

STATEMENT OF LEGAL RESIDENCE INFORMATION

Basic Rule

To be classified a California resident for tuition purposes, you must be a financially independent, adult resident of California for more than one year immediately prior to the residence determination date or a minor whose parents are California residents. The residence determination date is the day instruction begins at the last of the University of California campuses to begin instruction for the term.

Establishing Residence for Tuition Purposes

You may establish a residence in California for tuition purposes if you are a financially independent adult. You are not eligible to establish residence if you are an adult alien present in the U.S. with a nonimmigrant status that precludes you from establishing a domicile in the U.S. (including, but not limited to, B, F, H2, H3, J, TN, TD), or an alien without a legal immigration status. To establish residence you must be physically present in California with the intent to make California your permanent home, and you must demonstrate by your actions that you have given up your former residence to establish a residence in California. Once you have established your residence in California, you must reside in California for more than one year (366 days) before you will be eligible to be classified a resident for tuition purposes. If you are in California solely for educational purposes, you will not be considered to have established a residence for tuition purposes, regardless of the length of your stay. Your residence cannot be derived from your spouse, or from your parents unless you are a minor.

Demonstrating Intent

Your intent to be a California resident is judged by your actions. You must show, by the actions you take after you move to California, that you are present in California because you intend to reside here indefinitely, as opposed to being in California to go to school. Acts that may indicate your intent to make California your permanent home include, but are not limited to: establishing a home in California in which your personal belongings are kept; designating California as your permanent address on all records; registering to vote and voting in California elections; registering your vehicle in California and obtaining a California driver's license; paying California income taxes on all income since the date you moved to California; remaining in California during non-instructional periods; establishing bank accounts in California; and the absence of these and any other indications of residence in other states or countries during *any period* for which you claim California residence. If you delay in establishing your residential ties with California, the one year durational stay period will be extended until you have shown a concurrence of physical presence and intent to reside indefinitely for one full year.

Financial Independence

Unless you are supported by California resident parents, you must be financially independent to be classified a resident for tuition purposes. You are, by definition, financially independent if one or more of the following applies: (1) you are at least 24 years of age by December 31 of the year you request resident classification; (2) you are a veteran of the U.S. Armed Forces; (3) you are a ward of the court or both of your parents are deceased; (4) you have legal dependents other than a spouse; (5) you are married or a registered domestic partner, or you are a graduate or professional student *and* you were not/will not be claimed as an income tax deduction by your parents or any other individual for the tax year preceding the term for which you are requesting resident classification; or (6) you are a single undergraduate student who was not claimed as an income tax deduction by your parents or any other individual for the two tax years immediately preceding the term for which you are requesting resident classification, and you have been supporting yourself during those two years and the current year. Note: Graduate students who are graduate student instructors, teaching or research assistants, or teaching associates employed at 49% time or more (or awarded the equivalent in University-administered funds) in the term for which resident classification is sought, are not required to be financially independent.

Rules Applicable to Minors

Generally, unmarried minors derive residence from their parents. If you are under age 18, your residence is the same as the residence of the parent with whom you live. Unless you are an alien who is in the U.S. on a nonimmigrant visa that precludes you from establishing a domicile in the U.S., once you become an adult (age 18), you may establish your own residence. Your residence for tuition purposes continues to be the same as that of your parents until you have been an adult resident of California for more than one year (and have fulfilled the other residency requirements). If you have a parent living, you cannot change your residence by your own act, by the appointment of a legal guardian, or by the relinquishment of your parents' right of control. If you live with neither parent, your residence is the same as the parent with whom you last lived. You can derive California residence from a parent if that parent satisfies the one-year duration and intent requirements.

Exceptions to the Rules Applicable to Minors

There are some exceptions to the rules above related to minors. If you are a minor and any of the following circumstances apply to you, you may be eligible to be classified a resident for tuition purposes: (1) you have a California resident parent and you move to California to begin residing with that parent prior to your 18th birthday, (2) your parents were California residents who have moved to another state and you remain in California and enroll in a California public post-secondary institution within one year of your parents' departure, (3) you support yourself and you live in California for more than one year immediately prior to the term, (4) you have been living with and been supported by an adult other than your parents for more than two years immediately prior to the term.

Exemptions from Nonresident Tuition

The following categories of students may be entitled to an exemption from nonresident tuition: (1) members of the U.S. military stationed in California on active duty and their spouses and dependent children; (2) unmarried dependent children under age 21 and spouses of members of the UC faculty who are members of the Academic Senate; (3) unmarried dependent children and spouses of full-time UC employees who are assigned to work outside of California; (4) children and spouses of deceased public law enforcement or fire suppression employees killed in the course of their official duties who were California residents at the time of their death; (5) dependent children of California residents; (6) graduates of a California high school operated by the Federal Bureau of Indian Affairs; (7) credentialed employees of a California public school; (8) amateur student athletes training at the US Olympic Training Center in Chula Vista; (9) students who attended high school in California for three years and graduated from a California high school (or attained the equivalent), except students who are nonimmigrant aliens; (10) surviving dependents of California residents killed in the 9/11/01 terrorist attacks; (11) recipients of the Congressional Medal of Honor and their children under age 27. For more details about these exemptions see www.reg.uci.edu/

Incorrect Classification

If you have been incorrectly classified as a resident, or incorrectly determined to be exempt from nonresident tuition, such errors will be corrected and you will be required to pay all nonresident tuition not paid. If you conceal information or furnish false information resulting in an incorrect determination, you may be subject to student disciplinary procedures. Resident students who have become nonresidents must immediately notify the campus Residence Deputy.

Inquiries and Appeals

Inquiries regarding residence requirements, determination and exemptions should be sent to the Residence Deputy, 215 Aldrich Hall, Irvine, CA 92697-4975 or the Principal Legal Analyst, 1111 Franklin Street, 8th Floor, Oakland, CA 94607. NO OTHER UNIVERSITY PERSONNEL ARE AUTHORIZED TO SUPPLY INFORMATION REGARDING RESIDENCE REQUIREMENTS AND EXEMPTIONS.

YOU ARE CAUTIONED THAT THIS IS NOT A COMPLETE EXPLANATION OF THE LAW REGARDING RESIDENCE AND THAT CHANGES MAY HAVE BEEN MADE IN THE RESIDENCE REQUIREMENTS BETWEEN THE PUBLICATION OF THIS STATEMENT AND THE RELEVANT RESIDENCE DETERMINATION DATE. Any student may, following the final decision of the Residence Deputy, appeal a nonresident classification in writing to the Principal Legal Analyst within 30 days of notification of the Residence Deputy's final decision.

Instructions For Completing The Statement Of Legal Residence

All students are required to file a Statement of Legal Residence form with the Office of the Registrar, regardless of whether classification as a California resident is requested. All new students are initially classified as nonresidents until a completed Statement of Legal Residence form is received, and classification as a California resident is thereafter approved. Those students who claim to be residents of California, but are determined to be nonresidents under University residence regulations, will be notified by mail of their nonresident classification following the final review of their Statement of Legal Residence form. Read and answer each question carefully. Remember to enclose all required photocopies and written explanations. Complete all sections of your Statement of Legal Residence form, and return it to the Registrar's Office promptly. *NOTICE: failure to provide complete and accurate information will result in a nonresident classification. Failure to submit a Statement of Legal Residence form for the term for which you have been admitted to the UCI campus will result in a block being placed on your future registration account.*

At the top of your Statement of Legal Residence, please indicate the quarter and the year for which you have been admitted to UCI. In addition, please indicate whether you have been admitted as a new or returning student, and whether you are an undergraduate or graduate student.

Step 1 Complete this section by printing the information requested in the spaces provided. **Note: Parent information refers to your natural or adoptive parents only, and does not include stepparents or guardians unless expressly noted. If you are/will be 24 years of age by December 31st, you are not required to provide information regarding your parents, but you must respond to all questions regarding yourself.**

For "person(s) with whom you live": If your parents are divorced or separated, and you spend time living with both of them, indicate the parent with whom you spend the majority of your time.

If you are a ward of the court, please provide documentation.

If a parent is deceased, enter only his/her name and the date and place of death in the space provided.

Step 2 Answer "yes" or "no" for you, your father and your mother.

For questions #2 and #3, the Resident Alien Card is sometimes referred to as a "Permanent Resident Card" or "Green Card." If you and/or your parents physically possess a valid Resident Alien Card, enter the "A" number(s) and the "date(s) awarded" in the spaces provided. **You must attach a photocopy of both sides of the Resident Alien Card(s) that you, your father and mother currently possess.** If you and/or your parents have applied for a Resident Alien Card, but have not yet received it, provide a photocopy of the Approval Notice for your immigrant petition (I-130 or I-140) and the Receipt Notice for your Application to Adjust to Permanent Resident Status (I-485) from the Immigration and Naturalization Service.

If applicable, indicate your visa type(s) in the space(s) provided for question #4. For example, A1-3, B1-2, C1-3, TROV, D, E1-2, F1-2, G1-5, H1-4, I, J1-2, K1-2, L1-2, M1-2, N8-9, NATO1-7, O1-3, P1-4, Q, R1-2, S5-6, TN (professionals), TD or V.

If you answer "yes" for you and/or your parents for question #4, and you claim to be a resident for tuition purposes, **you must submit a photocopy of the picture page of your and/or your parents' passport(s) and the front and back of the I-94 Card(s).**

Step 3 For questions #5 and #6, answer "yes" or "no." If claim to be a resident of California, and answer "yes" for question #5 for you, your father and/or mother, you must provide the date(s) that indicate when California was first established as the permanent home. If you answer "no" for question #6 due to a temporary absence from California, you must provide the date(s) of return to California.

If you answer "no" to question #6 because you have never lived in California, simply leave the dates below question #6 blank.

If you answered "yes" to question #7, and you claim to be a resident of California, attach a written explanation describing the nature of your absence(s) from California. Your explanation should include your date(s) of departure from California, date(s) of return to California, and the reason for your absence(s) (e.g., vacation, employment, education, etc.).

Step 4 For question #8, answer "yes" only if you have had the specific item for the entire preceding 12 months.

If you do not have an item at all, mark "no." If you do have an item, but have had it for less than 12 months, mark "no" and attach a photocopy of that item to your Statement of Legal Residence.

Step 5 If you claim to be a resident of California, and answered "yes" to any of the items in question #12, attach a written explanation stating whether this item is currently maintained outside of California and, if so, why it is not maintained within California.

Step 6 If you or the parent(s) upon whom you are dependent is a member of the U.S. military, currently stationed in California on active duty, answer "yes" for the appropriate question (#16 and/or #17).

Step 7 Answer questions #19-24 for the current year, last year and two years ago. For question #21, indicate the source(s) of your financial support (e.g., employment, parents, financial aid, etc.) for the current and two previous calendar years.

Student Signature required

Carefully review your answers for Steps #1-7, and read the information in the "Signature Required" box. Sign your name, indicate today's date and your location in the spaces provided. Finally, detach this information sheet and submit your Statement of Legal Residence with all required documents to:

Office of the Registrar
215 Aldrich Hall
University of California, Irvine
Irvine, CA 92697-4975

Petition for Resident Classification (for continuing students)

If you are a continuing student who is classified as a nonresident for tuition purposes, and you believe that you will be eligible for resident status for a future quarter, you must submit a Petition for Resident Classification (not this Statement of Legal Residence form) to the Office of the Registrar, 215 Aldrich Hall, no later than the published deadline date for the quarter you wish to be classified as a California resident.

Time Limitation for Providing Documentation

If additional documentation is required for residence classification or for a tuition exemption, you will be allowed to submit documentation until the last day of the term for which residence classification is requested.
