repeated for a higher grade, **automatic dismissal from the graduate program will occur.**

3.0 Grade Point Average -

Students must maintain a GPA of 3.0 or higher throughout the graduate program in order to continue graduate studies and to graduate. If a student's GPA drops below a 3.0, **automatic dismissal from the graduate program will occur.**

Readmission to Graduate Program -

Students may petition in writing to the graduate program director for readmission to the college within one year (one time only). The decision to allow readmission is made by the graduate nursing committee with no guarantee of readmission. MSN students who have any incomplete grades will not be allowed to enroll in any subsequent courses until the incomplete grades are resolved.

University of Colorado Colorado Springs

Academic Advisors for the bachelor's degree in Criminal Justice are located in the Student Success Center, Main Hall, Second Floor, 719-255-3260.

Academic Advisors for graduate programs are located in Dwire Hall, Room 118 and 356

UNDERGRADUATE ADMISSION

Candidates for regular admission to the Bachelor of Arts in Criminal Justice program are expected to meet the general requirements for undergraduate admission to the University, as described in the General Information section herein. The Catalog that governs a student's graduation requirements is the one in effect at the time of a student's most recent admission into the college of the student's degree program.

BACHELOR OF ARTS IN CRIMINAL JUSTICE (BACJ)

The BACJ program utilizes an interdisciplinary approach to capture both the academic liberal arts emphasis and professional and policy knowledge required to educate criminal justice professionals.

REQUIREMENTS FOR THE BACJ DEGREE:

General Requirements

Students completing a BACJ at UCCS will complete a minimum of 120 credit hours, including the 39 credit hours of Criminal Justice courses (with a 4 credit hour Internship), 26 credit hours of auxiliary courses, 29 credit hours of general education courses and 26 hours of general electives. Students may utilize their major elective courses for a concentration in one of the following areas: 1) Law; 2) Public Policy; 3) Family violence; 4) Law Enforcement; 5) Corrections; and 6) Forensic Studies. Students must meet with the Criminal Justice academic advisor in the Student Success Center for more information.

REQUIRED COURSEWORK

- CJ 2041 Crime Theory and Causes
- CJ 3100 Criminal Justice Research Methods
- CJ 3150 Statistics for Criminal Justice
- CJ 3250 Violence in Society

MINOR IN CRIMINAL JUSTICE

A minor in Criminal Justice requires 18 hours in Criminal Justice and includes the following courses:

REQUIRED

- CJ 1001 Introduction to Criminal Justice
- CJ 2041 Crime Theory and Causes

ELECTIVES

At least one of the following:

- CJ 3250 Violence in Society
- CJ 4042 Corrections
- CJ 4043 Law Enforcement
- CJ 4044 Courts and Judicial Process
- CJ 4121 Ethics in Criminal Justice

Plus three additional elective courses in Criminal Justice. Courses outside criminal justice must be approved in advance by the BACJ director.

A minimum of 9 hours of upper-division C J courses are required for a minor in criminal justice.

Students must earn a grade of C or better in each course required for the minor.

Minor requirements may not be taken pass/fail.

No more than 9 credit hours, including 6 upper-division credit hours, of transfer work may count toward the minor in criminal justice.

COURSE LOAD

The minimum full-time course load is 12 hours. The normal maximum is 18 hours. If a student wishes to take more than 18 hours per semester, special permission must be obtained from the criminal justice director in Dwire Hall 356. These totals include all courses taken for credit at any of the university's three campuses but do not include correspondence courses, noncredit courses, or courses taken

at other institutions. To receive credit, the student must be officially registered for each course. Students who hold or expect to hold full-or part-time employment while enrolled in the school must register for course loads they can expect to complete without unusual difficulty.

GRADING POLICIES

Students should familiarize themselves with the General Information section of the UCCS Catalog, as well as with the introductory pages of each semester's official Schedule of Courses, for information about the university grading system and the current procedures for registering on a pass/fail basis, for dropping and adding classes, and for withdrawing from the university.

ACADEMIC ADVISING

Students are expected to assume responsibility for planning their academic programs in accordance with school rules, policies and major requirements. Advisors in the Student Success Center can answer questions about school policies and graduation requirements and will assist students in course selection. Students expecting to graduate within one or two semesters should schedule a senior advising appointment by calling 719-255-3260 or by going to the Student Success Center. Although the advisors provide summary sheets of major requirements, it is the faculty who are responsible for major advising. It is the student's responsibility to arrange such faculty consultation for questions involving major requirements and graduate school applications. Students should schedule appointments to discuss their questions well in advance of registration.

ACADEMIC PROBATION

Students who have attempted at least 12 hours at the University of Colorado are placed on probation if their cumulative CU Grade Point Average (GPA) falls below a 2.00. While on probation, students will be required to achieve a minimum acceptable GPA of 2.25 each term to continue their enrollment until their cumulative GPA reaches a 2.00. Once a student receives a cumulative CU GPA at or above 2.00, they will be relieved of their probationary standing. Students who are placed on probation will have their registration blocked for the subsequent semester until grades are posted and the minimum acceptable 2.25 GPA has been achieved. A more comprehensive statement on scholastic suspension is available in the Student Success Center in Main Hall.

SCHOLASTIC SUSPENSION

The normal suspension period in SPA is one academic year, excluding the summer semester. Students suspended for the first time will be reinstated after the normal suspension period has been served upon reapplying for admission to the university. Students suspended for the first time may be reinstated before the end of the normal suspension period by: a. Achieving a 2.5 grade point average on all summer extended studies work attempted at the University of Colorado since suspension. Six hours minimum must be completed, b. Raising the cumulative University of Colorado grade point average to at least 2.0 by completing summer or extended studies coursework at the University of Colorado, or c. Achieving a cumulative grade point average of at least 2.0 by attending another institution; the cumulative grade point average in this instance is the grade point average at the University of Colorado combined with coursework taken at all other institutions.

INDEPENDENT STUDY

Students who have completed a considerable portion of their undergraduate studies with distinction may register for independent study with the approval of the BACJ Director. The amount of credit to be given for an independent study project shall be arranged with the instructor. Not more than eight hours of independent study may be credited toward the major, and not more than 16 hours toward the bachelor's degree. No student may register for more than eight hours of independent study in any one term (summer, fall, or spring).

MASTER'S PROGRAMS

Students entering the School of Public Affairs (SPA) may pursue the **Master of Public Administration (MPA)** degree or the **Master of Criminal Justice (MCJ)** degree. In addition, SPA offers six graduate certificate programs, each requiring twelve semester hours of coursework. The graduate certificate programs offered through the School of Public Affairs include the Graduate Certificate in Public Management, Graduate Certificate in Nonprofit Management, Graduate Certificate in Nonprofit Fund Development, Graduate Certificate in Criminal Justice, Graduate Certificate in Homeland Defense, and the Graduate Certificate in Security Intelligence.

PROGRAM REQUIREMENTS

CORE COURSES: Students pursuing the MPA complete six core courses. Those courses are PAD 5001 Introduction to Public Administration and Public Service; PAD 5002 Organizational Management and Behavior; PAD 5003 Research and Analytic Methods; PAD 5004 Economics and Public Finance; PAD 5005 The Policy Process and Democracy; and PAD 5006 Ethics and Leadership.

Students are expected to complete PAD 5001 within their first two semesters of enrollment.

The MCJ degree consists of four core courses (CJ 5000 Law and Social Control; CJ 5100 Administration of Criminal Justice; CJ 5120 Nature and Causes of Crime; and CJ 5321 Research Methods in Criminal Justice), seven electives and successful completion of the Capstone Seminar.

The Graduate MCJ program offers a Forensic Studies option featuring the core forensic classes of CJ 5710 Forensic Evidence & Criminal Procedure, CJ 6032 Investigation of Injury & Death, and CJ 6033 Crime Scene and Crime Lab. Additional electives of the program will be developed through faculty advising.

ELECTIVES: MPA students complete five electives, and MCJ students complete seven electives, selected from a wide range of offerings including a mixture of specialized courses, workshops and other formats. Some are explicitly designed for public managers and some for nonprofit managers, but many others are appropriate to those working in either sector.

CAPSTONE REQUIREMENTS: CAPSTONE SEMINAR OR THESIS

All graduate students are required to complete the Capstone Seminar or write a thesis.

In the Capstone Seminar, students work with a client in a public or nonprofit agency to identify a problem; and then, using the knowledge and skills they have gained in the program, carry out a project and write a paper to address the problem. The principle of the course is that it provides students with an opportunity to integrate what they have learned and apply their knowledge and skills to a real-world problem.

The Capstone Seminar is taken during the last semester of the student's degree program. All core courses must be completed before taking the Capstone Seminar.

The thesis option is available in lieu of the Capstone Seminar for students who have an interest in pursuing a topic in-depth or who are planning to pursue a career in research or academia. The thesis requires six semester hours of credit that normally spans two semesters.

Thesis students typically conduct a comprehensive review of the theoretical and research literature in the subject area of their thesis and collect original data or analyze existing data in new ways. Minimum eligibility requirements apply; check the UCCS Catalog for more information.

ONLINE CLASSES AND FEES

SPA students are welcome to enroll in on-line courses. Online courses are web-based versions of the same courses offered on campus. Online courses are not self-paced; they usually follow the regular semester schedule, but there is usually no set time that students need to be online. There is a \$100 instruction fee for each on-line course. **No portion of the \$100 online instruction fee will be refunded after census date, regardless of reason or date initiated.**

Class information will be sent to your UCCS email account. For information on how to access your account, call the IT helpdesk at 719-255-3536 or access <http://www.uccs.edu/~helpdesk/>.

UNCLASSIFIED STUDENT STATUS

While your application to SPA is being assembled and pending the decision of the Admission Committee, prospective graduate students may take up to 12 semester hours of SPA coursework as an unclassified/non-degree student. Unless prior written approval is obtained from the Dean, coursework in excess of 12 semester hours as an unclassified student will not be applied toward the MPA or MCJ degree.

STANDARDS OF PERFORMANCE

To be in good standing, students must have an overall grade point average of 3.0 or better in all course work. A grade of B- or better is required in all core and advanced seminar classes. The academic performance of each student will be reviewed at the end of each semester. A student who has a grade point average less than 3.0 will, at the Dean's discretion, be placed on probation or suspension. Nondegree students who do not maintain a 3.0 grade point average may not be allowed to enroll in SPA courses. See the UCCS Catalog for more detailed information.

TRANSFER OF CREDIT

Up to nine semester hours of appropriate graduate work from an accredited college or university may be credited toward the master's degree. Courses to be transferred should have been taken within five years of the request for transfer of credit. All transfer work must be approved in writing by the Dean.

INTERNSHIP

Students without significant public or nonprofit sector professional work experience (or, for the MCJ program, criminal justice experience) must enroll for a 3 credit hour internship as part of the graduation requirement. These credits are in addition to the 36 semester hour requirement in the MPA program and are part of the 36 hours in the MCJ program. Interns will not be placed until core courses and certain elective courses are completed. Students arranging their own internships must see the Internship Coordinator before committing to the placement.

GRADUATING STUDENTS

All students graduating from the MPA or MCJ program must notify the SPA office prior to the semester in which they intend to graduate. All students must complete a diploma card and an application for admission to candidacy before the start of the semester. MCJ students must also complete a new Part I of the graduate application.

SPRING 2012 | SHORT COURSE SCHEDULE

Short Course Refund Deadlines:

Courses that meet less than the full 16 week term in the Fall and Spring or 8 week term in the Summer have special refund deadlines. The deadlines for dropping short courses (or withdrawing for the term when only enrolled in a short course) without financial penalty are determined using a prorated schedule based upon the length of the course in weeks. Refer to the chart below for determining specific deadlines.

See pages 11 and 12 for details about drops and withdrawals.

Please check your Student Self-Service Center to see your classes' deadlines. Click.
Click "Deadlines" above your schedule.

How To Use the Chart:

1. Locate the # of weeks for the length of the course on first row. (1 week = 5 Working Days)
2. Follow down to the appropriate refund to see deadline in days.
3. Count the number of week days since the first scheduled class begin date.
(First Class Meeting Date = Day 1)

Example: Short class meets from August 15 - 26, M - F, this is a 10 day, two week class. The refund deadline for drop with refund is Day 2 from date class begins. **August 16, is the deadline to drop course with 100% refund.**

Full-Time/Part-Time Definition

1. A full-time undergraduate degree student is one who is enrolled for at least 12 credit hours. Undergraduate degree students are considered part time when they are enrolled for fewer than the hours described above. Undergraduates enrolled 6 - 11 hours are considered half-time. These criteria also apply to all unclassified (non-degree) students.
2. A full-time graduate student is one who is enrolled for 5 semester hours of graduate level course work, or at least 8 semester hours in a combination of undergraduate /graduate course work acceptable for graduate credit, or any number of thesis hours. Graduate degree students need only enroll for half this amount to be considered full time during the summer terms. The definition of a full-time student may be different for graduate students seeking financial aid.
3. Unclassified (non-degree) students with a degree seeking student loan deferment must be enrolled for 12 semester hours to be considered full-time or 6 - 11 hours to be considered half-time.

FINAL EXAMINATION POLICY | SPRING 2012

It is the policy of the University of Colorado Colorado Springs to adhere to the final examination schedule as published in the Schedule of Courses each semester. While it may be appropriate not to give a final in some cases such as laboratory courses, seminars, and colloquia, final examinations should be given in all other undergraduate courses.

Exceptions to this policy should be agreed upon by the faculty member and the chair of the department no later than the beginning of the semester in which an exception is requested. The resulting decision should be announced in writing to students in the class during the first week of classes.

In addition to the principles stated above, the following guidelines should be followed by all faculty members and administrators in order to assure fairness and the best possible education experience for students:

1. The scheduled final examination period should be considered an important part of the course and used as a final examination period or additional instruction.
2. The final examination in a course should be given as scheduled and not at other times even if the faculty member and all students in a course agree to such a change.

WEB GRADES - STUDENT PORTAL

Grade reporting service is available at the end of the term,
Monday - Friday, 7:00 a.m. to 11:59 p.m.
Spring grades will be posted by May 21st.
Please call 719-255-3361 to report any problems.

1. Go to the campus home page at www.uccs.edu.
2. Click on Students> MyUCCS Student Portal.
3. Log on using your logon and password, click submit.
4. Click on the **Records** button, at bottom of the page.
5. Click on **Final Grades** button.

Note: You may view your academic transcript by selecting the Transcript button.

3. The week of classes preceding the scheduled final examination period should be used primarily for continued instruction and may include the introduction of new material. No hourly examinations are to be given during the week preceding final examinations.
4. Individual students may be granted a variance from these policies provided the instructor is satisfied that (a) the exception is based on good and sufficient reasons (such as religious observances) and (b) such an exception for an early or late examination will not prejudice the interests of other students in the course.
5. When students have three or more examinations on the same day, they will be entitled to arrange an alternative examination time for the 1st exam or exams scheduled on that day. Such arrangements must be made no later than the end of the 10th week of the semester (i.e. at the end of the drop period). Students will be expected to provide evidence that they have three or more examinations in order to qualify for exceptions.
6. This policy applies to all undergraduate students, including seniors. Graduating seniors should not be exempt from final examinations. Such exemptions are inappropriate on both procedural and academic grounds.

SPRING 2012 | FINAL EXAMINATION SCHEDULE

 - (5) Classes with abnormal meeting patterns must make special arrangements for the final.

You need this information if you are an **undergraduate student** classified for tuition purposes as a **Colorado resident**.

Please take the time to figure out how COF applies to you, and how to work with the College Opportunity Fund (COF) !

- 1. You MUST Apply** once in your lifetime to College Assist to create a COF Account. Apply online at: <http://cof.college-assist.org/>. Click on Schools then College Opportunity Fund.
- 2. Authorize the use of COF when you Register for classes.** If you authorize, all COF eligible hours will receive a COF per credit reduction on your tuition and fee bill. If you don't authorize, you'll have to pay the full tuition for all courses, without the COF voucher credit.

3. Important Changes Concerning COF and Registration. Courses added after the close of registration drop/add period (census date) are not eligible for COF funding and will not count against the COF lifetime hours. Students will be required to pay full tuition, including the COF portion, for these courses. Courses dropped or withdrawals from school occurring after census date will result in the loss of COF eligible hours. These changes are based upon Colorado Commission on Higher Education (CCHE) policy.

4. Understand How Eligible COF Hours Will be Determined.

Everyone at the undergraduate level begins this program with 145 COF lifetime hours. **Students who were enrolled in fall 2004 or spring 2005** at any COF participating institution in Colorado have a class level set by data submitted to the CCHE. This class level results in a "remaining hours balance available" as follows:

- Freshman 145 COF hours remaining
- Sophomore 115 COF hours remaining
- Junior 85 COF hours remaining
- Senior 55 COF hours remaining

COF lifetime hours, hours used, and hours available are updated each night from the College Assist data base.

CU turns in your CU hours to College Assist twice a term – once at the end of the drop/add period, and again at the end of the term.

COF lifetime hours available or used can be found on the College Assist website. You should check your balance at least twice each term – after drop/add ends; and at the end of the term. You can go either to the Student Self-Service Center's registration web page; or to the College Assist account that you created when you applied for COF.

5. Know what the tuition rate will be for the upcoming academic year, and what the COF voucher per credit hour will be. This information will generally be available in early June and will be published to the campus home page at www.uccs.edu. Both of these rates, along with the hours that you decide to take, will determine your tuition and fees.

Each time you drop and add a course before the end of the drop/add deadline, your bill will be adjusted, because COF is calculated on a per credit hour basis. So, if you begin registering for 15 COF eligible hours, drop 3, and add 2, your COF voucher will adjust each time, but will finally reflect 14 total COF eligible hours.

6. Know how decisions about courses and your degree program are impacted by COF.

- You have a lifetime limit of 145 COF eligible hours to complete an undergraduate degree. **Any hours above the 145 COF credit hour limit will be charged at the full tuition rate, without a COF voucher credit.**
- If you change majors or decide on a dual degree program later in your academic career, you could run out of COF hours.
- If you decide to take a course through Continuing Education or Extended Studies, those courses will not be covered by COF because those courses are not currently subsidized by the State of Colorado.
- COF hours are used whether or not you successfully complete a course during a term – so hours failed, or retaken, are counted against your COF lifetime balance. **Courses dropped or withdrawals which occur after census date count against your COF lifetime total hours. Courses added after the term census date are not eligible for COF. You will have to pay the full tuition, including the COF portion, but the hours will not count against COF lifetime hours.**

Have you applied for the College Opportunity Fund?

What is the College Opportunity Fund?

In fall 2005, the state of Colorado began providing direct funding to undergraduate resident students through the College Opportunity Fund or "COF." This program is also known as "vouchers" or "stipends." COF vouchers will be applied to an eligible student's university bill, provided that the student has applied for COF and then authorized the use of the voucher each term of registration.

Apply Online!

Where can I get additional information?

<http://www.cu.edu/ums/cof/faq.html>

How can I make sure that the COF process works smoothly for me?

Apply to College Assist to create your COF account. This needs to be done only once in your lifetime. New students should apply by January 1, 2012, to best help us provide better service during the registration and billing process for spring 2012.

Where can I Authorize COF?

Go to your student portal. Click the orange "Access Student Self Services" button. Under the "academics" section, click the blue link that says "COF Authorization/Review." Authorize for lifetime or by term.

The voucher will appear on your tuition and fee bill, reducing your tuition, IF you have applied for it and authorized its allocation for that term. (The tuition reduction will vary each term depending on the number of COF eligible credits registered for.)
