SUBMITTING YOUR SPECIAL EVENT PERMIT APPLICATION

A Special Event Permit Application is required for the use of all or any portion of a public street, sidewalk or alley by an organized assembly of more than 50 people, or if your park activity meets one (1) or more of the following conditions:

- Anticipated attendance is 200 or more people;
- Event is open to the public;
- Alcohol consumption/sales;
- Amplified sound (excluding announcements and boom boxes).

If you are planning a street closure intended for residents only, not the general public, you should complete a Neighborhood Block Party Application in lieu of a Special Event Permit Application. Please call Special Event Services at (916) 808-7888 or visit www.cityofsacramento.org/parksandrecreation/recreation/block.htm for a Neighborhood Block Party Application. If your event is on or includes the use of private property, please contact the Community Development Department at (916) 808-3535 or entertainpermits@cityofsacramento.org for permit information.

A Special Event Permit Application must be completed in full and submitted to Special Event Services at least sixty (60) days prior to your event date, and no more than one (1) year in advance of the event date. Applications are accepted on a first-come, first-served basis. A \$50 non-refundable application fee must be paid upon submission of your completed application. Additionally, a photo copy of the applicant/responsible party's ID is required. Use NA for "not applicable" to questions or sections that do not apply to your event. Incomplete applications will not be accepted and will delay processing which could affect the availability of your preferred event date or location.

Upon receiving your completed application, ID and application fee, a representative from the City of Sacramento, Special Event Services will contact you and serve as your primary point of contact during the processing of the permit. This person will review your application, determine whether the Special Event Review Board will need to review your event details and set your permit requirements and fees. Your representative will also serve as liaison between City departments and regulatory agencies and you, the event organizer.

After reviewing your completed application, your assigned representative will give you conditional approval to market and advertise your event. Acceptance of your application by Special Event Services is not a guarantee of the date or location nor automatic approval of your event. Please ensure that you have conditional approval before you market or advertise your event. You, the event organizer must complete all requirements before the Special Event Permit will be issued.

Please contact Special Event Services at (916) 808-7888 or specialeventservices@cityofsacramento.org with questions or to schedule a preliminary meeting to discuss your event plans. Fees and requirements may be quoted, but not confirmed until the application is received and reviewed.

PARK USE

The City of Sacramento offers many public parks that can be used as the venue for your event. This application can be used to reserve a park for a special event. You do not also need to submit an Application for Park Use. Please see Addendum A for special park use rules and visit www.cityofsacramento.org/parksandrecreation/ for a list of available parks and the amenities each park has to offer.

STREET CLOSURE INFORMATION

There are three (3) types of street closures: 1) hard street closures, 2) rolling street closures and 3) lane closures. If your event includes a street closure, you will need to submit a Traffic Control Plan (TCP). The City's Traffic Engineer will determine whether a professional TCP is required based on the location and type of street closure, if the event will generate additional traffic or if existing traffic will be severely interrupted. The City's Traffic Engineer must approve the TCP before the Special Event Permit can be issued. Applicant is responsible for providing and properly placing the necessary traffic control equipment such as barriers/barricades, cones, delineators, and advisory and detour signage to implement the TCP.

Street closure points must be manned at all times. In most cases, Sacramento Police Department officers will be required to facilitate the closure. The number of officers will depend on the location, type and nature of the closure. Applicant is responsible for hiring the officers and a separate contract will be issued for their service. In some cases, adult volunteers must be stationed at each closure point during the duration of the street closure (including set-up and tear down times). Use of volunteers will be determined by the Sacramento Police Department.

Event will occupy: ☐ one lane ☐ two lanes ☐ half of street ☐ full street

Closure type: ☐ Rolling street closure (street opens to normal traffic after participants pass)

☐ Hard street closure (street closed for an extended period of time and/or event equipment will be placed in street for the duration of the event; no vehicle access)

REGIONAL TRANSIT

Any proposed route along or crossing light rail tracks must not impede train movements. Trains must be allowed to proceed without interruption. Regional Transit will provide input whether or not any proposed route affecting their right of way can be accommodated. If your route impacts Regional Transit or to request a list of service times, please contact Regional Transit Light Rail at (916) 648-8400 or visit www.sacrt.com/.

Keeping bus detours to a minimum is appreciated. When detours are required, lead time for notifying Regional Transit's bus ridership is required. If your route impacts bus stops, please contact Regional Transit Buses at (916) 321-2895 or visit www.sacrt.com/.

PARKING PLAN

When planning your event it is important to consider the impact your event will have on parking in the area. In some cases, a parking management plan will be required if the venue cannot accommodate the number of anticipated attendees. If a parking management plan is required, you will be required to identify City owned or private parking lots that will be utilized, a shuttle plan, the use of carpools, public transportation, ADA accessible parking provisions and/or special parking requests.

The City of Sacramento has a number of parking facilities and discounted event parking or prepay parking may be available for your event. For information on parking facilities and special rates, please contact Off-Street Parking at (916) 808-7475.

You may reserve metered and un-metered parking spaces on a City street for your event. Or, if your street closure denies access to metered or un-metered parking spaces for an extended period of time, you will be required to reserve those parking spaces. When parking spaces are reserved, City staff will post “No Parking/Tow Away” signs 72 hours in advance of the event. There is a fee for this service. Additionally, if the spaces you reserve are metered spaces, and the meters will be in service during the time of your reservation, you will be charged a lost revenue fee per meter. Fees and an application to reserve metered and un-metered parking spaces is available online at www.cityofsacramento.org/transportation/parking/onstreetmeters_request.html.

Applications must be submitted at least 10 business days prior to the effective date.

Parking restrictions requested:

ACCESSIBILITY

As an event organizer, you are required to comply with all Federal, State, County and City ADA laws applicable to your event per the Americans with Disabilities Act. All event venues, structures and activities shall be accessible to persons with disabilities. If a portion of your event cannot be made accessible, an alternate area must be provided with the same activities that are in the inaccessible area. This area must include signage indicating that it is an ADA accessible area.

You need to consider the following access as you plan your event: first aid, information center, parking, clear paths of travel (to and from, and inside the event), restrooms (see “Restrooms” for requirements), seating, signage, drinking fountains, phones, transportation and access to vendors. If all areas are not accessible, directional signage or a map or program must be provided to attendees indicating the location of accessible restrooms, parking, drinking fountains, phones, etc.

Compliance with the Americans with Disabilities Act and any and all amendments to the act shall be the sole responsibility of the applicant. The applicant agrees to defend and hold the City harmless from any expense or liability arising from the applicant’s non-compliance. For more information about the Americans with Disabilities Act and compliance at events, please visit www.ada.gov.

SECURITY PLAN

You may be required to hire Sacramento Police Department officers, a professional security company, or a combination of both in order to obtain your permit. The number and type of security personnel required will depend on expected attendance, location of the event, presence of alcohol, history of the event, nature of the event, street closures and the amount and type of advertising used to promote your event.

If you are required to hire Sacramento Police Officers, the Sacramento Police Department, Special Events Unit will issue you a contract for their services. You will be responsible for reimbursing the Sacramento Police Department for the officers' time (see Addendum B Fee Schedule). If you have specific questions pertaining to the hiring of officers, please contact the Special Events Unit at (916) 808-0708.

If you are required to hire private security guards from a private company, per City Code 5.100.020, the company must be listed on the City's Registered Security Patrol List. Please call (916) 808-0700 for a copy of the list or information on how to add your security company to the list.

ALCOHOL MANAGEMENT PLAN

Alcohol service and consumption on public property is allowed by Special Event Permit only. If you are interested in serving or selling alcohol at your event you will need to obtain the appropriate license from the California Department of Alcoholic Beverage Control (ABC) and abide by the following rules:

- All alcohol must be sold and consumed within a fenced venue (ABC license type will dictate the size and type of fencing).
- If the alcohol area is accessible to all ages, anyone wishing to purchase or consume alcohol must present a current ID, and if that attendee is 21 years of age or older, they must be issued a non-transferrable wristband. All attendees must present their wristband to be served or consume alcohol.

In accordance with City Code 12.48.090 the following restrictions apply to amplified sound:

- No person shall use amplified sound, including sound checks, before 9am and after 10pm Sunday through Thursday and before 9am and after 11pm on Friday, Saturday and the day prior to a Federal, State or City designated holiday, unless prior authorization is received and permission is included in your Special Event Permit.

In some cases, a pre-established amplified sound range will be set for you based on the venue or history of your event. WASTE MANAGEMENT/RECYCLING

You are responsible for properly disposing of all waste and garbage throughout the term of your event, and immediately upon conclusion of the event the area must be returned to a clean condition. If you, as the event organizer, set a standard of leaving the venue better than you found it, you can have a highly beneficial impact on the Sacramento community and establish a good reputation for your event in the future.

Should you fail to perform adequate cleanup or damage occurs to City property, you will be billed at full recovery rates, plus overhead for cleanup and repair. In addition, such failure may result in denial of future approval for a Special Event Permit or the requirement of a cash deposit or bond. The City may charge a damage deposit of up to \$5,000 for events with a past history of damage or waste problems or for those events with the potential for damage or significant waste.

In an effort to make our City more sustainable, you as the event organizer are responsible for providing a sufficient number of garbage and recycling receptacles at your event. There is a list of several local organizations and haulers that provide these collection services at events, which is attached as "Waste Haulers and Recyclers". The City of Sacramento no longer directly provides commercial services but the City can provide street sweeping services, at a cost. Please call Solid Waste Services at (916) 808-4932 for pricing.

Please indicate what materials will be recycled and how you plan to recycle materials at your event.

Where multiple toilets are clustered at a single location, 5% of the toilets at each cluster must be ADA accessible.

Acceptance of the Special Event Permit Application is not a guarantee of the date or location nor automatic approval of your event. Once you have conditional approval you may proceed to market, advertise or promote your event at your own risk. However, if the permit is not granted and the event is therefore cancelled, you may not hold the City of Sacramento responsible or liable for any of the costs incurred from your marketing, advertising or promotions.

Please explain how you will market, advertise or promote this event or invite attendees to the event (include event website and social networking sites if applicable; attach additional pages as needed):

NOTIFICATION

An event can change the normal flow of residential and business activity potentially causing a negative impact to the community. As the event organizer, you are responsible for notifying those residents and businesses that will be impacted by your event. If your event involves a street closure, amplified sound (more than announcements), pyrotechnics, the sale of alcohol, or you anticipate more than 500 attendees at the event during peak time, you will be required to notify, in writing, all residents and businesses residing within a two (2) City block radius or 300 feet surrounding the event venue and/or route at least 30 days prior to the event. The preferred method of notification is the Notification of Upcoming Special Event (Addendum F). This template should be completed and distributed door to door or mailed to the impacted area.

Door to door written notification may not be practical for all event venues. Under some circumstances (for example apartments or office buildings with numerous tenants) the City will allow you to use an alternate method of notification, such as email blasts or posting the notification on a community or shared board. The alternative notification must include the following information:

1. Proposed date, time and duration of the event;
2. Use of amplified sound or pyrotechnics, if applicable;
3. Proposed street closure(s) and alternative route(s), if applicable;
4. Applicant and City contact information.

To complete the notification requirement, you must submit a Notification Certification (Addendum G)¹² listing the residents and businesses that received your notification and the method of notification that was used per resident or business.

Advisory signs are another method of notification that will be required for all events that impact a major use roadway. The applicant will be provided with a list of required advisory signs and placement specifications. You, as the event organizer are responsible for providing and placing advisory signs. Advisory signs must meet the following Manual on Uniform Traffic Control Devices (MUTCD) standards (see Addendum H for example):

- Must be orange with black lettering and include the date and length of street closure and contact information of event organizer.
- Must be posted seven (7) days prior to the event date.
- Must be professional in appearance.
- Must not exceed 16 square feet.
- Must have a minimum letter size of 2.5 inches.
- May not be attached to traffic control signs or other authorized highway signs.
- Must be located a minimum distance of 30 feet from street intersection.
- Must be removed within two (2) days following the conclusion of the event.

¹² **Additional Documentation Required:** A copy of the completed Notification Certification and either a completed Notification of Upcoming Special Event or alternate notification must be provided to Special Event Services.

Addendum A - PARK USE

The City of Sacramento offers many public parks that can be used as the site for your event. In addition to being beautiful, a City park offers a large, neighborhood-centered venue for your event. If you plan to use a City park for your event, please review the following rules that apply to park use:

Decorations - Signs, banners and party decorations may be used at your event. The use of glue, nails, tacks, screws, staples or other fasteners that may scratch or otherwise damage surfaces of picnic shelters are prohibited. Tacks, screws, nails or other fasteners are not allowed on trees. Paint and chalk marks are not allowed on sidewalks or other surfaces.

With prior approval, signs advertising your event can be placed within the park 30 days prior to the event as long as the sign does not interfere with normal park use. Signs must be removed immediately following the conclusion of your event.

Electricity - Electricity is available with amphitheater use only. Electricity is not available at parks without an amphitheater. You may bring in your own generators for power.

Jump Tents - A permit is required to have a jump tent in the park. Jump tents are defined as a four-walled jump house without any attachments. Slides, obstacle courses, sumo wrestlers, water features and bungee jumps can be allowed as part of a special event permit but will require insurance from the provider. You must supply adequate supervision so the use is in compliance with the manufacturers recommendations and reflect safe levels of operation. You are responsible for providing a generator for inflation of the amenity; the City of Sacramento does not provide electricity.

Overnight Access (Camping) - Normal park use hours are sunrise to sunset (except at lighted recreational facilities). Under special circumstances, park use outside of the normal hours can be permitted in your Special Event Permit. You may be required to provide lighting or extra security.

If staff, volunteers and/or private security guards plan to stay overnight (camp) in the park, special permission is required. Please notify your Special Event representative who will be staying in the park and whether any vehicles will remain in the park overnight. Permission to camp will be included in your Special Event Permit.

Park Safety Rangers - The mission of Park Safety Services is to provide park guests and park neighbors with a safe and trouble-free environment. A Park Safety Ranger will be in or near the park during your event. In some cases, you will be required to hire Park Safety Rangers to assist with park access, security or traffic within the park. Park Safety Rangers have the authorization to stop or modify any activity if deemed necessary. If you have questions or concerns during your event, you can contact Park Safety Services through the City Operator by dialing 311 or (916) 264-5011.

Smoking - Smoking is prohibited in City parks, however, with prior approval smoking can be permitted as part of your Special Event Permit. You will need to identify a designated area (please indicate on your site map) and the area must be prominently marked with signs.

Vehicular Access - Gasoline or other fuel-powered vehicles (except golf carts where authorized) are not allowed to enter a park without prior permission. If a vehicle needs to enter a park, a parking pass must be issued to the event organizer in advance of the event. You will be required to provide a list of the vehicles and a description of why access is requested to your Special Event representative. Only those vehicles that need to access the park (BBQ trailer, health screening van, display vehicle, food vendor that vends directly from their vehicle, etc.) will be permitted to enter the park. The pre-issued parking pass must be displayed on the dashboard at all times.

Any vehicles that will remain inside the park during the event hours will need to be parked prior to the event start time and cannot leave the park until all event attendees have left the event. Each vehicle must have a drip pan or piece of cardboard placed underneath the vehicle at all times to collect any drippings.

Vehicles in the park without a permit will be cited and could be towed at the event organizer's expense.
